The Best Birthday Party Ever 2011-02-22 this one volume reference presents the major conceptual approaches to the study of u s political parties and the national party system describing the organization and behavior of u s political parties in thematic narrative chapters that help undergraduate students better understand party origins historical development and current operations further it provides researchers with in depth analysis of important subtopics and connections to other aspects of politics key features thematic narrative chapters organized into six major parts provide the context as well as in depth analysis of the unique system of party politics in the united states top analysts of party politics provide insightful chapters that explore how and why the u s parties have changed over time including major organizational transformations by the parties behavioral changes among candidates and party activists and attitudinal changes among their partisans in the electorate the authors discuss the way the traditional concept of formal party organizations gave way over time to a candidate centered model fueled in part by changes in campaign finance the rise of new communication technologies and fragmentation of the electorate this book is an ideal reference for students and researchers who want to develop a deeper understanding of the current challenges faced by citizens of republican government in the united states

**Guide to U.S. Political Parties** 2014-04-01 this cool title introduces kids to planning different kinds of international parties such as african indian italian and more it begins with party planning basics and guides kids through the process of having their own international party sample invitations menus and fun party activities are included step by step instructions and photographs make the projects like making a south american panpipe or an australian magnet favor easy to follow kids will find a lot of really cool ideas for entertaining their family and friends checkerboard library is an imprint of abdo publishing company

**Crazy Party at the House of Fun** 2005 political parties formed the cornerstone of the liberal democracy for which britain claimed it was fighting in the second world war however that conflict represented the most sustained challenge to the british party system during the twentieth century war forced the suspension of normal electoral politics and exerted considerable extra demands on the time and loyalties of party activists and organizers this all posed a serious challenge to the conservative labour and liberal parties parties at war uses an unusually broad and deep range of records of the main political parties to explore how they responded to the challenge of war extensive use of the local as well as the national level papers of the major parties offers a fuller picture than ever previously attempted andrew thorpe focuses on what parties actually did at both local and national levels to sustain their organization during the war he assesses the varying impacts of war not just on each of the parties but also over time and between the different regions and areas of britain thorpe demonstrates how wartime struggles over organization had significance not just for the election of the first majority labour government in 1945 but also for the longer term development of party in modern british politics
