the dynamic banking and financial services environment in the country calls for prudent decision making under pressure management of banking and financial services provides students and practitioners with a thorough understanding of managerial issues in the banking and financial services industry enabling them to evaluate the overall organisational impact of their decisions the first section of the book focuses on the basic concepts of banking and financial services and the other sections explain how these concepts are applied in the global banking environment as well as in india in addition to presenting the big picture of the banking and financial services industry the book also provides useful tips on the

trade off between risk and return

## **Monetary Theory and Banking in India For B.Com. Sem.-5 (According to NEP-2020) 2020-07-01**

India's insurance sector is transforming at a rapid pace and gaining centrality in the macroeconomic dynamics of the country. What shape and form it will acquire by 2030 is linked to the nature of timely and vital intervention by both the policy makers and participants in the financial industry. India is the 2nd largest insurtech market in the APAC region. The IRDAI is pursuing various regulatory reforms toward achieving the objective of insurance for all. The insurance industry has witnessed major growth in the past few decades with the introduction of new products and plans. It has not only helped consumers by providing financial protection but also contributed to the nation's economy. The industry is poised for radical evolution in times to come due to changes in the overall economic environment.
