"The New Guitarscape in Critical Theory, Cultural Practice and Musical Performance " 2017-07-05

in the new guitarscape kevin dawe argues for a re assessment of guitar studies in the light of more recent musical social cultural and technological developments that have taken place around the instrument the author considers that a detailed study of the guitar in both contemporary and cross cultural perspectives is now absolutely essential and that such a study must also include discussion of a wide range of theoretical issues literature musical cultures and technologies as they come to bear upon the instrument dawe presents a synthesis of previous work on the guitar but also expands the terms by which the guitar might be studied moreover in order to understand the properties and potential of the guitar as an agent of music culture and society the author draws from studies in science and technology design theory material culture cognition sensual culture gender and sexuality power and agency ethnography real and virtual and globalization dawe presents the guitar as an instrument of scientific investigation and part of the technology of globalization created and disseminated through corporate culture and cottage industry held close to the body but taken away from the body in cyberspace and involved in an enormous variety of cultural interactions and political exchanges in many different contexts around the world in an effort to understand the significance and meaning of the guitar in the lives of those who may be seen to be closest to it as well as providing a critically informed discussion of various approaches to guitar performance technologies and techniques the book includes discussion of the work of a wide range of guitarists including robert fripp kamala shankar newton faulkner lionel loueke sharon isbin steve vai bob brozman kaki king fred frith john 5 jennifer batten guthrie govan dominic frasca i wayan balawan vicki genfan and hasan cihat ter

How to Play Guitar 2023-10-30

this book includes 1 introduction 2 types of guitars 3 chord and anatomy 4 lesson for beginners 5 learning string notes 6 self composing with guitar pieces 7 tips of finger position 8 techniques of playing guitars 9 cultures of guitars

Guitar Cultures 2020-05-18

the guitar is one of the most evocative instruments in the world it features in music as diverse as heavy metal blues indie and flamenco as well as indian classical music village music making in papua new guinea and carnival in brazil this cross cultural popularity makes it a unique starting point for understanding social interaction and cultural identity guitar music can be sexy soothing melancholy or manic but it nearly always brings people together and creates a common ground even if this common ground is often the site of intense social cultural economic and political negotiation and contest this book explores how people use guitars and guitar music in various nations across the world as a musical and symbolic basis for creating identities in a world where place and space are challenged by the pace of globalization the guitar provides images sounds and styles that help define new cultural territories guitars play a crucial part in shaping the commercial music industry educational music programmes and local community atmosphere live or recorded guitar music and performance collecting and manufacture sustains a network of varied social exchanges that constitute a distinct cultural milieu representing the first sustained analysis of what the guitar means to artists and audiences world wide this book demonstrates that this seemingly simple material artefact resonates with meaning as well as music

Authenticity in Fusion Music 2024-02-26

indigenous peoples of brazil have come to faith in christ in large numbers in recent decades as christianity takes root in each culture it may incorporate expressive forms of music and art which can range from those identical to earlier cultural forms to those which are fully imported but what happens when musicians and artists of a local indigenous community fuse elements from a variety of genres and create their own music are they just imitations of external forms or are they authentic creations from elements that have now become their own sounds too christian musicians among the xerente pronounced sheh ren teh have created their own fusion genre s to express their faith communicate the gospel and edify their churches their music includes elements from their cultural tradition as well as from secular genres of the northeastern region of brazil is it then authentically xerente as we discuss in this book independent of tangible markers or its long history the authenticity of an art form can be demonstrated through a number of connections with the community and signposted by its meaning and function among the people as well as the competence and agency of the people in their artistic choices

The Great Vogue for the Guitar in Western Europe 2023-02-28

the first book devoted to the composers instrument makers and amateur players who advanced the great guitar vogue throughout western europe during the early decades of the nineteenth century contemporary critics viewed the fashion for the guitar with sheer hostility seeing in it a rejection of true musical value after all such trends advanced against the grain of mainstream musical developments of ground breaking often austro german repertoire for standard instruments yet amateur musicians throughout europe persisted many instruments were built to meet the demand a substantial volume of music was published for amateurs to play and soloist composers moved freely between european cities this book follows these lines of travel venturing as far as moscow and visiting all the great musical cities of the period from london to

vienna madrid to naples the first section of the book looks at eighteenth century precedents the instrument its makers and owners amateur and professional musicians printing and publishing pedagogy as well as aspects of repertoire the second section explores the extensive repertoire for accompanied song and chamber music a final substantive section assembles chapters on a wide array of the most significant soloist composers of the time the chapters evoke the guitar milieu in the various cities where each composer player worked and offer a discussion of some representative works this book bringing together an international tally of contributors and never before examined sources will be of interest to devotees of the guitar as well as music historians of the romantic period

Authenticity in North America 2019-11-25

this interdisciplinary book addresses the highly relevant debates about authenticity in north america providing a contemporary re examination of american culture tourism and commodification of place blending social sciences and humanities research skills it formulates an examination of the geography of authenticity in north america and brings together studies of both rurality and urbanity across the country exposing the many commonalities of these different landscapes relph stated that nostalgic places are inauthentic yet within this work several chapters explore how festivals and visitor attractions which cultivate place heritage appeal are authenticated by tourists and communities creating a shared sense of belonging in a world of hyperreal simulacra post truth and fake news this book bucks the trend by demonstrating that authenticity can be found everywhere in a mouthful of food in a few bars of a beach boys song in a statue of a troll in a diffuse magical atmosphere in the weirdness of the ungentrified streets written by a range of leading experts this book offers a contemporary view of american authenticity tourism identity and culture it will be of great interest to upper level students researchers and academics in tourism geography history cultural studies american studies and film studies

Women in Rock Memoirs 2023

women in rock memoirs vindicates the role of women in rock music the chapters examine memoirs written by women in rock from 2010 onwards to explore how the artists narrate their life experiences and difficulties they had to overcome not only as musicians but as women the book includes memoirs written by both well known and lesser known artists and artists from both inside and outside of the anglo american sphere the essays by scholars from different

research areas and countries around the world are divided into three parts according to the overall themes memory trauma and writing authenticity sexuality and sexism and aging performance and the image they explore the dynamics of memoir as a genre by discussing the similarities and differences between the women in rock and the choices they have made when writing their books as a whole they help form a better understanding of today's possibilities and future challenges for women in rock music

Playing Along 2012-02-16

playing along shows how video games and social media are bridging virtual and visceral experience transforming our understanding of musicality creativity play and participation

Guitar Makers 2014-11-10

it whispers it sings it rocks and it howls it expresses the voice of the folk the open road freedom protest and rebellion youth and love it is the acoustic guitar and over the last five decades it has become a quintessential american icon because this musical instrument is significant to so many in ways that are emotional cultural and economic guitar making has experienced a renaissance in north america both as a popular hobby and for some a way of life in guitar makers kathryn marie dudley introduces us to builders of artisanal guitars their place in the art world and the specialized knowledge they've developed drawing on in depth interviews with members of the lutherie community she finds that guitar making is a social movement with political implications guitars are not simply made they are born artisans listen to their wood respond to its liveliness and strive to endow each instrument with an unforgettable tone although professional luthiers work within a market society dudley observes that their overriding sentiment is passion and love of the craft guitar makers are not aiming for quick turnover or the low cost reproduction of commodities but the creation of singular instruments with unique qualities and face to face transactions between makers buyers and dealers are commonplace in an era when technological change has pushed skilled artisanship to the margins of the global economy and in the midst of a capitalist system that places a premium on ever faster and more efficient modes of commerce dudley shows us how artisanal guitar makers have carved out a unique world that operates on alternative more humane and ecologically sustainable terms

Guild Guitar Book 1999-11-01

book guild guitars have been around since the early 1950s and by the beginning of the 60s the company had established a solid reputation for its electric and acoustic archtops which are still widely regarded today despite this enduring popularity little was known about the history of guild the guild guitar book is the result of years of intensive research and countless photo sessions it includes a thorough history of the company and its guitars including serial numbers specifications original prices and all the information needed to date guild guitars features hundreds of photos with a beautiful 40 page color section now back in print

The Contemporary Guitar 2015-08-20

the contemporary guitar traces the extraordinary rise of the instrument in concert music over the past century though recognized worldwide as a popular music icon the all to recent time when the guitar was looked down upon as a second class citizen in the world of serious music is finally past and it can now be found in the scores of the most important composers the guitar s rightful place in chamber music orchestral music or as a solo instrument is now without question whether in the classic acoustic form or the more recent electric version while the guitar has stood in the vanguard of musical experimentation its many new techniques and notations remain a mystery for many composers and players in the contemporary guitar musician and scholar john schneider explains each class of technique and illustrates them with examples moreover because the guitar is easily refretted it has also become a leading instrument in the exploration of the relatively new musical language of microtonality in this revised and enlarged edition from the original work of three decades ago schneider adds a broad ranging entirely new chapter on the instruments notation and repertoire with insights into the interpretation of historical works through the application of accurate contemporary tunings and temperaments the guitar s unique timbre its tone color is one of the most versatile among modern instruments both acoustic and electric most players who intuitively explore the subtleties of tone color will find outlined in the contemporary guitar the specific principles of physics that determine these subtleties which once mastered permit guitarists to control more completely the expressive palette of their instrument designated the rational method of tone production by its author schneider defines in great detail the timbral characteristics of acoustic and electric instruments from theoretical physical and musical viewpoints players in search of new repertoire will find an historical survey of the literature an exhaustive list of new music and a multitude of techniques for bringing such music to life the contemporary guitar provides audio examples online for those seeking to discover new sounds and includes the notation to perform them

The Popular and the Sacred in Music 2021-11-28

music as the form of art whose name derives from ancient myths is often thought of as pure symbolic expression and associated with transcendence music is also a universal phenomenon and thus a profound marker of humanity these features make music a sphere of activity where sacred and popular qualities intersect and amalgamate in an era characterised by postsecular and postcolonial processes of religious change re enchantment and alternative spiritualities the intersections of the popular and the sacred in music have become increasingly multifarious in the book the cultural dynamics at stake are approached by stressing the extended and multiple dimensions of the sacred and the popular hence challenging conventional taken for granted and rigid conceptualisations of both popular music and sacred music at issue are the cultural politics of labelling music as either popular or sacred and the disciplinary and theoretical implications of such labelling instead of focussing on specific genres of popular music or types of religious music consideration centres on interrogating musical situations where a distinction between the popular and the sacred is misleading futile and even impossible the topic is discussed in relation to a diversity of belief systems and different repertoires of music including classical folk and jazz by considering such themes as origin myths autonomy ingenuity and stardom authenticity moral ambiguity subcultural sensibilities and political ideologies

Authenticity in and Through Teaching in Higher Education 2013

almost a quarter century after the carnegie report scholarship reconsidered the scholarship of teaching remains a contested idea celebrated by some and critiqued by others this new book is particularly relevant now however as it explores the notion of the scholarship of teaching through the lens of authenticity a complex intriguing and particularly striking and distinctively helpful notion which has caught the attention of several authors in adult and higher education however those writing about authenticity do not always make explicit what it is that they mean by this notion nor are they clear about the philosophical foundations underpinning it in developing the notion of the scholarship of teaching as an authentic practice the author draws on several complementary philosophical ideas to explore the nature of this practice why it is imperative for universities to engage in it what meaningful engagement would look like and the conditions under which it might qualify as authentic core constructs employed include practice virtue communicative action being power critical reflection and transformation the scholarship of teaching is described as a practice sustained through critical reflection and critical self reflection being a scholar of teaching is viewed as an ongoing transformative learning process a process of becoming authentic the latter ultimately aimed at both helping students to become authentic and creating a better world in which to teach learn and live although explored as a practice in its own right the scholarship of teaching is seen to be strengthened by being situated within a wider integrated notion of academic practice the book combines the author's previous research on authenticity with earlier work on the meaning of the scholarship of teaching offering a provocative fresh and timely perspective on the scholarship of teaching and professional learning in our times but also providing guidance on how to create a better world in which to learn teach and live
