2022-08-22

the german notion of heimat is highly subjective ambiguous and historically charged senses of belonging and identity associated with heimat render the concept vulnerable to appropriation and instrumentalization by different political forces thereby a static and exclusive understanding of heimat is often depicted this book drafts a counternarrative to demystify the contested concept on the one hand heimat is conceptualized as spatial through emotional geographical approaches to human place relations and on the other hand the concept is placed in a global context through the perspective of international migration the author contributes to the understanding of heimat as an emotional map of self location this subjective map is neither purely static nor dynamic it is characterized by simultaneities of opposing processes

S. Res. 254, Sense of the Senate Regarding Reopening of Pennsylvania Avenue

1996

the son of italian immigrants to south wales the author recounts his childhood in the rhondda valley in the 1920s the family s move to the potteries in the 1930s his internment during wwii and his search for a sense of belonging as a welsh italian englishman

A Sense of Belonging

2010-02-28

portrays the conflict between two disparate midshipmen at the u s naval academy in 1968

General principles of the structure of language

1885

becoming a caregiver is increasingly an inevitable experience for many people and therefore a likely life transition drawing on research and personal experiences of working with family caregivers this book examines a range of family caregiving situations from across the life course it seeks to capture the dynamics of caregiving in a number of common situations caregiving during infancy for adults who acquire a disability through accidents or illness for older people with age related issues and caregiving by children and adolescent carers and grandparent carers in drawing attention to key moments of vulnerability faced by family and informal caregivers and by suggesting how to assist reconnection at these moments the book provides a guide for those working in the area of health disability and care informal care is conceptualised as occurring with the context of personal interrelationships these being nested within wider kin networks and linked with wider professional formal care networks informal care is seen both as an expression of social capital and as an activity that builds social capital it is an indicator of resources of mutual support within social networks and it has the effect of adding to the stock of social resources the book makes a case therefore for facilitating the development of social capital by strengthening the capacity of informal caregivers and caregiver groups and by improving the linkages with formal care organisations

A Turkish and English Lexicon

1890

originally published by oxford in 1998 psycho oncology was the first comprehensive text in the field and remains the gold standard today edited by a team of leading experts in psycho oncology spearheaded by dr jimmie c holland the founder of the field the text reflects the interdisciplinary nature and global reach of this growing field thoroughly updated and developed in collaboration with the american psychosocial society and the international psycho oncology society the third edition is a current comprehensive reference for psychiatrists psychologists oncologists hospice workers and social workers seeking to understand and manage the psychological issues involved in the care of persons with cancer and the psychological social and behavioral factors that contribute to cancer risk and survival new to this edition are chapters on gender based and geriatric issues and expanded coverage of underserved populations community based programs and caregiver training and education

1877

it s senior year of high school and annabeth is ready ready for everything she and her best friend noe have been planning and dreaming but there are some things annabeth isn t prepared for like the constant presence of noe s new boyfriend like how her relationship with her mom is wearing and fraying and like the way the secret she s been keeping hidden deep inside her for years has started clawing at her insides making it harder to eat or even breathe but most especially she isn t prepared to lose noe for years noe has anchored annabeth and set their joint path now noe is drifting in another direction making new plans and dreams that don t involve annabeth without noe s constant companionship annabeth s world begins to crumble but as a chain of events pulls annabeth further and further away from noe she finds herself closer and closer to discovering who she s really meant to be with her best friend or without

Handbook of Criminal Cases

1889

the educational system is societys best ally and should not be allowed to break down our objective in this study was to identify the causes of high dropout rates and low passion for learning among college students the common view that students are lazy or lacking interest in education is unfounded on the contrary we found that but for factors beyond their control most students would work hard to achieve their educational objectives to avoid the judgmental trap students were asked to identify the factors that would unlock their passion for learning the factors identified by the students are analyzed in this book it is hoped that students parents teachers and school authorities will find this book a light to their path udoh elijah udom students lose interest in education and drop out of school for a number of reasons dr udom rightly turned to us the students to find out the factors that would restore our confidence in the education system and make us enroll and remain in school till graduation i strongly recommend this book to my fellow students joseph j brown student our school system has experienced dramatic developments in recent decades including low motivation to learn among college students dr udoms book highlights the causes of students lack of passion for learning and offers recommendations for a sustainable recruitment and retention of students this book is one of the best that has been written on this topic and is strongly recommended as a reference material dr william h kraus associate professor argosy university nashville campus

A Hebrew and English Lexicon of the Old Testament

1894

in this groundbreaking work of first order scholarship eric johnson makes a vitally important contribution to the field of christian counseling he first presents a detailed overview and appreciative but critical evaluation of the reigning paradigms in the field of christian counseling particularly biblical counseling and integration building on their respective strengths he seeks to move beyond the current impasse in the field and develop a more unified and robustly christian understanding drawing upon the bible and various christian

intellectual and soul care traditions and through a christian reinterpretation of relevant modern psychological theory and research johnson proceeds to offer a new framework for the care of souls that is comprehensive in scope yet flows from a christian understanding of human beings what amounts to a distinctly christian version of psychology this book is a must read for any serious christian teacher student or practitioner in the fields of psychology or counseling

2005

most of us have been perplexed by a strange sense of familiarity when doing something for the first time we feel that we have been here before or done this before but know for sure that this is impossible in fact according to numerous surveys about two thirds of us have experienced déjà vu at least once and most of us have had multiple experiences there are a number of credible scientific interpretations of déjà vu and this book summarizes the broad range of published work from philosophy religion neurology sociology memory perception psychopathology and psychopharmacology this book also includes discussion of cognitive functioning in retrieval and familiarity neuronal transmission and double perception during the déjà vu experience

A Sense of the Infinite

2015-05-19

don quijote and le berger extravagant criticize fiction but come in the shape of novels far from breaking with their respective traditions they engage with the chivalric and the pastoral in a creative manner genre and imitation are key notions for assessing the status of the novels within literary history and the œuvres of cervantes and sorel with emphasis on the continuity of each writer s approach le berger extravagant is considered in the context of sorel s aim to educate readers and avoid romance stereotypes while the quijote is read as an individual take on the chivalric novel rejecting the spanish tradition in favor of the ironic italian romanzo cavalleresco like cervantes galatea and persiles don quijote reflects a specific tradition which in turn serves to illuminate the famous book this study

offers interpretations of the two novels but extends its scope toward the authors other works and additional contemporary sources including avellaneda s 1614 continuation of don quijote

Foundations for Soul Care

2004-01-01

this is a book about physics written for mathematicians the readers we have in mind can be roughly described as those who i are mathematics graduate students with some knowledge of global differential geometry 2 have had the equivalent of freshman physics and find popular accounts of astrophysics and cosmology interesting 3 appreciate mathematical clarity but are willing to accept physical motivations for the mathematics in place of mathematical ones 4 are willing to spend time and effort mastering certain technical details such as those in section 1 1 each book disappoints so me readers this one will disappoint 1 physicists who want to use this book as a first course on differential geometry 2 mathematicians who think lorentzian manifolds are wholly similar to riemannian ones or that given a sufficiently good mathematical background the essentials of a subject like cosmology can be learned without so me hard work on boring details 3 those who believe vague philosophical arguments have more than historical and heuristic significance that general relativity should somehow be proved or that axiomatization of this subject is useful 4 those who want an encyclopedic treatment the books by hawking ellis 1 penrose 1 weinberg 1 and misner thorne wheeler i go further into the subject than we do see also the survey article sachs wu 1 5 mathematicians who want to learn quantum physics or unified field theory unfortunately quantum physics texts all seem either to be for physicists or

merely concerned with formal mathematics

Critical Reflections on Career Education and Guidance

1959

this book with a focus on english and polish is a study of surveying terminology which may be considered as an under researched area when compared to legal medical or business terminologies it examines differences between terms and concepts in the two languages the purpose of the book is three fold firstly to investigate how surveying terms are created and how they are named in english and polish secondly to analyse concept systems of the two languages with respect to surveying terminology and thirdly to indicate the areas of surveying in which terminological and conceptual differences occur the factors that trigger them and translation strategies which are used to solve them the book offers a systematic corpus based approach to terminology data for analyses come from the english and polish surveying corpora compiled specifically for this project the author of the book attempts to provide a wide picture of surveying terminology by looking at problems that diversified groups of users may identify the book is directed towards terminologists and lexicographers for whom it provides a set of guidelines on how to enrich the content of surveying dictionaries translators and technical writers who may find information on how to deal with conceptual mismatches and to specialists in the surveying field who are interested in finding equivalents for problematic terms
