## ***How to Help People Change***

while touching on many aspects of counseling this book is specifically designed to elucidate the process of counseling i have often mentioned and illustrated that process but not in the focused and systemic way that the four step biblical process is set forth here this book presents a fresh perspective not only on how to counsel but also on what measures to take at what stages of counseling jay adams from the preface change is the essential goal of the counseling process and in the author's words substantial change requires the alteration of the heart how can a christian counselor facilitate such change the answer of course may be found in scripture specifically in 2 timothy 3 14 17 jay adams is a well known counselor who bases his whole approach on scripture this book provides an unparalleled opportunity to see how he discovers and applies biblical principles as well as the way in which scripture functions as the basis for his counseling approach this book answers two questions how does a counselor help people change and how does scripture provide the source of a counselor's method how to help people change has much to say about the ongoing discussion of the relationship between theology and psychology in the enterprise of christian counseling

## **“Hey ‘Adam,’ ‘Where You At’?”**

a godly mans guide to covering the woman of god from a w o w w w womans perspective in view of what has been established in my trilogy for both males and females leaders and laymen this journey continues as a spin off from god why didnt he cover me as i have been criticized about the wording of the current book title i need you to roll with me on this one as this book has become a personal conversation with my race of people reader discretion is advised if it had been intended for esaus descendents i would have asked hey adam where art thou but since god has expanded my ability to communicate an exclusive message this book has been deliberately downloaded for the tribe of judah in translating the artistic nature of heaven onto the earth i need you to comprehend the words that are coming out of the fathers mouth disclaimer just as this intriguing component continues to offer a unique smorgasbord of legitimate inquiries that may not fit the typical readers practical perspective the project is intentionally informal with jargon laden language that may not be acceptable by church folks and academic audiences so if you are the traditional super spiritual christian thats speaking in super sonic tongues this book will likely press your religious buttons even as the progressive theology may go beyond the capacity of your traditional beliefs your personal opinions are no indication that god has stopped speaking see mt 4 4 so in viewing the world with an inquisitive eye that may not fit the general patterns i trust that you will notice that this book treads on prophetic territory now that i have pre warned you of the inevitable i invite you to explore a very rare assessment of the first and last adam especially rewarding for the reader who values the fact that adam was the figure of him who was to come my question is could it possibly be that adam was engaged in covering his bride and not preoccupied with hiding his sin in my opinion because eve was the weaker vessel adam took the fall and willfully gave up his immortality in order to become her covering

why so that there would be no record on earth suggesting that the world was in sin because of her transgression for as by one mans disobedience many were made sinners rom 5 19a why adam would demonstrate perfect love and give up immortality for the love of a woman is really the focus of my investigation why jesus would give up immortality and leave the father to die on an old rugged cross is a large part of the conclusion evidently when god looks at us he sees jesus but when he looked at eve he saw adam all over the world jesus was the lamb but adam you da man because you took a stand brace yourself as this provocative revelation may likely augment your investment in my southern colloquial and best ebonics allow me to say it like im feeling it hey adam where you at im gonna need you to take a stand and be da man come on yall lets get back to eden
