Post-scarcity Anarchism 2004

from the working classics series comes this modern anarchist classic bringing an inspiring vision of how a non hierarchical ecologically minded and non capitalist society can equitably meet human needs bookchin argues that material scarcity need no longer plague human history through the dissolution of hierarchical relations social and cultural potentials can now be fulfilled in our post scarcity era

Post-scarcity Anarchism 2004

from the working classics series comes this modern anarchist classic bringing an inspiring vision of how a non hierarchical ecologically minded and non capitalist society can equitably meet human needs bookchin argues that material scarcity need no longer plague human history through the dissolution of hierarchical relations social and cultural potentials can now be fulfilled in our post scarcity era

Post-scarcity Anarchism 1986

in this series of related essays murray bookchin balances his ecological and anarchist vision with the promising opportunities of a post scarcity era surpassing the constraints of marxist political economy which was rooted in an era of material scarcity and could not foresee the sweeping changes ahead bookchin argues that the tools necessary for the self administration of a complex industrial society have already been developed and have greatly altered our revolutionary landscape technological advances were made during the 20th century which expanded production greatly but in the pursuit of corporate profit and at the expense of human need workers control and ecological sustainability through direct control on industry and by incorporating an ecological and utopian vision for society the working class can now dispell the myth that the state hierarchical social relations and

political parties vanguards are necessary to their struggle for freedom
bookchin s analysis rooted in the realities of contemporary society remains
refreshingly pragmatic book jacket

The Next Revolution 2015-01-06

from athens to new york recent mass movements around the world have
challenged austerity and authoritarianism with expressions of real democracy
for more than forty years murray bookchin developed these democratic
aspirations into a new left politics based on popular assemblies influencing a
wide range of political thinkers and social movements with a foreword by
the best selling author of the dispossessed ursula k le guin the next revolution
brings together bookchin s essays on freedom and direct democracy for the
first time offering a bold political vision that can move us from protest to
social transformation a pioneering voice in the ecology and anarchist
movements he is the author of the ecology of freedom and post scarcity
anarchism among many other books

The Modern Crisis 2022-07-29

murray bookchin s frank assessment of the disaster we are heading toward at
increasing speed is as much a work of ethics as it is of environmentalism the
four essays that comprise it share the view that as he puts it our ideas and our
practice must be imbued with a deep sense of ethical commitment whether
he is critiquing the market economy the state or the idea common to both
capitalists and certain left materialists that human beings are motivated solely
by greed and self interest bookchin ever reminds us of the ineffable values of
freedom self consciousness and social harmony though first published in 1986
bookchin s framework still applies the moral relativism of the 1980s the
politics of lesser evils and risk vs benefit calculations has morphed into what
we now refer to as both sidesism and the risk vs benefit calculations of
yesterday are the 100 000 acre burn scars seen throughout the american west

today beyond moral relativism or moral absolutism is an ecologically based ethics one that sees our selfhood reason and freedom as stemming from nature s variety and resilience bookchin s social ecology refuses to separate society from nature as such one can consider it a philosophy of participation we cannot develop ecocommunities that aren t participatory we can t save ourselves and the planet without an ethics of freedom this edition with a new introduction by bookchin scholar andy price is a breath of fresh air for a left that seems to have forgotten basic truths

Anarchy After Leftism 1997

a reply to and an assault on murray bookchin s social anarchism or lifestyle anarchism bookchin himself bookchinism and so called anarcho leftism

Post Scarcity Anarchism. L'anarchia Nell'età Dell'abbondanza 2017

for close to four decades murray bookchin s eco anarchist theory of social ecology has inspired philosophers and activists working to link environmental concerns with the desire for a free and egalitarian society new veins of social ecology are now emerging both extending and challenging bookchin s ideas for this instructive book andrew light has assembled leading theorists to contemplate the next steps in the development of social ecology topics covered include reassessing ecological ethics combining social ecology and feminism building decentralized communities evaluating new technology relating theory to activism and improving social ecology through interaction with other left traditions

Social Ecology After Bookchin 1998-01-01

a diverse collection of 169 poems by 74 poets writing about blue collar america at work arrangement is by author with indexing that gives access by

subjects such as accidents after work bosses various industries retirement sabotage pride in work the theme of work is a central and evocative one and this collection brings its importance home

The Anarchist Moment 1984

an accessible and thorough overview of anarchist figures and tendencies in the nineteenth and twentieth centuries

Working Classics 1990

the continuum companion to anarchism is a comprehensive reference work to support research in anarchism the book considers the different approaches to anarchism as an ideology and explains the development of anarchist studies from the early twentieth century to the present day it is unique in that it highlights the relationship between theory and practice pays special attention to methodology presents non english works key terms and concepts and discusses new directions for the field focusing on the contemporary movement the work outlines significant shifts in the study of anarchist ideas and explores recent debates the companion will appeal to scholars in this growing field whether they are interested in the general study of anarchism or in more specific areas featuring the work of key scholars the continuum companion to anarchism will be an essential tool for both the scholar and the activist

Anarchism and Its Aspirations 2010

visionary essays from a founder of the modern ecology movement in this collection of essays murray bookchin s vision for an ecological society remains central as he addresses questions of urbanism and city planning technology self management energy utopianism and more throughout he opposes efforts to reduce ecology to a toothless environmentalism a task as vital today as

when these essays were first published written between 1969 and 1979 the essays in this collection represent a fascinating and fertile period in bookchin's life coming out of the unfulfilled promise of the sixties and trying to develop a revolutionary critique of social life that avoided the pitfalls of marxism he was entering his creative intellectual peak he was laying the foundations of a truly social ecology a society based on decentralization interdependence democratic self management mutual aid and solidarity presented with clarity and fervor these key works contain the kernels of concerns that would occupy him until his death in 2006 this edition also includes a new foreword by dan chodorkoff someone who was with bookchin at the founding of his institute for social ecology and who understand his work better than anyone

The Bloomsbury Companion to Anarchism

2012-06-28

this collection provides an overview of the thought of the foremost social theorist and political philosopher of the libertarian left today best known for introducing ecology as a concept relevant to radical political thought in the early 1960s murray bookchin was the first to propose in the innovative and coherent body of ideas that he has called social ecology that a liberatory society would also have to be an ecological one his writings span five decades and encompass subject matter of remarkable breadth bookchin's writings on revolutionary philosophy politics and history are far less known than the specific controversies that have surrounded him but deserve far greater attention despite bookchin's critical engagement with both marxism and anarchism his political philosophy known as libertarian municipalism draws on the best of both for the emancipatory tools to build a democratic libertarian alternative his nature philosophy is an organic outlook of generation development and evolution that grounds human beings in natural evolution yet contrary to today's fashionable anti humanism places them firmly at its summit bookchin's anthropological writings trace the rise of hierarchy and

domination out of egalitarian societies while his historical writings cover important chapters in the european revolutionary tradition consistent throughout bookchin s work is a search for ways to replace today s capitalist society which disenchants most of humanity for the benefit of the few and is poisoning the natural world with a more rational and humane alternative the selections in this reader constitute a sampling from the writings of one of the most pivotal thinkers of our era

Toward an Ecological Society *2024-03-05*

with the rise of the global protestor from arab spring to the occupy movement the term anarchist has been littered throughout mainstream media as never before but just as frequently its definition is skewed or left wanting anarchists are painted as nihilists supporters of chaos or even terrorists in order without power an informative primer normand baillargeon thoroughly defines anarchism and recounts its long history in outlining the forerunners of this movement he illuminates the differences between collectivists federalists communists syndicalists and further strains such as anarcho feminism pacifist anarchism and religious anarchism with sharp examples and concise lively language baillargeon describes the contributions from early anarchists like william godwin max stirner pierre joseph proudhon mikhail bakunin and pierre kropotkin through noam chomsky as well as the uprisings struggles revolts and revolutions that tested or expanded the theories from the international workingmen s association to haymarket from the russian revolution to may 1968 baillargeon unpacks anarchism s position on various issues and reveals this political theory s vibrant heart anti authoritarianism or the rational and conscious refusal of any form of illegitimate authority and power

The Murray Bookchin Reader *1999*

making another world possible identifies the british contribution to the genealogy of modern green and anti capitalist thinking by examining left libertarian ideologies in the late 19th and early 20th century britain and highlighting their influence on present day radical thought as capitalism heralded the triumph of technology greater production and a new urban industrial society some imagined alternatives to this notion of progress based on endless economic growth the book examines the development of ideas from these dissidents who included communists class warriors free thinkers secularists and christian communitarians all shared the same beliefs that the benefits of industrialism could only be realized through equality and that urban culture depended on a healthy agriculture and harmony with the natural world concerns that are still of great importance today this distinctive history of anarchist ideas reappraises the work of thinkers and revises the historical picture of the radical milieu in 19th and 20th century britain it will be an essential resource to anyone researching the history of ideas and studying anarchism

Order Without Power *2014-02-18*

a spirited defense of the anarchist approach to life james scott taught us what s wrong with seeing like a state now in his most accessible and personal book to date the acclaimed social scientist makes the case for seeing like an anarchist inspired by the core anarchist faith in the possibilities of voluntary cooperation without hierarchy two cheers for anarchism is an engaging high spirited and often very funny defense of an anarchist way of seeing one that provides a unique and powerful perspective on everything from everyday social and political interactions to mass protests and revolutions through a wide ranging series of memorable anecdotes and examples the book describes an anarchist sensibility that celebrates the local knowledge common sense and creativity of ordinary people the result is a kind of handbook on constructive

anarchism that challenges us to radically reconsider the value of hierarchy in public and private life from schools and workplaces to retirement homes and government itself beginning with what scott calls the law of anarchist calisthenics an argument for law breaking inspired by an east german pedestrian crossing each chapter opens with a story that captures an essential anarchist truth in the course of telling these stories scott touches on a wide variety of subjects public disorder and riots desertion poaching vernacular knowledge assembly line production globalization the petty bourgeoisie school testing playgrounds and the practice of historical explanation far from a dogmatic manifesto two cheers for anarchism celebrates the anarchist confidence in the inventiveness and judgment of people who are free to exercise their creative and moral capacities

Making Another World Possible 2013-07-18

originally published in 1962 our synthetic environment is a pioneering work that exposes the negative effects that chemicals and other toxins in our environment have on human health from the degradation of our food and soil due to industrial agricultural methods to how pollution radiation and other issues with the air we breathe and the way we live are the causes of illnesses like cancer the book was visionary in its anticipation of many of the ecological problems our planet faces today written by one of the leading eco thinkers of the twentieth century our synthetic environment is as vital a read today as it was sixty years ago an essential companion to rachel carson's silent spring this new edition of our synthetic environment features an introduction by environmentalist and best selling author bill mckibben

Two Cheers for Anarchism 2014-03-10

would you want a world without government in this clear and penetrating study ruth kinna goes directly to the heart of this controversial ideology explaining the influences that have shaped anarchism and the different

tactics and strategies that have been used by anarchists throughout history to achieve their ends kinna covers themes both historical and acutely contemporary including could anarchy ever really be a viable alternative to the state can anarchist ideals ever be consistent with the justification of violence how has anarchism influenced the anti globalization movement

Our Synthetic Environment 2022-08

the study of anarchism as a philosophical political and social movement has burgeoned both in the academy and in the global activist community in recent years taking advantage of this boom in anarchist scholarship nathan jun and shane wahl have compiled twenty six cutting edge essays on this timely topic in new perspectives on anarchism

Anarchism 2012-12-01

anarchism a criticism and history of the anarchist theory is many of the old classic books which have been considered important throughout the human history they are now extremely scarce and very expensive antique so that this work is never forgotten we republish these books in high quality using the original text and artwork so that they can be preserved for the present and future generations this whole book has been reformatted retyped and designed these books are not made of scanned copies of their original work and hence the text is clear and readable

New Perspectives on Anarchism 2010

delving into the anarchist writings of nietzsche foucault and baudrillard and exploring the cyberpunk fiction of william gibson and bruce sterling theorist lewis call examines the new philosophical current where anarchism meets postmodernism this theoretical stream moves beyond anarchism s conventional attacks on capital and the state to criticize those forms of

rationality consciousness and language that implicitly underwrite all economic and political power call argues that postmodernism s timely influence updates anarchism making it relevant to the political culture of the new millennium

Anarchism: A Criticism and History of the Anarchist Theory *2021-10-08*

today the word anarchism inspires both fear and fascination but few people understand what anarchists believe what anarchists want and what anarchists do this incisive book puts forward the case for anarchism as a pragmatic philosophy originally written in 1969 and updated for the twenty first century about anarchism is an uncluttered precise and urgently necessary expression of practical anarchism crafted in deliberately simple prose and without constant reference to other writers or past events it can be understood without difficulty and without any prior knowledge of political ideology as one of the finest short introductions to the basic concepts theories and applications of anarchism about anarchism has been translated into many languages including french spanish japanese chinese polish and russian this new edition includes an updated introduction from natasha walter and an expanded biographical sketch of the author nicolas walter who was a respected writer journalist and an active protester against the powers of both the church and the state

Postmodern Anarchism *2002*

an pamphlet by the famed anarchist philosopher peter kropotkin on the inevitability of socialism and the place the anarchism has in the struggle for social justice a classic in the library of radical literature

About Anarchism 2019-07-01

this handbook unites leading scholars from around the world in exploring anarchism as a political ideology from an examination of its core principles an analysis of its history and an assessment of its contribution to the struggles that face humanity today grounded in a conceptual and historical approach each entry charts what is distinctive about the anarchist response to particular intellectual political cultural and social phenomena and considers how these values have changed over time at its heart is a sustained process of conceptual definition and an extended examination of the core claims of this frequently misunderstood political tradition it is the definitive scholarly reference work on anarchism as a political ideology and should be a crucial text for scholars students and activists alike

The Place of Anarchism in Socialistic Evolution 2019-09-19

what is nature what is humanity's place in nature and what is the relationship of society to the natural world in an era of ecological breakdown answering these questions has become of momentous importance for our everyday lives and for the future that we and other life forms face in the essays of the philosophy of social ecology murray bookchin confronts these questions head on invoking the ideas of mutualism self organization and unity in diversity in the service of ever expanding freedom refreshingly polemical and deeply philosophical they take issue with technocratic and mechanistic ways of understanding and relating to and within nature more importantly they develop a solid historically and politically based ethical foundation for social ecology the field that bookchin himself created and that offers us hope in the midst of our climate catastrophe

The Palgrave Handbook of Anarchism 2018-06-22

this book contains two of kropotkins most famous works the conquest of bread and the the place of anarchism kropotkin was a russian prince whose father owned 1 200 serfs later in life he came to hate the inequality in his society he came to point out the flaws inherent in feudalism and capitalism and how it can create poverty and scarcity even though there are enough resources for everybody

The Philosophy of Social Ecology 2022-04-19

reproduction of the original

The Conquest of Bread and the Place of Anarchism in Socialistic Evolution 2018-06-06

the ecology of freedom his most exciting and far reaching work yet this engaging and extremely readable book s scope is downright breathtaking using an inspired synthesis of ecology anthropology philosophy and political theory it traces our society s conflicting legacies of freedom and domination from the first emergence of human culture to today s global capitalism the theme of bookchin s grand historical narrative is straightforward environmental economic and political devastation are born at the moment that human societies begin to organize themselves hierarchically and despite the nuance and detail of his arguments the lesson to be learned is just as basic our nightmare will continue until hierarchy is dissolved and human beings develop more sane sustainable and egalitarian social structures the ecology of freedom is indispensable reading for anyone who s tired of living in a world where everything and everyone is an exploitable resource it includes a brand new preface by the author book jacket

Anarchism 2017-12-03

The Ecology of Freedom 1991

what do anarchists want can anarchy ever function effectively as a political force is anarchism more organized and reasonable than is currently perceived colin ward explains what anarchism means and who anarchists are in this illuminating and accessible introduction to the subject

Social Anarchism Or Lifestyle Anarchism 1995

a much needed collection that thinks through power desire and human liberation these pieces are sure to raise the level of debate about sexuality gender and the ways that they tie in with struggles against our ruling institutions roxanne dunbar ortiz outlaw woman against the austerity of straight politics queering anarchism sketches the connections between gender mutiny queer sexualities and anti authoritarian desires through embodied histories and incendiary critique the contributors gathered here show how we must not stop at smashing the state rather normativity itself is the enemy of all radical possibility eric a stanley co editor of captive genders what does it mean to queer the world around us how does the radical refusal of the mainstream codification of glbt identity as a new gender norm come into focus in the context of anarchist theory and practice how do our notions of orientation inform our politics and vice versa queering anarchism brings together a diverse set of writings ranging from the deeply theoretical to the

playfully personal that explore the possibilities of the concept of queering turning the dominant and largely heteronormative structures of belief and identity entirely inside out ranging in topic from the economy to disability politics social structures sexual practice interpersonal relationships and beyond the authors here suggest that queering might be more than a set of personal preferences pointing toward the possibility of an entirely new way of viewing the world contributors include jamie heckert sandra jeppesen ben shepard ryan conrad jerimarie liesegang jason lydon susan song stephanie grohmann liat ben moshe anthony j nocella a j withers and more deric shannon c b daring j rogue and abbey volcano are anarchists and activists who work in a wide variety of radical feminist and queer communities across the united states

Anarchism: A Very Short Introduction 2004-10-21

this timely book introduces readers to anarchism s relationship to broader history offering not only a history of anarchism in the modern period but a critical introduction to debates on anarchist history attention thus far has been biased towards intellectual history and key thinkers such as proudhon bakunin and kropotkin but these studies have neglected the social movements and spaces which have seen anarchy in action and marginalised the role of women and voices beyond europe and the united states debating anarchism offers a different perspective engaging with women s anarchist experiences and grounding recent historical work on anarchism in a global perspective interrogating anarchism as a concept a movement and a social reality the author guides the reader through the origins of anarchism in the age of revolutions assessing experiences of anarchy in russia spain india and beyond tracing the development of the beautiful idea through the 20th century finn explores anarchism in the cold war world through to postmodernity and the 21st century this volume situates anarchism in the broader historiographies of the modern world offering a unique starting point for students of history politics and philosophy seeking to understand the

abiding power of the beautiful idea a society without government

Queering Anarchism 2013-01-11

this is the first single authored book in any language devoted entirely to the thought of jacques ranciere it focuses on his central political idea that a democratic politics emerges from the presupposition of equality todd may examines and extends this presupposition offering a framework for understanding it placing it in the current political context and showing how it challenges traditional political philosophy and opens up neglected political paths may aims to show that ranciere s view offers both hope and perspective for those who seek to think about and engage in progressive political action

Debating Anarchism 2021-08-12

this collection discusses both the history and theory of anarchism and in particular examines italian anarchism the relationship between marxism and anarchism the influence of kropotkin new social movements and the anarchist theory of history

Political Thought of Jacques Ranciere 2008-06-24

anarchism literally a society without government is less a political philosophy than it is a temperament anarchists are defiant people who seek to organize for the purpose of destroying organization for its adherents anarchism means a grand struggle against evil a plea for the new a secular crusade against the debasement of self a fight against the degradation of mankind that organized society seems to represent anarchism is anti politics anti economics anti authoritarianism in all forms anarchism is a mood of perpetual rebellion the decade of the sixties witnessed a revival in the anarchist temperament which perlin finds evident in such diverse efforts as the women s liberation movement student demonstrations civil rights marches free schools the back

to the land movement demands for birth control and other usually controversial causes and activities this new anarchism had few conscious links with the old anarchism it was instead a response to changed conditions in the social fabric of american and european life a reflex to the structural cultural and psychological tensions that made those years turbulent strife filled and rebellious perlin concludes that while a revolution was not made in the sixties a revolutionary life style became a possibility the spokesmen for the marginal groups whose interests achieved a new kind of legitimacy during the sixties were anarchists or their sympathizers a representative cross section of their writings is included in this volume

For Anarchism (RLE Anarchy) 2013-06-26

examining the political theory of anarchism from a philosophical and historical perspective paul mclaughlin relates anarchism to the fundamental ethical and political problem of authority the book pays particular attention to the authority of the state and the anarchist rejection of all traditional claims made for the legitimacy of state authority the author both explaining and defending the central tenets of the anarchist critique of the state the founding works of anarchist thought by godwin proudhon and stirner are explored and anarchism is examined in its historical context including the influence of such events as the enlightenment and the french revolution on anarchist thought finally the major theoretical developments of anarchism from the late nineteenth century to the present are summarized and evaluated this book is both a highly readable account of the development of anarchist thinking and a lucid and well reasoned defence of the anarchist philosophy

Contemporary Anarchism 2017-11-30

with all of the provocative sometimes highly destructive acts committed in the name of anarchy this enlightening volume invites readers to discover the true meaning of anarchism exploring its vivid history and its resurgent

relevance for addressing today's most vexing social problems in anarchism today an acclaimed scholar and one of the world's foremost advocates for the anarchistic tradition cuts through common misconceptions and caricatures to explore what is perhaps the most poorly understood of all political theories as author randall amster explains rather than being an anti everything rationale for defiance and destruction anarchism is in fact a coherent set of values and practices with a rich history and contemporary relevance passionate and provocative amster's book offers readers an expert's perspective on what anarchism really means including its relationship to other political approaches its careful balancing of individual liberty and a functioning society and its controversial image as a wellspring of violence along the way amster addresses a number of current issues from the perspective of anarchism including corporate globalization environmentalism warfare nationalism education technology alternative economics criminal justice and even spirituality he concludes with a frank assessment of anarchism's impact and the role it can play in building a more just peaceful and sustainable world

Anarchism and Authority *2012-10-01*

this book is being written during a historical moment i had found myself planning to write about this topic of anarchism and its application to social work based in part on my own misgivings about what i believed to be the root of the problem of the social work paradox
