## **The Wicca Garden 2018-11-27**

this book breaks with three common scholarly barriers of periodization discipline and geography in its exploration of the related themes of heresy magic and witchcraft it sets aside constructed chronological boundaries and in doing so aims to achieve a clearer picture of what went before as well as what came after thus the volume demonstrates continuity as well as change in the concepts and understandings of magic heresy and witchcraft in addition the geographical pattern of similarities and diversities suggests a comparative approach transcending confessional as well as national borders throughout the medieval and early modern period the orthodoxy of the christian church was continuously contested the challenge of heterodoxy especially as expressed in various kinds of heresy magic and witchcraft was constantly present during the period 1200 1650 neither contesters nor followers of orthodoxy were homogeneous groups or fractions they themselves and their ideas changed from one century to the next from region to region even from city to city but within a common framework of interpretation this collection of essays focuses on this complex

## ***Spellcrafting 2020-01-14***

taking an interdisciplinary perspective witchcraft and folk belief in the age of enlightenment represents the first in depth investigation of scottish witchcraft and witch belief post 1662 the period of supposed decline of such beliefs an age which has been referred to as the long eighteenth century coinciding with the scottish enlightenment the late seventeenth and early eighteenth centuries were undoubtedly a period of transition and redefinition of what constituted the supernatural at the interface between folk belief and the philosophies of the learned for the latter the eradication of such beliefs equated with progress and civilization but for others such as the devout witch belief was a matter of faith such that fear and dread of witches and their craft lasted well beyond the era of the major witch hunts this study seeks to illuminate the distinctiveness of the scottish experience to assess the impact of enlightenment thought upon witch belief and to understand how these beliefs operated across all levels of scottish society

## ***Contesting Orthodoxy in Medieval and Early Modern Europe 2017-02-04***

## **Buckland's Complete Book of Witchcraft 1986**

this book provides a pathway for the new coastal history our littorals are all too often the setting for climate change and the political refugee and migration crises that blight our age yet historians have continued in large part to ignore the space between the sea and the land through a range of conceptual and thematic chapters this book remedies that scotland a country where one is never more than fifty miles from saltwater provides a platform as regards the majority of chapters in accounting for and supporting the clusters of scholarship that have begun to gather around the coast the book

presents a new approach that is distinct from both terrestrial and maritime history and which helps bring environmental history to the shore its cross disciplinary perspectives will be of appeal to scholars and students in those fields as well as in the environmental humanities coastal archaeology human geography and anthropology
