xix precedents and stability xx codification xxi words and music legislation and judicial interpretation xxii constitutions the merry go round xiii legal reasoning xxiv da capo xxv the anthropological approach xxvi natural law xxvii the psychology of litigants xxviii the unblindfolding of justice xxix classicism and romanticism xxx justice and emotions xxxi questioning some legal axioms xxxii reason and unreason ideals what happens when public prosecutors the most powerful officials in the criminal justice system seek convictions instead of justice why are cases involving well to do victims often prosecuted more vigorously than those involving poor victims why do wealthy defendants frequently enjoy more lenient plea bargains than the disadvantaged in this eye opening work angela j davis shines a much needed light on the power of american prosecutors revealing how the day to day practice of even the most well intentioned prosecutors can result in unequal treatment of defendants and victims ranging from mandatory minimum sentencing laws that enhance prosecutorial control over the outcome of cases to the increasing politicization of the office davis uses powerful stories of individuals caught in the system to

demonstrate how the perfectly legal exercise of prosecutorial discretion can result in gross inequities in criminal justice for the paperback edition davis provides a new afterword which covers such recent incidents of prosecutorial abuse as the jena six case the duke lacrosse case the department of justice firings and more this is quite simply the best study of judicial independence that i have ever read it is erudite historically aware and politically astute malcolm m feeley claire sanders clements dean s professor boalt hall school of law university of california at berkeley professor geyh has written a wise and timely book that is informed by the author s broad and deep experience working with the judicial and legislative branches by the insights of law history and political science and by an appreciation of theory and common sense stephen b burbank david berger professor for the administration of justice university of pennsylvania law school with congress threatening to go nuclear over judicial appointments and lawmakers accusing judges of being arrogant out of control and unaccountable many pundits see a dim future for the autonomy of america s courts but do we really understand the balance between judicial independence and congress s desire to limit judicial reach charles geyh s when courts and congress collide is the most sweeping study of this question to date and an unprecedented analysis of the relationship between congress and our federal courts efforts to check the power of the courts have come and gone throughout american history from the jeffersonian congress s struggle to undo the work of the federalists to fdr s campaign to pack the supreme court to the epic senate battles over the bork and thomas nominations if legislators were solely concerned with curbing the courts geyh suggests they would use direct means such as impeaching uncooperative judges gerrymandering their jurisdictions stripping the bench s oversight powers or slashing judicial budgets yet while congress has long been willing to influence judicial decision making indirectly by blocking the appointments of ideologically unacceptable nominees it has with only rare exceptions resisted employing more direct methods of control when courts and congress collide is the first work to demonstrate that this balance is governed by a dynamic equilibrium a constant give and take between congress s desire to control the judiciary and its respect for historical norms of judicial independence it is this dynamic equilibrium geyh says rather than what the supreme court or the constitution says about the separation of powers that defines the limits of the judiciary s independence when courts and congress collide is a groundbreaking work requiring all of us to consider whether we are on the verge of radically disrupting our historic balance of governance charles gardner geyh is professor of law and charles l whistler faculty fellow at indiana university at bloomington he has served as director of the american judicature society s center for judicial independence reporter to the american bar association commission on separation of powers and judicial independence and counsel to the judiciary committee of the u s house of representatives constitutional scholar kermit roosevelt uses plain language and compelling examples to explain how the constitution can be both a constant and an organic document and takes a balanced look at controversial decisions through a compelling new lens of constitutional interpretation presents islamic stories that offer a background in islamic traditions folk tales and mystical verse most people think that the supreme court has a rough balance between left and right this is a myth in fact the justices once considered right wing have now taken the mantle of the court s moderates and the liberal element has all but disappeared most people also think that judicial activism is solely a liberal movement this is also a myth since william rehnquist was confirmed as chief justice in 1986 the supreme court has engaged in an unprecedented record of judicial activism these two factors are feeding a movement to restore what many conservatives call the constitution in exile by which they mean the constitution as it existed before the roosevelt administration radicals in robes explains what the restoration of this constitutional vision would mean it would mean the end of the fcc the sec the epa and every other federal agency that enacts regulations that have the force of law it would mean that the clause of the first amendment that says that congress may make no law respecting an establishment of religion would be turned on its head marriage laws and many other familiar areas of modern life are all in the sights of this conservative movement radicals in robes takes judicial philosophy out of the law schools and shows what it means when it intersects partisan politics it pulls away the veil of rhetoric from a dangerous and radical right wing movement and issues a strong and passionate warning about what conservatives really intend one of the most respected legal theorists in the country cass r sunstein here issues a warning of compelling concern to us all a library journal best wellness book of 2018 2018 self help silver medal winner independent book publishers association 2018 non fiction audio book silver medal winner independent book publishers association 2018 foreword reviews book of the year award finalist family relationships what would your life be like if you accepted people and things as they are do you wish your parents had been more nurturing and supportive are you wondering if you ll ever find your perfect soul mate and dream boss do you wish you had perfect children relatives who never fight and friends who always agree with you no one gets to sail through life free of turbulence what separates people who shake it off bounce back and stay positive from the bitter never satisfied and defeated best selling author and former compulsive controller daniel a miller convincingly attests that the answer is choosing acceptance in the gifts of acceptance embracing people and things as they are danny shares what he s learned through extensive research inspiring true stories and his own

experience with hardships about the integral relationship between accepting the facts of life and others with their quirks flaws and differences and enjoying greater satisfaction in life recognizing the benefits of acceptance isn't difficult yet the reality of accepting an unexpected job loss or financial setbacks a friend's betrayal a child's struggle with addiction a serious illness or even the annoying traits of a loved one can be extremely challenging to make it easier the gifts of acceptance offers insights intentions and strategies for practicing acceptance of parents a significant other children siblings and extended family coworkers friends and foes of life's adversities and the limitations of getting older and perhaps toughest of all of yourself you will learn how practicing acceptance helps you navigate life's ups and downs more easily enjoy greater trust openness and intimacy with your loved ones and those closest to you survive control freaks foes and other crazy makers lift self-imposed burdens and obligations and experience less stress frustration and worry reduce the struggle with your children strengthen bonds with coworkers and business associates discover new choices and opportunities in the most discouraging situations turn setbacks and failures to future successes find the path to assured self-acceptance the gifts of acceptance is a book with the potential to repair relationships revitalize careers and make the world a better place a neobaroque novel that immerses the reader in a bedazzling and surrealistic vortex where a search for an idealized goal often turns into a mirage the four protagonists li tzu candy slice dhalia meanor and adela carroza anxiously await the arrival of mr ioso the greek who will fulfill their dreams it is during this anxious wait that they recount the story of their turbulent lives which are often distorted by desire ambition and revenge spanish una novela neobarroca que sumerge al lector en un vórtice espejeante y surrealista donde la búsqueda de una meta idealizada con frecuencia se convierte en un espejismo las cuatro protagonistas li tzu candy slice dhalia meanor y adela carroza ansiosamente aguardan la llegada de mr ioso el griego que completará sus sueños es durante esta ansiosa espera que cuentan la historia de sus vidas turbulentas casi siempre distorsionadas por el deseo la ambición o la venganza winner of the 2018 excellence in financial journalism award from pulitzer prize winning journalist jesse eisinger a fast moving fly on the wall disheartening look at the deterioration of the justice department and the securities and exchange commission it is a book of superheroes san francisco review of books why were no bankers put in prison after the financial crisis of 2008 why do ceos seem to commit wrongdoing with impunity the problem goes beyond banks deemed too big to fail to almost every large corporation in america to pharmaceutical companies and auto manufacturers and beyond the chickenshit club an inside reference to prosecutors too scared of failure and too daunted by legal impediments to do their jobs explains why in an absorbing financial history a monumental work of journalism a first rate study of the federal bureaucracy bloomberg businessweek jesse eisinger begins the story in the 1970s when the government pioneered the notion that top corporate executives not just seedy crooks could commit heinous crimes and go to prison he brings us to trading desks on wall street to corporate boardrooms and the offices of prosecutors and fbi agents these revealing looks provide context for the evolution of the justice department's approach to pursuing corporate criminals through the early 2000s and into the justice department of today including the prosecutorial fiascos corporate lobbying trial losses and culture shifts that have stripped the government of the will and ability to prosecute top corporate executives brave and elegant a fearless reporter eisinger's important and profound book takes no prisoners the washington post exposing one of the most important scandals of our time the chickenshit club provides a clear detailed explanation as to how our justice department has come to avoid bungle and mismanage the fight to bring these alleged criminals to justice this book is a wakeup call a chilling read and a needed one npr.org his bond with the city mirrored his parents relationship to their towns in the old world except that manhattan offered him a future they could only imagine merely by working hard within a few square miles of new york the young weinfeld could become a great lawyer and ultimately a judge of national repute weinfeld's personal growth and socioeconomic mobility illustrates how the children of catholic and jewish immigrants were assimilated into mainstream american life during the course of the twentieth century his unique approach to jurisprudence offers a model for the equal legal protection of all americans book jacket for 60 million americans a criminal record overshadows everything else about their identity citizens have a right to know when someone around them represents a threat but convicted persons have rights too james jacobson examines the problem of erroneous records and proposes ways to eliminate discrimination for those who have been rehabilitated on the long roads of devery ride two mercenaries whose fates like hidden deep in that of their own land but lord rhodry exiled from the dragon court of aberwyn has yet to discover his true parentage and his swordmaster lover jill has barely glimpsed her awesome powers meanwhile the ancient sorcerer newyn held back by his vows from boldly intervening in their lives can only watch and wait as rhodry and jill move ever closer to danger for as the two struggle to recover the great stone the mystic jewel that guides the conscience of the kingship of devery malevolent dark masters are weaving terrifying spells against them and displacing messengers of death katharine kerr has extensively rewritten darkspell incorporating major changes in the text making this her definitive edition here the epic saga that began with the daggerspell continues a tale of might and magic lust and glory dark danger and poignant desires that echo from devery's sapphire waters to its secret mountain

caverns it s a spellbinding story destined to please fantasy lovers everywhere for two centuries federal judges exercised wide discretion in criminal sentencing in 1987 a complex bureaucratic apparatus termed sentencing guidelines was imposed on federal courts fear of judging is the first full scale history analysis and critique of the new sentencing regime arguing that it sacrifices comprehensibility and common sense in this enlarged edition of a modern classic first published in 1991 on the battle of chess ideas grandmaster mihai suba developed the concept of dynamic potential in modern chess strategy in improving your position on the board the old strategy principles often lead to conflicting conclusions suba takes another view on the meaning of for example bad positions and quiet moves and uses a light touch to explain his ideas with many entertaining and instructive examples the author explores the accumulation of potential as the modern way to get the advantage a thought provoking and yet very practical guide gender ideologies and military labor markets in the u s offers a comprehensive analysis of the relationship between changes in military gender ideologies and structural changes in u s military and society by investigating how social and military change have influenced gender ideologies the author develops an approach that re connects military gender ideologies to the social conditions of their production and distribution and explains their transformation as effects of changing social and political relations and conflicts examining the role of different groups of social actors media debates on women s military participation and gender ideologies inherent in depictions of military women the author seeks to contextualise these ideologies are within structural change in the u s military and society relating them to the gender specific division of labour on civilian and military labor markets this work provides a deeper understanding of the nexus between military re structuring processes women s military integration and changes of gender ideologies in regard to war and the military and will be of great interest to students and scholars of gender security studies and american politics an excellent introduction to real world ethnography this book covers short and long term participant observation and ethnographic interviewing and uses diverse cultures as cases a fun and colorful alphabet book written and illustrated by anna age 5 and her sister abby age 4 these two sisters embarked on their book making adventure the summer before starting kindergarden and pre school both girls love drawing and reading creating this book has been a fun way to apply what they ve been learning about letters writing and picture making the ideas illustrations and text are their own creations and reflect the things people and even colors they love clear and abundant examples using real world code written by three experienced developers who write networking code for a living describes how to build clients and servers explains how tcp udp and ip work and shows how to debug networking applications via packet sniffing and deconstruction well suited for windows developer looking to expand to linux or for the proficient linux developer looking to incorporate client server programming into their application this book is the essential revision guide for neurology in the membership of the royal college of physicians mrcp neurology has been rated as the most difficult subject in mrcp examinations and there has been no concise and easy to use revision guide to help candidates through the exams until now neurology for mrcp is written by two experienced neurologists who have taught both the written part 1 and part 2 and clinical paces sections of the exam this pioneering new book will also be useful for medical students sitting for their final examinations and for doctors who are preparing for the plab examination
