would seed an international phenomenon that continues to change people's lives to this day now in the first book of its kind part history and part how to guide the secrets of the crop circle world are revealed by the people behind the modern era's most astounding art practice whether you think crop circles represent a genuine mystery a new kind of art or an elaborate practical joke the field guide is sure to leave a lasting impression join us in the fields for a unique exploration of this very english artform

*Field Guide to the Piedmont* 2012-12-01 america's most populous region is also home to some of the nation's most serenely beautiful country tracing a gentle thousand mile curve from new york city southwestward to montgomery alabama the piedmont connects an arc of urban centers which includes five state capitals america's largest city and the national capital between the atlantic coastal plain and the blue ridge mountains the piedmont's rolling hills span miles of farmland and forest michael godfrey's field guide to the piedmont originally published by sierra club books and here newly revised and updated is an informative and entertaining guide to the entire region's habitats ecosystems and rich botanical communities focusing on plant succession geology soils climate and the plants and animals with which we share the land field guide to the piedmont also features 180 illustrations for easy identification of the piedmont's principal flora and fauna a chapter describing and providing directions to over fifty sites of special interest will inspire piedmont residents to take this field guide in hand and explore

their natural surroundings southern gateways guide is a registered trademark of the university of north carolina press

**The Field Guide to Dumb Birds of the Whole Stupid World** 2022-01-04 let's face it all birds are fascinating wonderful idiotic jerks no matter where in the world they reside following in the footsteps of the bestselling book the field guide to dumb birds of north america this hilarious sequel ventures beyond to identify the stupidest birds around the world featuring birds from north and south america africa asia europe and oceania author matt kracht identifies the dumb birds that manage to live all over the freaking place with snarky yet accurate names and humorous anger filled drawings this guide book details exactly how much these morons suck with facts about each bird's annoying call its stupid migratory pattern and its downright tacky markings complete with a matching game bird descriptor checklist tips on how to identify a bird you can tell a lot by looking into a bird's eyes for example this profanity laden book offers a balance of fact and wit that will appeal to hardcore birders and casual bird lovers and haters alike a must have a must have sequel to the bestselling parody book the field guide to dumb birds of north america unique laugh out loud funny this is a great coffee table or bar top conversation starting book and a bonus while the content is humorous it is practical and useful a great present this is the perfect gift for the bird lovers and haters in your life it also makes a great mother's day father's day birthday retirement or gag gift perfect for birdwatching and nature

enthusiasts armchair birders or nonbirders someone who needs a quirky gift for an animal lover friend people with serious birders in their lives who want something lighthearted

**The Field Guide to Human Error Investigations** 2017-11-01 this title was first published in 2002 this field guide assesses two views of human error the old view in which human error becomes the cause of an incident or accident or the new view in which human error is merely a symptom of deeper trouble within the system the two parts of this guide concentrate on each view leading towards an appreciation of the new view in which human error is the starting point of an investigation rather than its conclusion the second part of this guide focuses on the circumstances which unfold around people which causes their assessments and actions to change accordingly it shows how to reverse engineer human error which like any other component needs to be put back together in a mishap investigation

**The Kingdon Field Guide to African Mammals** 2015-04-23 jonathan kingdon one of the world's foremost authorities on african mammals has both written and illustrated this landmark field guide the unique combination of his extensive field experience and artistic talent has produced a stunning work that sets new standards the concise text provides full information on identification distribution ecology relationships and conservation status with introductory profiles that summarise the characteristics of each mammal group all known species of african land mammal are covered with coverage of several of the

more complex groups of small mammals simplified by reference to genera classification has been fully updated and this new edition includes many newly recognised species with over 780 colour illustrations numerous line drawings and more than 520 maps this book will be an essential companion to anyone visiting africa or with an interest in the mammals of the continent competition note there are regional mammal books covering southern africa for example but none that covers the whole continent in a portable format the smaller format and more concise kingdon pocket guide to african mammals may be more appealing to a more general safari market but is much less comprehensive and more out of date

A Field Guide To Getting Lost 2010-08-31 in this investigation into loss losing and being lost rebecca solnit explores the challenges of living with uncertainty a field guide to getting lost takes in subjects as eclectic as memory and mapmaking hitchcock movies and renaissance painting beautifully written this book combines memoir history and philosophy shedding glittering new light on the way we live now

**The Low Light Photography Field Guide** 2014-04-29 in bright light it is easier to take a beautiful photograph with your dslr when the sun starts to go down or you are shooting indoors a whole new skill set is needed this new addition to the successful field guide series will help you shoot what potentially could be the most lovely image without the help of natural light no more harsh flash photographs with dreary backgrounds and no more blurry night

metal forming hosford
