Plato's Republic

2013-04-25

plato s republic is one of the most well known and widely discussed texts in the history of philosophy but how might we get to the heart of this work today 2500 years after it was originally composed alain badiou invents a new genre in order to breathe fresh life into plato s text and restore its universality rather than producing yet another critical commentary he has retranslated the work from the original greek and by making various changes adapted it for our times in this innovative reimagining of a classic text badiou has removed all references specific to ancient greek society from the endless exchanges about the moral courage of poets to those political considerations that were only of interest to the aristocratic elite on the other hand badiou has expanded the range of cultural references here philosophy is firing on all cylinders and socrates and his companions are joined by beckett Pessoa Freud and Hegel they demonstrate the enduring nature of true philosophy always ready to move with the times moreover badiou the dramatist has made the Socratic dialogue a true oratorical contest in his version of the republic the interlocutors have more in mind than merely agreeing with the master they stand up to him put him on the spot and thereby show thought in motion through this work of writing scholarship and philosophy we are able for the first time to read a version of plato s text which is alive stimulating and directly relevant to our world today

Briefings on Existence

explores the link between mathematics and ontology

Badiou and Plato

2011-06-29

this book will help you to understand badiou s central concepts the philosophical relation between badiou and plato and will rethink the importance of badiou s platonic claim that the only education is an education by truths

Life in the Loop

2008-01-01

the biddenham loop has been the scene of human activity from the palaeolithic through to the present day but the majority of the archaeological evidence spans the neolithic to the early 4th century ad apart from two handaxes probably brought up from deep within the gravel by recent quarrying no evidence for palaeolithic activity was recovered given that the biddenham area once had a reputation as a prolific source of material of this date its absence is explained by the developments relatively limited impact on the underlying gravel terrace the report looks at each chronological phase individually and gives a site narrative with plans and section drawings as well as detailed structural artefactual and ecofactual data primarily by activity type

Man, the Primeval Savage

1894

a translation of one of the single most important works of recent french philosophy badiou s magnum opus and a must have for his growing following and anyone interested in contemporary continental thought

Being and Event

2007-07-15

we know that communism is the right hypothesis all those who abandon this hypothesis immediately resign themselves to the market economy to parliamentary democracy the form of state suited to capitalism and to the inevitable and natural character of the most monstrous inequalities alain badiou alain badiou s communist hypothesis first stated in 2008 cut through the cant and compromises of the past twenty years to reconceptualize the left the hypothesis is a fresh demand for universal emancipation and a galvanizing call to arms anyone concerned with the future of the planet needs to reckon with the ideas outlined within this book

The Communist Hypothesis

2015-05-12

in this book the author captures the excitement of the cars and drivers who risked everything in what turned out to be the final days of unrestrained competitive motor racing when racing drivers were clearly visible in their open cockpits often with only thin leather helmets to protect their heads

Open Cockpits & Straw Bales

2011-10

a fantastic read for any scholar or student interested in philosophy epistemology or ontology

The Question of Being

1958

logics of worlds is the sequel to alain badiou s masterpiece being and event tackling the questions that had been left open by being and event and answering many of his critics in the process badiou supplements his pioneering treatment of multiple being with a daring and complex theory of the worlds in which truths and subjects make their mark what he calls a materialist dialectic drawing on his most ambitious philosophical predecessors leibniz kant hegel kierkegaard lacan deleuze badiou ends this important later work with an impassioned call to live for an idea
