Cincinnati Magazine 1989-06 cincinnati magazine taps into the dna of the city exploring shopping dining living and culture and giving readers a ringside seat on the issues shaping the region

Cincinnati Magazine 1987-08 call it the forgotten rivalry the cincinnati reds and the los angeles dodgers may not share geographical boundaries and today they don't even play in the same division but for a period of time in the 1970s dodgers vs reds was the best rivalry in major league baseball they boasted the biggest names of the game johnny bench steve garvey pete rose don sutton and ron cey to name a few and appeared in the world series seven out of nine years in cincinnati red and dodger blue baseball's greatest forgotten rivalry tom van riper provides a fresh look at these two powerhouse teams and the circumstances that made them so pivotal van riper delves into the players managers executives and broadcasters from the rivalry whose impact on baseball continued beyond the 1970s including the first recipient of tommy john surgery tommy john himself the all time hit king turned gambling pariah pete rose

and two young announcers who would soon go on to national prominence Al Michaels and Vin Scully. In addition, Van Riper recounts in detail the 1973 season when both teams were at or near their peak form, particularly the extra-inning nail biter between the Reds and Dodgers that took place on September 21 and effectively decided the divisional race. Cincinnati Red and Dodger Blue includes never-before-published interviews with former players from the rivalry, providing a personal and in-depth look at this decade in baseball full of upheaval and change. Baseball's realignment in 1994 may have rendered this great rivalry nearly forgotten, but its story is one that will be enjoyed by baseball fans and historians of all generations.

**Cincinnati Magazine** 2004-02 Let's be blunt: library funding is political, and the struggle to secure funding is ongoing. The work that librarians need to do to influence local politics doesn't just pop up in the few months before election day; it should span the years before or between elections. The authors' previous book, *Winning Elections and Influencing Politicians for Library Funding*, targeted library ballot committees and advocacy organizations, but their new book speaks directly to librarians, library staff, and boards. It is designed to help library leaders understand and navigate the political nature of their work in the years leading up to a ballot measure or political initiative, sharing the tools and tactics developed by their organization. EveryLibrary, the nation's first and only political action committee for libraries, is in this book. They discuss how the day-to-day work of librarians, their communications with the public, and their roles and responsibilities in the community can help increase the willingness of public and local elected officials to support funding libraries through taxes. The book guides readers through the practical side of running a public-facing informational communications campaign for their library before election day, explains the concept of "surfacing," the important groundwork of occupying a strong and positive space in the community during the years before and between ballot measures, demonstrates why surfacing is one of the most crucial steps a library can take to build and maintain support, shares the most recent data insights into voter attitudes about libraries and librarians, shows how libraries can coordinate internally to build new external partners, offers advice on finding, activating, and holding onto supporters, and discusses the path to the ballot with practical insights about how to get onto the ballot. This essential resource is filled with concrete steps that librarians, library staff, and boards can take to ensure that

political support is there when they need it the most

*Cincinnati Magazine* 2004-08 this book will make a profound difference for the church in this moment in history the most reverend michael b curry sometimes it takes disruption and loss to break us open and call us home to god it s not surprising that a global pandemic and once in a generation reckoning with white supremacy on top of decades of systemic decline have spurred christians everywhere to ask who we are why god placed us here and what difference that makes to the world in this critical yet loving book the author explores the american story and the episcopal story in order to find out how communities steeped in racism establishment and privilege can at last fall in love with jesus walk humbly with the most vulnerable and embody beloved community in our own broken but beautiful way the church cracked open invites us to surrender privilege and redefine church not just for the sake of others but for our own salvation and liberation

Cincinnati Magazine 2001-05 cincinnati magazine taps into the dna of the city exploring shopping dining living and culture and giving readers a ringside seat on the issues shaping the region

**Cincinnati Red and Dodger Blue** 2017-04-13 when considering the tapestry of popular music history that has emerged in the last 40 or so years a chronicle that shows no signs of abating there have been critical and enthusiastic studies of not just performers or the cities in which they arose in any number but also of the recorded legacy of such cities i e its record labels cincinnati for all its decades of accomplishment in the recorded music arena has been heretofore perhaps underserved apart from real time newspaper articles of the 1940s 70s a number of fine books have appeared each of which provides a further tantalizing look at the vast offerings of the queen city and the ohio river valley this book is the complete document of the subject at hand and is intended as a bedrock upon which to construct a hopefully ongoing library of cincinnati s record companies a library that encompasses the aforementioned volumes as well as encourages new efforts from fresh pens the subject owing to the stunning breadth and depth of the city s industry and drive is probably inexhaustible the book its targeted collectors and enthusiasts aside also seeks to advance understanding two specific communities who were substantial parts of the cultural political and musical milieu of cincinnati

and indeed great swaths of the midwest african americans and appalachians the contributions and excitement consistently delivered by these populations greatly enriched the styles and ever shifting forms of american popular music especially in the fecund postwar era and here the book intends to shed some new light on their conditions treatment and influence both then and now finally the book is a fond meditation upon a city with strengths and flaws successes and failures all of which can be found writ small in the record business of the 20th century in our accelerating fraying culture the analog world of this story is not a lesser place far from it that world was one of grit risk and often sweet rewards as it recedes ever further into the past hopefully the story of its many and varied musical lights will remain engaging and inspiring
