simons seven questions are who is your primary customer how do you prioritize the needs of shareholders employees and customers with your core values what critical performance variables are you tracking what strategic boundaries have you set how are you generating creative tension how committed are your employees to helping each other drtcp the most important relationship to get right when starting a new job is the one with your boss how do you build trust right from the beginning and how do you get the feedback you need to in ten minutes or less you can ask strategic and thought provoking questions that can help drive beneficial changes in behavior help build team cohesiveness and get things done effectively here are his seven questions to add to your coaching toolbox to make your life easier and get big results shift your mindset by asking yourself these 7 questions take some time to sit with these questions write down your answers and see if you re clinging to a fixed mindset what questions are you asking yourself what questions motivate your organization what are you trying to defend what would it be like if you let that go the combat estimate also known as the seven questions is a sequence of questions used by military commanders usually in contact with the enemy to plan their response such as a platoon attack 1 2 it provides a means for formulating a plan that meets the exigencies of battle even in very difficult circumstances to help you find the most relevant topics here are seven effective questions to ask other leaders 1 what is the main motivation of your leadership first of all it is always judicious to be the 7 questions are 1 what is the situation and how does it affect me 2 what have i been told to do and why 3 what effects do i need to achieve and what direction must i give to develop share save summary drawing on some 25 years of research harvard business school professor robert simons identifies seven questions all executives should ask in order to ensure their in his new book seven strategy questions a simple approach for better execution simons explains how managers can identify holes in their planning processes and make smart choices here s an excerpt outlining the seven questions every manager should ask 1 what do we like to do together for fun a key theory about why couples divorce or grow dissatisfied with each other is that the sense of joy passion and overall positivity they had early on whether you re putting yourself out there in new social situations or hoping to nourish existing connections here are 50 questions to get to know someone better and help strengthen your relationships 6 types of relationships and their effect on your life let s face it it can be tough to think of a conversation starter that goes beyond what d you do this weekend or it s a little cold today isn t it seven great interview questions to ask an interviewee 1 what makes you the most qualified candidate for this position 2 how would your friend and coworkers describe you as a person in three words 3 where do you see yourself in five years 4 what professional accomplishment are you most proud of 5 if anything learning about their interests and showing curiosity can be helpful in keeping the conversation exciting and intimate hoffman says a good rule of thumb ask questions that will so when people say what should i do with my life or what is my life purpose what they re actually asking is what can i do with my time that is important this is an infinitely better question to ask it s far more manageable and it doesn t have all of the ridiculous baggage that the life purpose question does what s something you really resent paying for what would a world populated by clones of you be like do you think that aliens exist what are you currently worried about where are some unusual places you ve been where do you get your news what are some red flags to watch out for in daily life personality the seven questions project introduction same seven questions different psychotherapists posted november 26 2008 let s see what happens when i present the same seven 1 would you rather be able to talk to animals or speak every language 2 what is your worst fear 3 where do you see yourself in 5 years 4 are there any conversation topics that make you feel uncomfortable 5 what s your favorite childhood memory 6 in what ways do you self sabotage 7 1 what do you like part of knowing who you are is about knowing what makes you feel good we all find pleasure in different things and it s important to experiment and find out what you like being able to say i like this forms quite a large part of our identity so take some time to figure out what makes you feel good 6 min read business model canvas
