Analysing English Grammar 2011 this book is for people who have never thought about syntax and who don t know anything about grammar but who want to learn assuming a blank slate on the part of the reader the book treats english grammar as a product of the speaker s mind and builds up student skills by exploring phrases and sentences with more and more complexity as the chapters proceed

Introducing English Grammar 1988-06-16 excerpt from english grammar for beginners 1 importance of the study of english grammar when boys and girls begin to learn english grammar they are apt to start with a prejudice that the study is likely to prove useless and certain to prove dull useless because grammar is supposed to teach a person how to speak and write correctly and they can speak and write correctly enough already dull because grammarians like the men of whom jack cade complained usually talk of a noun and a verb and in talk of this sort there is not much charm now the dullness of a subject is a matter of personal taste and about tastes it is idle to dispute if anybody finds grammar dull he has a right to his opinion and a right to express it but the usefulness of a subject is a question not of taste but of fact and a word or two may be said with advantage at the outset in answer to the inquiry what is the good of learning grammar in the first place as one part of the business of grammar is to deal with correct forms of expression and to point out not merely that some forms are wrong but also why they are wrong it is clear that a person who has studied grammar is more likely to avoid common errors in speech and writing than one who has not about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections

that remain are intentionally left to preserve the state of such historical works

Working with English Grammar 2016 most books on grammar emphasize syntax they either ignore morphology almost completely or give it inadequate attention some grammar books if they deal with morphology include very few or no morphology exercises for these reasons the idea of this book has come into existence and consequently this book has become a reality the book contains ten chapters chapter 1 deals with word structure chapter 2 deals with derivation prefixes infixes suffixes chapter 3 discusses compounding in detail chapter 4 deals with inflection in detail chapter 5 explains the different means of word formation chapter 6 deals with nouns forms types noun markers chapter 7 focuses on verbs chapter 8 on adjectives chapter 9 on adverbs chapter 10 on minor word classes

English Grammar for Students of Chinese 2017-11-28 for the educated this book is an invaluable resource one that allows for easy reference to any grammatical concept imaginable the book gives thousands of examples but it also provides explicit reasoning why we should speak and write following certain patterns don't feel like studying for hours to learn a concept look here for the diagrams you need to understand why things go where they go in a sentence did he act foolish or did he act foolishly both answers are here if you are in college grad school or simply interested you decide what you want to know your answers are here written by two professors who hate to condescend but love to teach english grammar and syntax cuts through the pedantic wasteland
