plot structure is the order in which the events of a story unfold in western storytelling traditions it s usually built out of five stages exposition rising action climax falling action and resolution story structure is the order in which plot events are told to the reader or audience while stories can be told in a wide variety of ways most western story structures commonly share certain elements exposition rising action climax falling action and resolution definition of plot and structure what is story plot what is the best structure for a novel plot is the series of events that make up your story including the order in which they occur and how they relate to each other structure also known as narrative structure is the overall design or layout of your story but what is plot and how do you craft one into a great story in this guide we re going to talk about plot in literature i ll share a broad definition of plot then dive into the approach we use at the write practice called the write structure and finally you ll learn the six elements of plot that make stories entertaining and memorable plot is the sequence of interconnected events within the story of a play novel film epic or other narrative literary work more than simply an account of what happened plot reveals the cause and effect relationships between the events that occur some additional key details about plot what is plot structure plot structure is the way incidents in a story are arranged in patterns such as timelines chronology story events such as scenes and sequels or broader structure spanning across entire chapters and scenes such as three act structure or the hero s journey plot turn 1 an inciting incident that brings the protagonist into an adventure pinch 1 the stakes are raised with the introduction of the antagonist or the major conflict midpoint a turning point in the story where the protagonist goes from reaction to action last updated sep 1 2021 8 min read every story is made up of both events and characters a story happens because a pattern is interrupted if you are writing about a day that is like any other day it is most likely a routine not a story below you ll see how story structure story ideas and backstory can all inform a good plot each plot is divided into three sections or acts beginning middle and end the beginning sets up the plot the middle contains the conflict and tension the end brings resolution freytag s pyramid years later 19th century german playwright gustav freytag devised a more exhaustive structure based on his observations of shakespeare s plays definition plot literary the sequence of events that make up a story whether it s told written filmed or sung the plot is the story and more specifically how the story develops unfolds and moves in time the basics of plot structure plotting planning 16 ways to plot a book from circles and snowflakes to pyramids and point graphs there are innumerable ways to structure a narrative here we
