The Gilded Lily

2012-09-13

if you are a fan of books by philippa gregory then you might like the gilded lily by deborah swift winter 1661 in her short life sadie appleby has never left rural westmorland but one night she is rudely awoken by her older and bolder sister ella she has robbed her employer and is on the run together the girls flee their home and head for london hoping to lose themselves in the teeming city but the dead man s relatives are in pursuit and soon a game of cat and mouse ensues amongst the freezing warren that is london in winter ella is soon seduced by the glitter and glamour of city life and sets her sights on the flamboyant man about town jay whitgift owner of a beauty parlour for the wives of the london gentry but nothing in the capital is what it seems least of all jay whitgift soon a rift has formed between ella and sadie and the sisters are threatened by a menace more sinister than even the law set in a brilliantly realised restoration london the gilded lily is a novel about beauty and desire about the stories we tell ourselves and about how sisterhood can be both a burden and a saving grace

Free Private Cities

2018-08-07

imagine a system in which a private company offers you protection of life liberty and property as a government service provider this service includes internal and external security a legal and regulatory framework and independent dispute resolution you pay a contractually fixed fee for these services per year the government service provider as the operator of the community cannot unilaterally change this citizens contract with you later on as a contract citizen you have a legal claim to compliance and a claim for damages in the event the provider does not perform you

take care of everything else by yourself but you can also do whatever you want limited only by the rights of others and some limited rules of living together and you only take part if and as long as the offer appeals to you disputes between you and the government service provider are heard in independent arbitration courts as is customary in international commercial law if the operator ignores the arbitral awards or abuses his power in another way his customers leave and he goes bankrupt he therefore has an economic risk and therefore an incentive to treat his customers well and in accordance with the contract this concept is called a free private city the first part of this book deals with fundamental questions that every social order has to face the concept of free private cities described in the second part is derived from this historical and current models are examined the third part deals with concrete questions of implementation of free private cities finally the fourth part provides an outlook on future developments
