two thousand years ago jesus told the parable of the suffering beggar lazarus and the rich man each had died with lazarus joining god in heaven for all eternity while the rich man was condemned to the flames of hell send someone to warn my brothers the rich man pleaded so they won't end up in this place of torment but god said they have the prophets to warn them your brothers can listen to them to which the rich man responded then let lazarus return from the dead that they may believe but god said they will not believe even if a man should rise from the dead over the last five hundred years we have witnessed a great many apparitions of the virgin mary in places such as guadalupe mexico lourdes france fatima portugal each apparition has carried a distinct albeit similar message pray the rosary every day sacrifice for the conversion of sinners and stop offending god to do these things will mean the defeat of satan and his godless ways an end to communism and its worldly tendencies and peace and harmony on earth regardless of the associated miracles witnessed by thousands millions of people continue to deny the reality of the apparitions and decry the message as a joke this book recounts the historical life of bernadette soubirous of lourdes france a rather ordinary nineteenth century life turned upside down at the tender age of fourteen by the miraculous events that occurred in a rock grotto near the dumping grounds of massabielle the many apparitions of a woman who identified herself as the immaculate conception the miraculous cures that were attributed to a spring of common water the virgin's message to mankind and the extraordinary relevance today for all that care to listen but as jesus said even if someone should rise from the dead there would still be unbelievers isn't it a pity this work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it this work is in the public domain in the united states of america and possibly other nations within the united states you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public to ensure a quality reading experience this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy to read typeface we appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant excerpt from lourdes a history of its apparitions and cures few men witness the history of philosophy have the mental power to find truth by themselves fewer still have time and opportunity to do so and yet men crave for truth as for the very food of their souls in the days of our saviour men looked and craved for signs for visible and tangible proofs of his divinity and he gave them what they asked for he gave them his miracles as an irrefragable proof of his divine nature and mission if i do not the works of my father believe me not but if i do though you will not believe me believe the works throughout the ages he has set the seal of divine approval on the teaching of the catholic church by miracles and now in these days he offers among others the continual miracles at lourdes two thousand years ago nearly men of goodwill saw rejoiced and believed others doubted disbelieved and denied not the facts no one could deny them but their divine origin not to god but to the devil these men attributed the miracles they witnessed to him our own times when materialism denies the very existence of a creator and of all supernatural powers the miracles at lourdes are either the work of the devil or of god

excerpt from lourdes a history of its apparitions and cures few men witness the history of philosophy have the mental power to find truth by themselves fewer still have time and opportunity to do so and yet men crave for truth as for the very food of their souls in the days of our saviour men looked and craved for signs for visible and tangible proofs of his divinity and he gave them what

they asked for he gave them his miracles as an irrefragable proof of his divine nature and mission if i do not the works of my father believe me not but if i do though you will not believe me believe the works throughout the ages he has set the seal of divine approval on the teaching of the catholic church by miracles and now in these days he offers among others the continual miracles at lourdes two thousand years ago nearly men of goodwill saw rejoiced and believed others doubted disbelieved and denied not the facts no one could deny them but their divine origin not to god but to the devil these men attributed the miracles they witnessed in our own times when materialism denies the very existence of a creator and of all supernatural agencies and powers the miracles at lourdes are either set aside as a priori impossible or if the facts are admitted they are ascribed to suggestion or to the unknown forces of nature a moment s thought will show that both methods of attack are equally unscientific and futile about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
