Frank Lloyd Wright 1961

the widely admired biographer of bernard berenson a triumph washington post a perfect riot michael holroyd astonishing london sunday times and of kenneth clark splendid enthralling the wall street journal gives us now a complete and complex portrait of an american titan frank lloyd wright meryle secrest shows us frank lloyd wright in full scale the brilliant outrageous fascinating man the giant who changed modern architecture the standard bearer for the new quintessentially american vision the artist who never during a seventy year career abandoned his principles of design the radical the bohemian the visionary who was one of the central figures of the twentieth century american culture society and politics meryle secrest is the first biographer to have full access to the frank lloyd wright archives her life of the architect more than five years work and illustrated with 121 photographs is a stunning feat of biographical narrative sustained analysis and compassionate insight with her extraordinary grasp of the man and his art she gives us frank lloyd wright close up a creature of boundless energy and indomitable appetite for experience a man whose limitless belief in his own rightness carried him through bankruptcy arrest fire divorce and years of social ostracism a riveting portrait of a genius

Frank Lloyd Wright Remembered 1991

for example there is maria stone s account of wright swatting flies at a picnic and jovially exclaiming that s gropius and that s corbusier in his reflections on cousin frank we read robert moses s begrudging tribute how much is genuine architectural genius and how much fakery i say 25 75 them s high marks in the arithmetic arthur miller in his humorous account of his and wife marilyn monroe s efforts to convince wright to redesign their country house describes wright as a great romantic a man of style a theatrical type of the old school who orson welles would love to have played and there is philip johnson s surprising admission there isn t a day that i don t feel when i have a pencil in my hand anyhow that that man isn t looking over my shoulder

Design Through Abstraction 2017-06-20

a complete biography based on a wide range of previously untapped primary sources covering wright s private life architecture and role in american society culture and politics views wright s buildings as biographical as well as social statements analyzing his work by type category and individual structure examines wright s struggle to develop a new artistic statement his dramatic personal life and his political and economic ideas including those on cities energy conservation cooperative home building and environmental preservation includes over 150 illustrations photographs floor plans and drawings many never before published extensive footnotes and the most exhaustive bibliography of wright s published work available

Wright 2015-09-09

in 1932 nineteen year old john h howe arrived at taliesin as a charter member of frank lloyd wright s taliesin fellowship there he would remain for the next thirty two years earning a reputation as the pencil in wright s hand before establishing his own architectural practice in minnesota this is the first book to tell howe s story and also the first full account of his place in the history of modern architecture as chief draftsman and valued interpreter of wright s designs and as a prolific architect in his own right illustrated throughout with howe s sublime drawings this biography is a testament to the underappreciated architect s extraordinary design and rendering skills influenced by wright s principles of organic architecture howe operated under the conviction that the land is the beginning of architecture architectural historians jane king hession and tim quigley show how this belief worked especially well for howe in minnesota where his buildings appear to have grown naturally and organically from the landscape also remarkable are the visionary architectural schemes howe created while serving time in prison during world war ii as a conscientious objector futuristic visions that anticipated eero saarinen s later designs for airports and victor gruen s for america s first indoor shopping mall an enlightening look at an exemplary life in architecture this book finally brings the accomplishment and significance of john h howe to the fore and at the same time illuminates a fascinating chapter in american architectural history

***John H. Howe, Architect* 2015**

an illustrated book examines 23 buildings providing analysis of the design as well as discussion of the construction and notes on the history of the building

Frank Lloyd Wright 2006

frank lloyd wright was renowned during his life not only as an architectural genius but also as a subject of controversy from his radical design innovations to his turbulent private life including a notorious mass murder that occurred at his wisconsin estate taliesin in 1914 but the estate also gave rise to one of the most fascinating and provocative experiments in american cultural history the taliesin fellowship an extraordinary architectural colony where wright trained hundreds of devoted apprentices and where all of his late masterpieces fallingwater johnson wax the guggenheim museum were born drawing on hundreds of new and unpublished interviews and countless unseen documents from the wright archives the fellowship is an unforgettable story of genius and ego sex and violence mysticism and utopianism epic in scope yet intimate in its detail it is a stunning true account of how an idealistic community devolved into a kind of fiefdom where young apprentices were both inspired and manipulated often at a staggering personal cost by the architect and his imperious wife olgivanna hinzenberg along with her spiritual master the legendary greek armenian mystic georgi gurdjieff a magisterial work of biography it will forever change how we think about frank lloyd wright and his world

Frank Lloyd Wright and the Living City 1998

delves into the american architect s family life and achievements and includes photographs of his work

The Architects: Frank Lloyd Wright 2017-11-22

an iconic figure in american culture frank lloyd wright is famous throughout the world although his achievements in architecture are stunning it is his importance in cultural history jerome klinkowitz contends that makes wright the object of such avid and continuing interest designing more than just buildings wright offered a concept for living that still influences how people conduct their lives today wright s innovations in architecture have been widely studied but this is the most comprehensive and sustained treatment of his thought klinkowitz presents a critical biography driven by the architect s own work and intellectual growth focusing on the evolution of wright s thinking and writings from his first public addresses in 1894 to his last essay in 1959 did wright reject all of victorian thinking about the home or do his attentions to a minister s sermon on the house beautiful deserve closer attention was wright echoing the transcendentalism of ralph waldo emerson or was he more in step with the philosophy of william james did he reject the arts and crafts movement or repurpose its beliefs and practices for new times and what can be said of his deep dissatisfaction with architectural concepts of his own era the dominant modernism that became the international style even the strongest advocates of frank lloyd wright have been puzzled by his objections to so much that characterized the twentieth century from ideas for building to styles of living in frank lloyd wright and his manner of thought klinkowitz a widely published authority on twentieth century literature thought and culture examines the full extent of wright s books essays and lectures to show how he emerged from the nineteenth century to anticipate the twenty first outstanding book selected by the american association of school librarians best books for general audiences selected by the public library reviewers

Frank Lloyd Wright 1987
