poor people spend their money living day to day how can they accumulate wealth in the united states homeownership is often the answer homes not only provide shelter but also are assets and thus a means to create equity mortgage credit becomes a crucial factor more americans than ever now have

some access to credit however thanks in large part to the growth of global capital markets and greater use of credit scores not all homeowners have benefited equally from the opened spigots different terms and conditions mean that some applicants are overpaying for mortgage credit while some are getting in over their heads and the door is left wide open for predatory lenders in this important new volume accomplished analysts examine the situation illustrate its ramifications and recommend steps to improve it today low income americans have more access to credit than ever before the challenge is to increase the chances that homeownership becomes the new pathway to asset building that everyone hopes it will be

Building Assets, Building Credit

the humanity of private law presents a new way of thinking about english private law making a decisive break from earlier views of private law which saw private law as concerned with wealth maximisation or preserving relationships of mutual independence between its subjects the author argues that english private law s core concern is the flourishing of its subjects this volume presents a critique of alternative explanations of private law defines and sets out the key building blocks of private law sets out the vision of human flourishing the rp that english private law has in mind in seeking to promote its subjects flourishing shows how various features of english private law are fine tuned to ensure that its

subjects enjoy a flourishing existence according to the vision of human flourishing provided by the rp explains how other features of english private law are designed to preserve private law s legitimacy while it pursues its core concern of promoting human flourishing defends the view of english private law presented here against arguments that it does not adequately fit the rules and doctrines of private law or that it is implausible to think that english private law is concerned with promoting human flourishing a follow up volume will question whether the rp is correct as an account of what human flourishing involves and consider what private law would look like if it sought to give effect to a more authentic vision of human flourishing the humanity of private law is essential reading for students academics and judges who are interested in understanding private law in common law jurisdictions and for anyone interested in the nature and significance of human flourishing
