beginning with timur sultan ghazni who invaded india seventeen times at the head of a large army plundering the country of its great wealth to the last mughal emperor bahadur shah banished from the country by the british details and descriptions of every incident and each king astonish and exhilarate us the approach is direct simple and unambiguous from timur to bahadur shah it is one engaging account the book should find a place in every household as an authentic account of ourselves a flawless portrait the hindu madhan while explaining historical events uses modern similes in spite of being a cartoonist in his previous avatar madhan did not caricature the moghul emperors and their subjects i am so pleased he did not sit on judgement as a south indian non muslim writer kamal haasan

sri ramakrishna's life is a life of spirituality in practice a sublime sonnet with a singular note of god consciousness a summary of all that the scriptures of the world have to say and even much more to contain such a boundless life and personality within a few pages is certainly as audacious a task as to attempt to contain the ocean in a pot yet this book published by advaita ashrama a publication house of ramakrishna math belur math humbly attempts to portray his life and personality in a clear and candid style

india's economy is under threat with rising unemployment banks in crisis falling gdp and farmers unrest making headlines daily in this brilliant and urgent book the country's most important economists including abhijit banerjee gita gopinath and raghuram rajan bring together their proposals on how to get the country back on track collectively the book provides solutions to the key problems that india is currently facing labour reforms healthcare education and the environment while also focusing on the vital economic growth of the nation rigorously yet accessibly argued what the economy needs now is a timely and deeply important book

first published in the odia in 1948 and translated for the first time here into english by bikram das gopinath mohanty s harijan is one of the most original and radical indian novels of the twentieth century it brings to vivid life the story of a group of mehentars living in a slum cleaning latrines with their bare hands is the only work that they can hope to find as

their caste excludes them from every other occupation the leader of this group is the middle aged and foul mouthed jema who starts her day by gulping down a potful of liquor and smoking pinkas in order to deal with the stench of the excreta one day jema comes down with a fever and is unable to go to work fourteen year old puni offers to take her mother s place the next morning puni wakes up early bathes puts on a clean sari and dabs some cheap perfume on her skin stepping out of the hut excitedly she picks up basket and broom when she arrives at the first latrine the stink hits her with the force of a hammer blow she drops her basket and broom turns around and is trying to run away when her friends stop her this is what you will have to do every day for the rest of your life it is your fate avinash babu lives in a palatial house next to the slum he is planning to evict the mehentars in order to develop the slum into a residential colony one night a fire breaks out and the entire slum is burned to the ground the mehentars leave the slum carrying their remaining possessions on their backs they have nowhere to go but they are past all worries they know that no matter where they go they will still be cleaning excrement for they are harijans harijan is an enduring odia classic which is regarded as one of the most original and radical indian novels of the twentieth century gopinath mohanty was an esteemed odia novelist who was awarded the padma bhushan the sahitya akademi award and the jnanpith award this is the first english translation of the novel by sahitya akademi translation awardee bikram das

Vignettes Relating to Kathakali and Shakespeare **2021-02-12**

this book is written for all lovers of the performing arts especially those who love kathakali the dance drama of kerala the southern state in india while other texts have been written about the history of the dance drama in english this book uniquely brings in shakespearean plays and characters comparing them to the stories and characters in kathakali to give it a completely new perspective

Mastering PyTorch 2016-04-30

master advanced techniques and algorithms for deep learning with pytorch using real world examples key featuresunderstand how to use pytorch 1 x to build advanced neural network modelslearn to perform a wide range of tasks by implementing deep learning algorithms and techniquesgain expertise in domains such as computer vision nlp deep rl explainable ai and much morebook description deep learning is driving the ai revolution and pytorch is making it easier than ever before for anyone to build deep learning applications this pytorch book will help you uncover expert techniques to get the most out of your data and build complex neural network models the book starts with a quick overview of pytorch and explores using convolutional neural network cnn architectures for image classification you ll then work with recurrent neural

network rnn architectures and transformers for sentiment analysis as you advance you ll apply deep learning across different domains such as music text and image generation using generative models and explore the world of generative adversarial networks gans you ll not only build and train your own deep reinforcement learning models in pytorch but also deploy pytorch models to production using expert tips and techniques finally you ll get to grips with training large models efficiently in a distributed manner searching neural architectures effectively with automl and rapidly prototyping models using pytorch and fast ai by the end of this pytorch book you ll be able to perform complex deep learning tasks using pytorch to build smart artificial intelligence models what you will learn implement text and music generating models using pytorch build a deep q network dqn model in pytorch export universal pytorch models using open neural network exchange onnx become well versed with rapid prototyping using pytorch with fast ai perform neural architecture search effectively using automl easily interpret machine learning ml models written in pytorch using captum design resnets lstms transformers and more using pytorch find out how to use pytorch for distributed training using the torch distributed api who this book is for this book is for data scientists machine learning researchers and deep learning practitioners looking to implement advanced deep learning paradigms using pytorch 1 x working knowledge of deep learning with python programming is required

The Melodramatic Public 2019-02

what does it mean to say indian movies are melodramatic how do film audiences engage with socio political issues what role has cinema played in the emergence of new economic forms consumer cultures and digital technologies in a globalizing india ravi vasudevan addresses these questions in a wide ranging analysis of indian cinema

100 World's Greatest Short Stories 2021-07-24

the short story is one of the finest forms of writing as short as a paragraph at times or as lengthy as a novel short stories are widely read and immensely lauded some of the most exceptional writers have dabbled in this form penning beautiful unforgettable stories in this carefully crafted selection we bring to you some of the greatest writers from around the world the iconic storytellers from america such as mark twain kate chopin virginia woolf the legendary grimm brothers from germany to the lyrical rabindranath tagore from india and the witty h h munro from britain all these and many more remarkable people come together in this edition and all have stories to tell an anthology beginning with aesop s fables perhaps the first stories we come across and ending with virginia woolf s gothic thrilling the haunted house 100 world s greatest short stories brings together stories short and sweet descriptive and lengthy and stories that can do anything from telling a tale to hiding its narrator from portraying the reality to diving into pure imagination and are a must read for every fiction lover

Soft Computing Techniques in Solid Waste and Wastewater Management 2018-11-16

soft computing techniques in solid waste and wastewater management is a thorough guide to computational solutions for researchers working in solid waste and wastewater management operations this book covers in depth analysis of process variables their effects on overall efficiencies and optimal conditions and procedures to improve performance using soft computing techniques these topics coupled with the systematic analyses described will help readers understand various techniques that can be effectively used to achieve the highest performance in depth case studies along with discussions on applications of various soft computing techniques help readers control waste processes and come up with short term mid term and long term strategies waste management is an increasingly important field due to rapidly increasing levels of waste production around the world numerous potential solutions for reducing waste production are underway including applications of machine learning and computational studies on waste management processes this book details the diverse approaches and techniques in these fields providing a single source of information researchers and industry practitioners it is ideal for academics researchers and engineers in waste management environmental science environmental engineering and computing with relation to environmental science and waste management provides a comprehensive reference on the implementation of soft computing techniques in waste management drawing together current research and future implications includes detailed algorithms used enabling authors to understand and appreciate potential applications presents relevant case studies in solid and wastewater management that show real world applications of discussed technologies

Unruly Visions 2011-10-17

in unruly visions gayatri gopinath brings queer studies to bear on investigations of diaspora and visibility tracing the interrelation of affect archive region and aesthetics through an examination of a wide range of contemporary queer visual culture spanning film fine art poetry and photography these cultural forms which gopinath conceptualizes as aesthetic practices of queer diaspora reveal the intimacies of seemingly disparate histories of post colonial dwelling and displacement and are a product of diasporic trajectories countering standard formulations of diaspora that inevitably foreground the nation state as well as familiar formulations of queerness that ignore regional gender and sexual formations she stages unexpected encounters between works by south asian middle eastern african australian and latinx artists such as tracey moffatt akram zaatari and allan desouza gopinath shows how their art functions as regional queer archives that express alternative understandings of time space and relationality the queer optics produced by these visual practices creates south to south region to region and diaspora to region cartographies that profoundly challenge disciplinary and area studies rubrics gopinath thereby provides new critical perspectives on settler colonialism empire military occupation racialization and diasporic dislocation as they indelibly mark both bodies and landscapes

Nehru 2012

shashi tharoor delivers an incisive biography of the great secularist who alongside his spiritual father mahatma gandhi led the movement for india's independence from british rule and ushered his newly independent country into the modern world the man who would one day help topple british rule and become india's first prime minister started out as a surprisingly unremarkable student born into a wealthy politically influential indian family in the waning years of the raj jawaharlal nehru was raised on western secularism and the humanist ideas of the enlightenment once he met gandhi in 1916 nehru threw himself into the nonviolent struggle for india's independence a struggle that wasn't won until 1947 india had found a perfect political complement to her more spiritual advocate but neither nehru nor gandhi could prevent the horrific price for independence partition this fascinating biography casts an unflinching eye on nehru's heroic efforts for and stewardship of independent india and gives us a careful appraisal of his legacy to the world

Manto 2012

rajinikanth is one of the most popular film actors from south india a devout self-disciplined human being a rags to riches story an embodiment of human values a cult figure par excellence the way he conducts himself and his professional management of his career is unique this book is an original and unique take on brand management using rajinikanth's superstardom as a model for building and sustaining a successful brand

Grand Brand Rajini 2012-12-01

the world through a feminist lens for nivedita menon feminism is not about a moment of final triumph over patriarchy but about the gradual transformation of the social field so decisively that old markers shift forever from sexual harassment charges against international figures to the challenge that caste politics poses to feminism from the ban on the veil in france to the attempt to impose skirts on international women badminton players from queer politics to domestic servants unions to the pink chaddi campaign menon deftly illustrates how feminism complicates the field irrevocably incisive eclectic and politically engaged seeing like a feminist is a bold and wide-ranging book that reorders contemporary society

Seeing Like a Feminist 2023-11-23

the story of my experiments with truth is the autobiography of mahatma gandhi covering his life from early childhood through to 1921 starting with his birth and parentage gandhi has given reminiscences of childhood child marriage relation with his wife and parents experiences at the school his study tour to london efforts to be like the english gentleman experiments in dietetics his going to south africa his experiences of colour prejudice his quest for dharma social work in africa return to india his slow and steady work for political awakening and social activities

The Story of My Experiments with Truth 2018-07

it is common knowledge that mahatma gandhi was shot dead in 1948 by a hindu militant shortly after india had both gained her independence and lost nearly a quarter of her territory to the new state of pakistan lesser known is assassin nathuram godse s motive until now no publication has dealt with this question except for the naked text of godse s own defence speech during his trial it didn t save him from the hangman but still contains substantive arguments against the facile glorification of the mahatma dr koenraad elst compares godse s case against gandhi with criticisms voiced in wider circles and with historical data known at the time or brought to light since while the mahatma was extolled by the hindu masses political leaders of divergent persuasions who had had dealings with him were less enthusiastic their sobering views would have become the received wisdom about the mahatma if he hadn t been martyred yet the author also presents some new considerations in gandhi s defence from unexpected quarters

Why I Killed the Mahatma 1965

the peerless young kovalan leaves his loyal wife kannaki for the courtesan madhavi and though he returns to her he still meets his death because of her ill omened ankle bracelet the shilappadikaram has been called an epic and even a novel but it is also a book of general education adigal packed his story with information history merging into myth religious rites caste customs military lore descriptions of city and country life and four cantos are little anthologies of the poetry of the period seashore and mountain songs hunters and milkmaid s song thus the story gives us a vivid picture of early indian life in all its aspects

Shilappadikaram 1997

this edition of a popular tamil classic was undertaken mainly with a view of assisting foreigners to acquire some acquaintance with classical tamil it is also intended to be a companion volume to the tamil classic the kural this book was first published in 1893

□□□□□□□□ 2016-09-13

world war one was one of the bloodiest wars in modern history at its end it had claimed over seventeen million lives it led to the collapse of nations the abdication of monarchies and ended empires entire divisions of men perished in the pursuit of mere miles of uninhabitable wasteland towns were pulverized and millions displaced it became a horrendous war of attrition each side competing to kill as many of their foe as possible inside you will read about 1914 blood is spilled 1915 the dawn of the industrialized war 1916 unrelenting bloodshed 1917 revolution revelation and catastrophe 1918 the great war at an end it became the first industrialized war in history and introduced revolutionary technology into the fray the airplane the tank and the machine gun first saw action collectively during the conflict it was also the first war in which poison gas was used to choke young men out of their

trenches this book is a timeline account of the important events that shaped the first world war it details the events and causes that led the world to war this book covers the milestone moments important battles and how the outcome changed the world forever
