lee hadnum fca cta author of the worlds best  
tax havens and other bestselling offshore  
guides looks at how you can protect and  
safeguard your assets given the growth in the  
litigation culture there s been a rush by many  
professionals that work in areas with a high  
risk of litigation to protect their assets the  
worry is that they could potentially be sued  
and lose a significant chunk of their wealth  
that they have accumulated over the years the  
perceived risk of such litigation has grown  
due to the number of seemingly frivolous  
claims that have been made against wealthy  
professionals the current view is that if your  
assets are obvious and easily reachable you  
are pretty much a sitting duck it s not just  
professionals though who are interested in  
protecting what s theirs essentially if you  
look as though you have deep pockets there is  
a risk in our new asset protection book we  
look at a whole range of asset protection  
scenarios where you can ringfence and  
safeguard your assets after reading this guide  
you ll know what you can and can t do to  
protect you and your family assets contents  
include asset protection in general we look at  
the main strategies that everyone can use to  
protect their wealth 17/38

## ***Asset Protection Guide***

2006

congratulations you have worked hard for many years and own a booming business or perhaps you are a successful doctor attorney cpa or another high income earner making that money was difficult unfortunately you are on the radar with pending lawsuits from other businesses employees business partners past marriages relatives the government or anyone else who thinks they can reach your assets with a little knowledge and access to the internet anyone can discover a lot of information about you including your home cars boats real estate bank and investment accounts essentially everything you own lawsuits are rampant in this country statistics show there is one attorney in this country for every 300 residents there are an estimated 150 000 people in law school as we speak on average 80 000 lawsuits are filed each day when you are sued it is too late to protect your assets you are exposed fortunately you can act now to protect yourself and family later in this easy to read and comprehensive book you will learn the simple steps you need to do to protect yourself before there is a problem the book provides a number of worksheets to help you decide the best plan of action for your financial position and personal needs you will learn the ins and outs of protecting yourself and your family through legal methods such as trusts family saving trusts offshore trusts

2023-07-24 130/138

corporations and limited liability companies  
llcs you will learn how to reposition your  
assets into legal entities that you control  
creating bullet proof security you will learn  
about irrevocable living trusts creating and  
maintaining llcs equity stripping techniques  
privacy plans durable power of attorney  
bankruptcy legislation and estate planning for  
high income individuals as well as living  
testamentary and pour over wills the trick is  
to own nothing directly but control everything  
legally once your assets are repositioned and  
protected attorneys mostly working on  
contingency fees are not going to sue you  
because they have nothing to gain and since 98  
percent of all lawsuits are only about the  
money how can they legally take it from you  
with the sound guidance in this book you will  
be able to protect your hard earned assets  
atlantic publishing is a small independent
