gandhi s is an extraordinary and compelling story few individuals in history have made so great a mark upon their times and yet gandhi never held high political office commanded no armies and was not even a compelling orator his power therefore makes a particularly fascinating subject for investigation david arnold explains how and why the shy student and affluent lawyer became one of the most powerful anti colonial figures western empires in asia ever faced and why he aroused such intense affection loyalty and at times much bitter hatred among indians and westerners alike attaching as much influence to the idea and image of gandhi as to the man himself arnold sees gandhi not just as a hindu saint but as a colonial subject whose attitudes and experiences expressed much that was common to countless others in india and elsewhere who sought to grapple with the overwhelming power and cultural authority of the west a vivid and highly readable introduction to gandhi s life and times arnold s book opens up fascinating insights into one of the twentieth century s most remarkable men

my purpose mahatma gandhi writes of this book is to describe experiments in the science of satyagraha not to say how good i am satyagraha gandhi s nonviolent protest movement satya true agraha firmness came to stand like its creator as a moral principle and a rallying cry the principle was truth and the cry freedom the life of gandhi has given fire and fiber to freedom fighters and to the untouchables of the world hagiographers and patriots have capitalized on mahatma myths yet gandhi writes often the title mahatma great soul has deeply pained me but i should certainly like to narrate my experiments in the spiritual field which are known only to myself and from which i have derived such power as i possess for working in the political field clearly gandhi never renounced the world he was neither pacifist nor cult guru who was gandhi in the midst of resurging interest in the man who freed india inspired the american civil rights movement and is revered respected and misunderstood all over the world the time is proper to listen to gandhi himself in his own words his own confessions his autobiography gandhi made scrupulous truth telling a religion and his autobiography inevitably reminds one of other saints who have suffered and burned for their lapses his simply narrated account of boyhood in gujarat marriage at age 13 legal studies in england and growing desire for purity and reform has the force of a man extreme in all things he details his gradual conversion to vegetarianism and ahimsa non violence and the state of celibacy brahmacharya self restraint that became one of his more arduous spiritual trials in the political realm he outlines the beginning of satyagraha in south africa and india with accounts of the first indian fasts and protests his initial errors and misgivings his jailings and continued cordial dealings with the british overlords gandhi was a fascinating complex man a brilliant leader and guide a seeker of truth who died for his beliefs but had no use for martyrdom or sainthood his story the path to his vision of satyagraha and human dignity is a critical work of the twentieth century and timeless in its courage and inspiration

a highly original stirring book on mahatma gandhi that deepens our sense of his achievements and disappointments his success in seizing india s imagination and shaping its independence struggle as a mass movement his recognition late in life that few of his followers paid more than lip service to his ambitious goals of social justice for the country s minorities outcasts and rural poor pulitzer prize winner joseph lelyveld shows in vivid unmatched detail how gandhi s sense of mission social values and philosophy of nonviolent resistance were shaped on another subcontinent during two decades in south africa and then tested by an india that quickly learned to revere him as a mahatma or great soul while following him only a small part of the way to the social transformation he envisioned the man himself emerges as one of history s most remarkable self creations a prosperous lawyer who became an ascetic in a loincloth wholly dedicated to political and social action lelyveld leads us step by step through the heroic and tragic last months of this selfless leader s long campaign when his nonviolent efforts culminated in the partition of india the creation of pakistan and a bloodbath of ethnic cleansing that ended only with his own assassination india and its politicians were ready to place gandhi on a pedestal as father of the nation but were less inclined to embrace his teachings muslim support crucial in his rise to leadership soon waned and the oppressed untouchables for whom gandhi spoke to hindus as a whole produced their own leaders here is a vital brilliant reconsideration of gandhi s extraordinary struggles on two continents of his fierce but finally unfulfilled hopes and of his ever evolving legacy which more than six decades after his

death still ensures his place as india s social conscience and not just india s
