International Human Resource Management in South Korean Multinational Enterprises 2017-02-28

the southern african development community sadc and its member states are making renewed efforts to revive agriculture in the region given that much of it is water stressed appropriate and sustainable land and water management practices are vital to achieving this objective recognising this sadc s land and water management applied research and training programme has convened two scientific symposiums held in lilongwe malawi in february 2006 the inaugural symposium brought together practitioners from 10 participating sadc countries to deliberate on land and water management for sustainable agriculture and discuss how the most recent research and development advances in land and water management might be made more relevant to policymakers as well as the region s small scale farmers the edited contributions to this first symposium appear in this volume the second symposium was held in gaborone botswana in february 2007 and brought together regional experts to discuss opportunities for improving water use and water use efficiency in agriculture in semi arid and arid areas the edited contributions to the second symposium appear in a companion volume entitled land and water management in southern africa towards better water use in agriculture in semi arid and arid areas aisa 2008 it is hoped that these two volumes will help to disseminate regional expertise on land and water management to a wider audience thus helping policy makers and others to strengthen the agricultural sector in the region and in so doing improve its food security and the wellbeing of its people

Post-Fire Management and Restoration of Southern European Forests 2011-11-02

community based natural resource management cbnrm is an approach that offers multiple related benefits securing rural livelihoods ensuring careful conservation and management of biodiversity and other resources and empowering communities to manage these resources sustainably recently however the cbnrm concept has attracted criticism for failing in its promise of delivering significant local improvements and conserving biodiversity in some contexts this book identifies the flaws in its application which often have been swept under the carpet by those involved in the initiatives the authors analyse them and propose remedies for specific circumstances based on the lessons learned from cbnrm experience in southern africa over more than a decade the result is essential reading for all researchers observers and practitioners who have focused on cbnrm in sustainable development programmes as a means to overcome poverty and conserve ecosystems in various parts of the globe it is a vital tool in improving their methods and performance in addition academics students and policy makers in natural resource management resource economics resource governance and rural development will find it a very valuable and instructive resource

Strategic Management 2006-01-01

this book presents case studies of south asian companies that have strategic business implications highlighting the complex interplay of business and social dynamics in south asia this region is a wide agglomeration of very different countries that share somewhat common cultures and issues and yet it is torn apart by religion and politics there is an abundance of local entrepreneurship but a widespread institutional void the book investigates how local companies survive and thrive in this environment and discusses those companies that have withstood the competitive pressure of mncs depicting their management and business practices in today s world where multinationals are so omnipresent that their management and business practices are considered as the de facto recipe for success there is a need to have an alternative view that challenges the ubiquitousness of multinational management practices the case studies in this book focus on the business and management practices of local organizations in south asia and thus provide that alternative viewpoint of how to achieve success in south asia exposing readers to a local perspective on doing business in south asia it is a valuable resource for students and practitioners of management

South Sierra Foothills Livestock Grazing Management 1983
