Computerworld 1987-03-02 when old goldie a
prospector rumored to have had a hidden gold
mine passes away he leaves an envelope
addressed to t a f it contains only a
photograph of a small cabin who was old goldie

~~and who is t a f is there really a mine ted~~
wilford and his friend nelson morgan set out to answer these questions if the mine exists at all they soon realize it must be on thunder mountain from that point the race is on a mining engineer a secret code a native american a rival reporter and most of the people from the two nearest towns are also looking for the mine whoever finds and claims it first may win a fortune and some of them will stop at nothing to get it

Index of Trademarks Issued from the United States Patent and Trademark Office 1989 list of members in 15th

Computerworld 1977-04-04 librarys are filled with biographies of famous world leaders well known sports figures war heroes and retired politicians this book on the other hand is a biography of an average middle class american from minnesota who has faced a good share of the same challenges and life experiences that the millions of other middle class americans are facing in their lives so before you put this book back on the shelf and look for the biography of george washington remember this book is written about a middle class american just like you anyway the chances are slim that you will end up president
