2015-08-04

excerpt from handel and his orbit the title handel and his orbit has been chosen as expressing with sufficient accuracy the scope of this book it is in no sense a life of handel nor is it concerned a few words excepted with aesthetic criticism the object is to discuss some points of biography or history more particularly where handel s work touches the work of other musicians that some portion of the subject has a general interest may be believed when we find this question among those set to the boys at eton january 1908 discuss handel s borrowings from other composers an attempt is made here to present the relevant facts in rather greater detail than has been done elsewhere by relevant facts is not meant the quotation of parallel passages this has been accomplished handsomely and with good temper by mr sedley taylor but such facts as throw light on the circumstances and such as may help towards the distinguishing between the genuine and the non genuine borrowings about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of

imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

## **Handel and His Orbit (Classic Reprint)**

## **The Commemoration of Handel**

1819

it is the inner meaning of handel s music and its power of searching the profoundest recesses of the soul that in the following pages i have endeavoured so far as i am able to elucidate its merely technical qualities have already been discussed enough and to spare books on handel written by musicians already abound but musicians as a rule take more interest in the means by which an end is attained than the end itself they tell us a great deal about the methods by which

a composer expresses himself but very little about what he actually has to express i have tried how feebly and with what little success no one knows better than myself to find the man handel in his music to trace his character his view of life his thoughts feelings and aspirations as they are set forth in his works

## ***INDEBTEDNESS OF HANDEL TO WORK***

2016-08-27

how have handel s lives in biographies and histories moulded our understanding of the musician the man and the icon

## **Revival: Handel (1906)**

2018-04-20

the soundtrack of the christmas season for many music lovers messiah is performed annually by choral societies across the world and so perhaps unsurprisingly many aspects of it have been explored by scholars over the years the work is the subject of several listeners guides and there are a number of books and articles of various lengths that describe the biographical circumstances of the work s formation and details of its many performances many including lists of singers for each performance an area that has itself spawned a whole field of research there has been no extensive study of the creative process of messiah however since 1969 this book seeks to redress this imbalance by providing a thorough investigation of the work s creative process beginning with the creative process of the libretto it examines the earliest sketches handel s use of pre existent material alterations made to the autograph score and the latest versions of movements each stage of composition is examined via primary source material with particular reference to the autograph score and conducting score each chapter is formed as a case study and contains related discussion points for use in teaching or study settings

## **George Frideric Handel; His Personality & His Times**

2015-11-17

many classical music lovers are familiar with george frideric handel s famous oratorio messiah but are not aware his preferred area of composition was italian opera seria biographical books explore his career as an opera composer and the rise of the new pious genre when italian opera was no longer popular in london but rarely do we find detailed accounts or discussions on that tempestuous period in the 1730s when this shift in popularity forced handel to leave the haymarket theatre and join with john rich at covent garden where he tried to carry on the royal academy opera company in competition with the new opera of the nobility venture founded by

the prince of wales before he was finally forced to abandon opera in favour of oratorio this book explores this rocky transition period and how it affected handel s work namely his inclusion of french elements to his operas and other novel innovations in order to regain his chagrined public there are discussions exploring the possibility handel was his own worse enemy with regards to his business decisions as impresario composer alienating the italians of london and his public which nearly cost him his career a fascinating study for handel admirers there were so many details raised and questions asked which make the reader really excited and interested in the period and what was happening there are many many details which just suddenly bring home to you my goodness opera production was different in those days there are many things that jumped out of this book at me david adams into the evening lyric fm classical music radio ireland

## **The Cambridge Companion to Handel**

1997-12-04

an international collaboration between leading scholars showcases a broad spectrum of observations on handel and his music covering many aspects of modern interdisciplinary and traditional philological musicology

## ***G. F. Handel: Messiah (SATB/Piano)***

1999-08-01

this book discusses literary and dramatic aspects of musical works for voices and instruments performed in english theatres c 1650 and 1750

## **Handel**

1988-03-08

this study of handel s english church music covers well known works such as zadok the priest but also introduces his chapel royal music the result of a close but changing relationship with britain s hanoverian royal family the story of the political background is complemented by an investigation of the circumstances of handel s performances

## **Handel's Path to Covent Garden**

2010-08

excerpt from two lectures on the genius of handel and the distinctive character of his sacred compositions enthusiastic admirer of the works of handel and i have always considered him as the greatest composer of sacred music that ever lived having formed this opinion from a study

of various compositions of his own and from a comparison of his compositions with those of other eminent musical writers it occurred to me that an interesting lecture might be given upon the subject were it only to convey to others the train of thought through which i had arrived at this conclusion i was most generously assisted in carrying out this purpose by the secretary and directors of the edinburgh philosophical institution and for the members of that large and prosperous association the about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks.com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

## **New Perspectives on Handel's Music**

2022-10-11

excerpt from two lectures on the genius of handel and the distinctive character of his sacred compositions ever since i had any power of musical discernment i have been an enthusiastic admirer of the works of handel and i have always considered him as the greatest composer of sacred music that ever lived having formed this opinion from a study of various compositions of his own and from a comparison of his compositions with those of other eminent musical writers it occurred to me that an interesting lecture might be given upon the subject were it only to convey to others the train of thought through which i had arrived at this conclusion i was most generously assisted in carrying out this purpose by the secretary and directors of the edinburgh philosophical institution and for the members of that large and prosperous association the two following lectures were delivered about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks.com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

## ***Music in the London Theatre from Purcell to Handel***

2017-06-29

this new guide to handel's most celebrated work traces the course of messiah from handel's initial musical response to the libretto through the oratorio's turbulent first years to its eventual popularity with the foundling hospital performances different chapters consider the varying reception the work received in dublin and london the uneasy relationship between the composer and his librettist charles jennens and the many changes messiah underwent through the varying

needs and capacities of handel s performers as well as tracing the history of the work s development the book addresses musical and technical issues such as messiah s place in the oratorio genre handel s treatment of structural design tonal relationships and english word setting an edited libretto elucidates the variants between the text that handel set and the texts of the early printed word books donald burrows brings many new insights to this fascinating account of one of the favourite works of the concert hall

## **Handel and the English Chapel Royal**

2005

an intimate portrait of handel s life and inner circle modeled after one of the composer s favorite forms the fugue during his lifetime the sounds of handel s music reached from court to theater echoed in cathedrals and filled crowded taverns but the man himself known to most as the composer of messiah is a bit of a mystery though he took meticulous care of his musical manuscripts and even provided for their preservation on his death very little of an intimate nature survives one document handel s will offers us a narrow window into his personal life in it he remembers not only family and close colleagues but also neighborhood friends in search of the private man behind the public figure ellen t harris has spent years tracking down the letters diaries personal accounts legal cases and other documents connected to these bequests the result is a tightly woven tapestry of london in the first half of the eighteenth century one that interlaces vibrant descriptions of handel s music with stories of loyalty cunning and betrayal with this wholly new approach harris has achieved something greater than biography layering the interconnecting stories of handel s friends like the subjects and countersubjects of a fugue harris introduces us to an ambitious shrewd generous brilliant and flawed man hiding in full view behind his public persona

## ***Two Lectures on the Genius of Handel***

2018-02-11

music moves through time it is not static in order to appreciate music wemust remember what sounds happened and anticipate what sounds might comenext this book takes you on a journey of music from past to present from the middle ages to the baroque period to the 20th century and beyond

## ***Two Lectures on the Genius of Handel***

2015-06-26

handel s oratorio messiah is a phenomenon with no parallel in music history no other work of music has been so popular for so long yet familiarity can sometimes breed contempt and also misunderstanding this book by music expert calvin stapert will greatly increase understanding

and appreciation of handel s majestic messiah whether readers are old friends of this remarkable work or have only just discovered its magnificence stapert provides fascinating historical background tracing not only messiah s unlikely inception but also its amazing reception throughout history the bulk of the book offers scene by scene musical and theological commentary on the whole work focusing on the way handel s music beautifully interprets and illuminates the biblical text for anyone seeking to appreciate handel s messiah more this informed yet accessible guide is the book to have and read handel s messiah comfort for god s people is the newest volume in the flourishing calvin institute of christian worship liturgical studies series edited by john d witvliet

## **The Life of George Frederick Handel**

2013

jonathan keates original biography of handel was hailed as a masterpiece on its publication in 1985 this fully revised and updated new edition published to commemorate the 250th anniversary of the composers death charts in detail handel s life from his youth in germany through his brilliantly successful italian sojourn to the opulence and squalor of georgian london where he made his permanent home for over two decades handel was absorbed in london s heady but precarious operatic world but even his phenomenal energy and determination could not overcome the public s growing indifference to italian opera in the 1730s and he turned finally to oratorio a genre which he made peculiarly his own and in which he created some of his finest works such as saul messiah belshazzar and jephtha over the last two decades a complete revolution in handel s status has taken place he is now seen both as a titanic figure in music whose compositions have found a permanent place in the international repertoire and as one of the world s favourite composers with snatches of his work accompanying weddings funerals and

television commercials the world over skillfully interwoven with the account of handel s life are commentaries on all his major works as well as many less familiar pieces by this most inventive expressive and captivating of composers handel was an extraordinary genius whose career abounded in reversals that would have crushed anyone with less resilience and will power and jonathan keates writes about his life and work with sympathy and scrutiny

## ***Understanding Music***

2015-12-21

## **Handel's Messiah**

2010-10-12

we think we know handel s messiah having heard it or performed it so many times but is there another way to look at this masterpiece who assembled the texts why how did handel incorporate his own spiritual understanding of the texts in this treatise we view the composition from the same baroque aesthetic perspective the composer used the doctrine of affections an approach heretofore unexplored in relationship to handel s messiah which held that every major and minor key prompted a particular very specific and involuntary emotional and spiritual response in the listener when facing a choice between following the accepted rules of musical composition or using the affect best suited to the scriptural text handel almost exclusively chose the affect in other words he chose spiritual insight over compositional tradition overlaying the various affects on each movement of handel s composition we discover the true heart and spiritual depth of the composer s magnum opus

## **Handel**

2022-09-04

combining the insights of present day biblical studies with those of handelian studies this book examines the libretti of ten of handel s israelite oratorios and evaluates the relationship between each libretto and the biblical story on which it is based

## ***George Frideric Handel***

2012-04-30

this pioneering study examines aspects of figured bass notation and continuo realization in the high baroque especially with respect to the operas and oratorios of g f handel contemporary treatises handel s manuscripts original performance material and other early sources provide clarification and guidance for the modern performer part one is an overview of figured bass in handel source materials autograph manuscripts performing scores original keyboard parts 18th century scribal copies and early editions part two treats in depth continuo realization problems that are often overlooked and can be troublesome in modern performances the author defines the most common bass patterns or formula progressions in handel s music together with the precise harmony the composer intended the author attempts to show that continuo figuring can serve different functions depending on context much of the figuring that comes down to us in secondary sources may derive from the composer or it may reflect valid contemporary practice modern editions in the main are too selective in this regard they only include bass figuring from primary sources leaving the modern performer frequently without sufficient guidance in the continuo part to improvise a stylistic accompaniment appendices include brief examples of continuo realization by handel br patrick j rogers is an active keyboard player and former fulbright scholar who studied handel under theodor göllner roland jackson terence best and the late j merrill knapp
