does god speak the answer seems clear books abound on the topic of hearing god s voice and many believers testify to god s conversational guidance in their life god told me to help you i knew it was god speaking to me our culture reinforces the idea that speaking constant speaking is good and natural and essential in those rare moments during a day when talking ceases or when we re alone we quickly find some way to fill the void whether turning on the television or radio or calling someone on the phone with others and especially with god we get the message speaking is good silence is bad but still ruth tucker is not afraid to ask the question does god speak and her answer might surprise you she urges caution in speaking about hearing god pointing out that our privatized spirituality often sets those who hear god on a pedestal and leaves those who don t feeling spiritually inferior further she shows how the expectation of conversation may too easily humanize god in our minds causing us to approach god with the same attitude we have when we call a friend on the phone and if god does speak how can we be sure our own desires are not affecting our interpretation of god s voice ingod talktucker offers us a new paradigm for viewing silence and prayer rather than feeling inferior when we don t hear god speak she helps us lean more deeply on his silent spirit inspired word by examining the trinity tucker gives us a new glimpse of how god the father spoke his words in the past how christ the incarnate word lived among us and how the holy spirit speaks to us now through scripture here is a probing thought provoking read on how our present active powerful god relates to us and how we in turn should relate to god
