the idea for the story the scourge came to me while i was driving through the arizona and the california desert one late night looking at the ominous dust clouds filled with circling night hawks against the windy night sky it looked creepy at best when i got to my motel room on the side of the table i read a holy bible about matthew jesus who chased out the demons i put them together and figured that anyone could be in hell so the selection of characters were almost infinite along with this i would see the rail cars filled with tanks and other military equipment crossing the desert on one memorable occasion i noticed a rail car loaded with migrant workers crossing the same area so i decided to use that in my story this is how the idea of the scourge was birthed writing the scourge i envisioned what would it take to bring the legion that was in matthew back into modern times this is not a bible study story it is a deep dark scary novel it has lots of violence action and sex within the story having these elements were necessary in this type of story to show how it resurfaced on earth once more again without them the story would have been lifeless and dull plus taking on the challenge of writing this particular story is considered the holy grail of all horror stories the last thing i decided was to tell it from the perspective of two people who were in hell and who were given a chance to change sides that gave the story a different twist many have tried to make this happen but none have really succeeded i hope that you enjoy my story if you are a fan of the darkness
