

Read free Nec aua 8000e amp .pdf

specifications power output 65 watts per channel into 8Ω stereo frequency response 5hz to 100khz total harmonic distortion 0.1 damping factor 30 input sensitivity 2.5mv mm 150mv line signal to noise ratio 75db mm 95db line output 150mv line speaker load impedance 4Ω to 16Ω dimensions 410 x 140 x 340mm weight 15kg jun 17 2020 1 hello i bought a nec aua 8000 from 1978 the amp works but sounds a bit tired everything inside still looks good for an all original amp from 1978 but i decided to recap it it will be the first time i do this i changed the transistors on an amplifier once but this would be new 1 hello everyone i have recently acquired one of these amps and i d like to hear from other owners how they like the sound i find the one i have to have great clarity and really good mids and highs but i find the bass to be a bit lacking the bass is smooth but without authority especially compared to my sansui 771 receiver oct 17 2012 1 for years i ve been fascinated by the mcs 3865 nec aua 8000e it looks nearly as good as any vintage integrated and seems pretty well designed so i had a hunch it could be something pretty special enter a nice silver 3865 a schematic soldering iron and digikey first i had listened to the amp stock and was the nec 8000e is a fantastic integrated amp with excellent detail and imaging definitely worth investigating if you find one in your travels gear list fiio x3ii mp3 for my source nec aua 8000e amp klipsch fortes and mirage ms 12 sub unused gear list nec aup 6500e turntable sansui 771 receiver and psb m4u 2 headphones add a comment model stereo integrated amplifier aua 8000e nec corporation nippon shape book shelf unit dimensions whd 410 x 140 x 340 mm 16 1 x 5 5 x 13 4 inch price in first year of sale 2 864 00 francs author model page created by jérôme careglio hello i recently purchased a nec aua 8000 it is from 1978 and was also sold under the basf brand i think it was the first attempt from nec to compete with other brands and the 8000 was tofl they fly a bit under radar but it s really well made inside 65w per channel dual mono 15kg every knobs are aluminium integrated amp known as mcs 3865 nec aua 8000e basf d 6075 curtis mathis 8000e tuner 3710 cassette deck 3563 excellant condition matching set of 3 pro serviced stereo components for 375 60 watts channel dual mono integrated amp made in japan desireable rack handle black versions of this system just add speakers and your the legendary and rare nec authentic series aua 8000e very beautiful and sleek vintage gear everything works true dual mono block topology high end components include military grade ce9 capacitors alps electrolytes rubycon transistors to name a few recently serviced the photos are the amplifier itself some specs 1 i was able to get from canada a nec aua 8300e integrated amp and nec 8300 tuner both pieces were never sold in the usa the tuner and the amp are located with my tech for a recap i know the tuner is a good performer but i dont know anything about the nec 8300 amp so i am on the fence about spending any money on it nov 29 2019 1 new question new thread right ok so i ve replaced the protection relay and resolved my dc offset issue on this mcs 3865 nec aua 8000e next step was to check adjust idle current per service manual see pic the ex 8 integrated amplifier provides a total solution for state of the art music reproduction simply add any source digital and or analog plus a pair of loudspeakers or headphones and enjoy a musical experience that invigorates your soul this amplifier combines modern scientific advancements with the innovative aava ii volume control principle resulting in a truly exceptional audio performance the e 4000 is meticulously crafted using only the finest components ensuring uncompromising quality and reliability the da 250f is a 4 channel digital power amplifier featuring lightweight compact high power output and high efficiency it delivers 250 w 4 channels 4 Ω output using a switching power supply each channel is equipped with an independent power section it can be mounted in an eia standard equipment rack 1 unit size the auo sunpower facility is located in melaka the solar valley of malaysia south of the capital kuala lumpur the two building facility will be 108 000 square meters and will house 28 solar cell production lines when fully online location singapore dual power supply nec i just got the nec 8000e plus the matching tuner with it for 30 00 at a moving sale itwas dirty and got some paint splater on the unit but i cleaned it up with alcohol and it sounded really good the tuner was a surprise because it could receiver most stations without an fm antenna specifications output power stereo 8 Ω 300 w output power stereo 4 Ω 600 w output power mono 8 Ω 800 w input sensitivity 1.4 v input impedance 47 kΩ gain 31 db the a 5012 is a half rack 1 unit size 120 w desktop mixer power amplifier inputs 1 and 2 can be set for either mic or line sound sources and its output is compatible with both high impedance 100 v and 70 v lines and low impedance 4 Ω speaker connections functions can be set with a pc using the dedicated setting software oct 26 2021 1 hi i own this tuner with his companion amp the aua 8000e they are a very good vintage devices for built quality and sound now the tuner needs a checkup and maybe some components replaced but i can t find the service manual for this device browse a
