fixed layout version sierra crossing is the story and photographs that describe and capture the epic 70 mile crossing of the sierra nevada mountain range from east to west as the first pioneers and trailblazers would have seen it as a week long trek it is an adventure anybody from across america could aspire to author tom stienstra and photographer michael furniss provide a seat at their nightly campfires and with it a rare glimpse of a little known land and what it takes to see it the trek starts from the flank of mount whitney at 14 497 feet the highest point in the lower 48 and then ranges over the sierra crest down a 5 000 foot deep canyon then up and over the great western divide to sequoia national park at the foot of the western sierra in the process the stories describe how three outdoorsmen walked in the footsteps of trailblazers and explorers they detail an experience similar to that required by pioneers 200 years ago across a pristine landscape that looks much as it did 5 000 years ago it thus is a journey into the past yet one that is still up to date this trek reveals the towering canyon rims ancient virgin forests pristine lakes and creeks waterfalls and hot springs and wildlife for which each visitor is a curiosity not a threat the trout fishing in the remote kern is among the best of any in the american wilderness the streams are the purest in america people are scarce and litter nonexistent the narrative and photography captures both the outdoor experience and the timeless sense of the epic landscape

new york magazine was born in 1968 after a run as an insert of the new york herald tribune and quickly made a place for itself as the trusted resource for readers across the country with award winning writing and photography covering everything from politics and food to theater and fashion the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating new york as both a place and an idea

Physical exercise for age-related neuromusculoskeletal disorders 2023-01-19

this book is a collection of stories on family life and values it begins with a story of the author's namesake who came to california in 1849 in pursuit of happiness the middle section is about a range of events in life the final section is about beliefs which helped guide the author's actions the chapters tell individual stories but when read as a whole you will recognize a life full of experiences some important some not so much but all comfortably wrapped in humor eclectic you bet boring no the author recognizes that some people who participated in the events described in the book will remember things differently that's ok with him memoirs are perceptions and not necessarily precise the author asks readers who want 100% accuracy to write their own book

The Cowtown Detective 2018-06-04
