Querelle 1994-01-13 *querelle* is regarded by many critics as jean genet's highest achievement in the novel certainly one of the landmarks of postwar french literature the story of a dangerous man seduced by danger it deals in a startling way with the dostoevskian theme of murder as an act of total liberation and as a pact demanding an answering sacrifice it is awesome perhaps the finest novel i have ever read in my life it literally sent shivers through me the sheer beauty of the language the exquisite perversity of the imagination the incredible grasp of motivation it is his most tightly plotted best organized most accessible novel it is a wonder dotson rader

Querelle de Brest 1953 the shattering novel of underground life the new york times called a cry of rapture and horror the purest lyrical genius jean genet's debut novel *our lady of the flowers* which is often considered to be his masterpiece was written entirely in the solitude of a prison cell a semi autobiographical account of one man's journey through the paris demi monde dubbed the epic of masturbation by no less a figure than jean paul sartre the novel's exceptional value lies in its exquisite ambiguity

Querelle of Brest 1972 2002 will mark the 50th anniversary of the publication of saint genet ever since that date jean genet's work has largely been read and interpreted through sartre's analysis of the author in this study the author seeks to liberate genet's fiction from the philosopher's stranglehold and reopen the work to new venues of interpretation after challenging the accuracy and pertinence of sartre's project and describing the problematic influence it has had the author begins his own investigation of genet by examining the notion of precarious identity which informs the genetian text through a dense weft of textual maneuvers arises an aesthetically playful approach to sexual identity from the beginnings of work in the field of sexology homosexual desire has defied certain types of rigid schematization such as freud's oedipus complex indeed it can be better viewed through the alternative interpretive lenses of deleuze and guattari who challenge patriarchal order in the study of sexuality such an approach eventually leads to a discovery of the body's centrality in genet's fiction especially in his last novel *querelle* it is precisely this ludic body that has escaped sartre's critical eye and many subsequent studies of genet's literature

Querelle of Brest 1972 starting in 1970 jean genet petty thief prostitute modernist master spent two years in the palestinian refugee camps in jordan always an outcast himself genet was drawn to this displaced people an attraction that was to prove as complicated for him as it was enduring prisoner of love written some ten years later when many of the men genet had known had been killed and he himself was dying is a beautifully observed description of that time and those men as well as a reaffirmation of the author's commitment not only to the palestinian revolution but to rebellion itself for genet's most overtly political book is also his most personal the last step in the unrepentantly sacrilegious pilgrimage first recorded in the thief's journal and a searching meditation packed with visions ruses and contradictions on such life and death issues as the politics of the image and the seductive and treacherous character of identity genet's final masterpiece is a lyrical and philosophical voyage to the bloody intersection of oppression terror and desire at the heart of the contemporary world

Our Lady of the Flowers 1994-01-12 a dazzling masterwork of sex death love and suffering in wwii vichy france by the infamous novelist and author of *our lady of the flowers* leo bersani the new york times book review one of the great literary outlaws of the 20th century jean genet was committed to challenging the complacent middle class morality of his native france his apocalyptic pornographic autobiographical novel *funeral rites* is quite possibly an evil book it is clearly a brilliant book a seminal document in the development of one of the most important literary imaginations of our time the washington post times herald genet's sensual and brutal portrait of world war ii france unfolds between the poles of his grief for his lover jean killed in the resistance during the liberation of paris and his perverse attraction to the collaborator riton within this anguished account of a conflicted mind genet paints a grotesque carnival of soldiers traitors lovers criminals and the grimly surreal landscape of occupied france elegiac macabre chimerical it is a dark meditation on the mirror images of love and hate sex and death only a handful of twentieth century writers such as kafka and proust have as important as authoritative as irrevocable a voice and style susan sontag

Saint Genet Decanonized 2001 jean genet the poet thief and one of the 20th century's most enduring gay icons was born in paris in 1910 an illegitimate child accused of stealing from his foster parents genet at the age of 10 was sent to a reform school and spent most of his youth in the all male communal life of harshly disciplinarian reformatories including mettray in the 1930s he was variously a deserter a vagrant who begged his way across europe a prostitute a thief and one of the dispossessed learning that imagination was a tool the authorities couldn't suppress he emerged in 1942 from a series of prison stays with the first of his extraordinarily subversive novels *our lady of the flowers* taken up by cocteau and sartre genet quickly became a legend to the

underworld for his novels the miracle of the rose funeral rites querelle of brest and the thief s journal all of which fused an inherent romanticism with the celebration of crime and homosexual desires an enigmatic flagrantly controversial figure genet lived his life as an itinerant outsider and in the 1970s became a spokesman for the black panthers and finally championed the struggle for a palestinian homeland writing his last posthumously published book a prisoner of love in defence of their cause he died in 1986 jeremy reed is an award winning poet and novelist and born to lose his stripped down biography of genet is a book written with profound empathy for his subject using aspects of genet s character as the building blocks to short chapters on his life and work reed explores genet s criminal activities his addiction to sleeping pills his relationships with lovers and rent boys his mercurial friendships with cocteau sartre and giacometti his fugitive poetry the obsession with death that underscores his work and the whole complex psychological makeup of a rebel born to lose but in the process exploding into inimitably iconoclastic fiction book jacket

Saint Genet 2012-02-01 in this book gene a plunka argues that the most important single element that solidifies all of genet s work is the concept of metamorphosis genet s plays and prose demonstrate the transition from game playing to the establishment of one s identity through a state of risk taking that develops from solitude however risk taking per se is not as important as the rite of passage anthropologist victor turner s work in ethnography is used as a focal point for the examination of rites of passage in genet s dramas rejecting society genet has allied himself with peripheral groups marginal men and outcasts scapegoats who lack power in society much of their effort is spent in revolt or direct opposition in mainstream society that sees them as objects to be abused as an outcast or marginal man genet solved his problem of identity through artistic creation and metamorphosis likewise genet s protagonists are outcasts searching for positive value in a society over which they have no control they always appear to be the victims or scapegoats as outcasts genet s protagonists establish their identities by first willing their actions and being proud to do so unfortunately man s sense of being is constantly undermined by society and the way individuals react to roles norms and values roles are the products of carefully defined and codified years of positively sanctioned institutional behavior according to genet role playing limits

individual freedom stifles creativity and impedes differentiation genet equates role playing with stagnant bourgeois society that imitates rather than invents the latter is a word genet often uses to urge his protagonists into a state of productive metamorphosis imitation versus invention is the underlying dialectic between bourgeois society and outcasts that is omnipresent in virtually all of genet's works faced with rejection poverty oppression and degradation genet's outcasts often escape their horrible predicaments by living in a world of illusion that consists of ceremony game playing narcissism sexual and secret rites or political charades like children genet's ostracized individuals play games to imitate a world that they can not enter essentially the play acting becomes catharsis for an oppressed group that is otherwise confined to the lower stratum of society role players and outcasts who try to find an identity through cathartic game playing never realize their potential in genet's world instead genet is interested in outcasts who immerse themselves in solitude and create their own sense of dignity free from external control most important these isolated individuals may initially play games yet they ultimately experience metamorphosis from a world of rites charades and rituals to a type of sainthood where dignity and nobility reign the apotheosis is achieved through a distinct act of conscious revolt designed to condemn the risk taker to a degraded life of solitude totally distinct from society's norms and values book jacket

The Judas Rose 2019-08-22 in 1824 on the island of trinidad marie ursule queen of a secret society of militant slaves plots a mass suicide a quiet passionate act of revolt but she cannot bring herself to kill her small daughter bola whom she smuggles away in the early dawn light as bola's children grandchildren and great grandchildren spill out across the world to america canada and europe they find their lives both haunted and vindicated by the dreams and passions of their defiant ancestor the interconnected stories of six generations of marie ursule's descendants form a lush beguiling and beautifully told history of dispossession and bring this governor general's award winning writer into the front rank of the world's novelists

Criminal Desires 2002 deathwatch jean genet's earliest shortest and most formally straightforward play was first performed in paris in 1949 it retains an intense power and makes an excellent introduction to his later dramas the maids the balcony the blacks the screens the french text of deathwatch published by gallimard was extensively altered by genet during rehearsal and bernard frechtman's translation is of the final performance version which supersedes the original published text three convicts share a cramped prison cell there is no question as to which of them is the dominant dog in the pack green eyes yeux verts has brutally murdered a woman and is to be executed lefranc and the younger novice like maurice are inside for less grave crimes but both of them covet green eyes attention baiting each other in the process a duel that drives inexorably toward violence

Honey Mine 2021-06-29 the two plays collected in this volume represent genet's first attempts to analyze the mores of a bourgeois society he had previously been content simply to vilify in the maids two domestic workers deeply resentful of their inferior social position try to revenge themselves against society by destroying their employer when their attempt to betray their mistress's lover to the police fails and they are in danger of being found out they dream of murdering madame little aware of the true power behind their darkest fantasy in deathwatch two convicts try to impress a third who is on the verge of achieving legendary status in criminal circles but neither realizes the lengths to which they will go to gain respect or that in the end nothing they can do including murder will get them what they are searching for
