Such Stuff As Dreams Are Made On 2001

many texts about anxiety are based either in the philosophical tradition or within the medical model under the guise of discussions about post traumatic stress disorder in the case of fantasy however the usual sources of discussion are in literary and cultural criticism bringing the two together offers the scope for a book with an original theme the balance between clinical ideas philosophical ideas and literary sources is aimed at keeping both potential audiences interested clinicians may find the idea of thinking dialectically helpful with their patients although this approach is implied in both freud and lacan this is the first book to put dialectics centre stage in terms of understanding the patient s discourse as far as general readers are concerned most texts on fantasy do not home in on the contribution of anxiety to the constantly changing content of fantasy this book offers a new approach to the

problem of anxiety it suggests that our fantasies both public and private offer the key to understanding our anxieties and vice versa

A Little Bit of Dreams 2015-01-20

here are nine haunting stories from the award winning author of remembering babylon in which history and geography as well as the past and the present combine and often collide illuminating the landscape and revealing the character of australia an eleven year old boy sees his father in his own elongated shadow only to realize that he will not return from the war in a parting moment a young woman hired to marry vacationing soldiers grasps the weight of the word woe when a failing farmer senselessly murders a wandering aborigine he imperils his son but discovers in the spring of sympathy that follows the power to influence others wise and moving startling and lyrical dream stuff reverberates with the unpredictability of human experience revealing people who are shaped by the mysterious rhythms of nature as well as the ghosts of their own pasts

Matières de Rêves 2002

after being diagnosed with terminal cancer a professor shares the lessons he s learned about living in the present building a legacy and taking full advantage of the time you have in this life changing classic we cannot change the cards we are dealt just how we play the hand randy pausch a lot of professors give talks titled the last lecture professors are asked to consider their demise and to ruminate on what matters most to them and while they speak audiences can t help but mull over the same question what wisdom would we impart to the world if we knew it was our last chance if we had to vanish tomorrow what would we want as our legacy when randy pausch a computer science professor at carnegie mellon was asked to give such a lecture he didn t have to imagine it as his last since he had recently been diagnosed with terminal cancer but the lecture he gave really achieving your childhood dreams wasn t about dying it was about the importance of overcoming obstacles of enabling the dreams of others of seizing every moment because time is all you have and you may find one day that you have less than you think it was a summation of everything randy had come to believe it was about living in this book randy pausch has combined the humor inspiration and intelligence that made his lecture such a phenomenon and given it an indelible form it is a book that will be shared for generations to come

The Stuff of Dreams 2001

a modern classic einstein's dreams is a fictional collage of stories dreamed by albert einstein in 1905 when he worked in a patent office in switzerland as the defiant but sensitive young genius is creating his theory of relativity a new conception of time he imagines many possible worlds in one time is circular so that people are fated to repeat triumphs and failures over and over in another there is a place where time stands still visited by lovers and parents clinging to their children in another time is a nightingale sometimes trapped by a bell jar now translated into thirty languages einstein's dreams has inspired playwrights dancers musicians and painters all over the world in poetic vignettes it explores the connections between science and art the process of creativity and ultimately the fragility of human existence

The Stuff Dreams are Made of 2015-05-07

excerpt from stuff o dreams and other plays she is a small rather frightened looking creature with wisps of brown hair which she keeps brushing out of her eyes she regards michael who is so different from the other young men in the rooming house with mingled admiration and awe about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks.com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Dreams of Shreds and Tatters 2011

science fantasy is the middle ground between science fiction and fantasy where the author provides credence for elves and werewolves and a moral compass for the ventures of technology extrapolation can be used not only to see where the future might be going but also where the past might have gone and at right angles to whatever is left and right both dark and light both serious and comic and in the middle of the road both at the same time the short story is peculiarly american in form and at its best a kind of novel told in a single

gesture the short stories of jon decles are wide ranging in style and subject matter and in this selection there is sure to be something for everyone and morean impetus to seek out in magazines and anthologies his many other deeply human and highly imaginative stories of what might be
