excerpt from the engineering journal 1936 vol 19 the journal of the engineering institute of canada the  
general problem at this site was rehearsed in the paper on the substructure delivered by the author in j  
uly and it will therefore not be repeated here about the publisher forgotten books publishes hundreds of  
thousands of rare and classic books find more at forgottenbooks com this book is a reproduction of an  
important historical work forgotten books uses state of the art technology to digitally reconstruct the work  
preserving the original format whilst repairing imperfections present in the aged copy in rare cases an  
imperfection in the original such as a blemish or missing page may be replicated in our edition we do  
however repair the vast majority of imperfections successfully any imperfections that remain are  
intentionally left to preserve the state of such historical works

## **The Building News and Engineering Journal 1860**

unlike some other reproductions of classic texts 1 we have not used ocr optical character recognition as  
this leads to bad quality books with introduced typos 2 in books where there are images such as portraits  
maps sketches etc we have endeavoured to keep the quality of these images so they represent  
accurately the original artefact although occasionally there may be certain imperfections with these old  
texts we feel they deserve to be made available for future generations to enjoy
