Directory of Metalworking Machinery 1999 victor zarnowitz has long been a leader in the study of business cycles growth inflation and forecasting these papers represent a carefully integrated and up to date study of business cycles reexamining some of his earlier research as well as addressing recent developments in the literature and in history in part one zarnowitz reviews with characteristic insight various theories of the business cycle including keynesian and monetary theories as well as more recent rational expectations and real business cycle theories in doing so he examines how the business cycle may have changed as the size of government the exercise of fiscal and monetary policies the openness of the economy to international forces and the industrial structure have evolved over time emphasizing important research from the 1980s zarnowitz discusses in part two various measures of the trends and cycles in economic activity including output prices inventories investment in residential and nonresidential structures equipment and other economic variables here the author explores the duration and severity of u s business cycles over more than 150 years and evaluates the ability of macro models to simulate past behavior of the economy in part three the performance of leading coincident and lagging indicators is described and assessed and evidence is presented on the value of their composite measures finally part four offers an analysis of the degree of success of large commercial forecasting firms and of many individual economists in predicting the course of inflation real growth unemployment interest rates and other key economic variables business cycles is a timely study certain to become a basic reference for professional forecasters and economists in government academia and the business community

SEC Docket 1848 in the late 1930s a number of american women especially those allied with various peace and isolationist groups protested against the nation s entry into world war ii while their story is fairly well known margaret paton walsh reveals a far less familiar story of women who fervently felt that american intervention was absolutely necessary paton walsh recounts how the united states became involved in the war but does so through the eyes of american women who faced it as a necessary evil covering the period between 1935 and 1941 she examines how these women functioned as political actors even though they were excluded from positions of power through activism in women s organizations informal women s networks and even male dominated lobbying groups in the great debate over whether america should enter the war some women favored aid to the allies not because they hoped for war but because they hoped aid would forestall more direct u s involvement but also because they believed war was preferable to a nazi victory paton walsh shows that this activism involved some of the most prominent women of their day elizabeth cutter morrow whose son in law charles lindbergh was an isolationist spokesman supported the revision of the neutrality acts to allow the sale of arms to the allies and expressed her support in a national radio broadcast soon other women joined this debate esther brunauer of the aaup journalist dorothy thompson and organizations like the league of women voters and national women s trade union league broke from the pacifist tradition to advocate american aid for the allied cause focusing on the conflict in europe paton walsh shows how these women grasped the implications of the lend lease program for america s entry into the war but supported it nevertheless by late 1941 the women s division of the fight for freedom committee had been established no longer merely advocating aid to britain to keep american boys out of battle this organization supported direct american involvement in the war as a means of stopping nazi oppression while most historians have focused on women s pacifism paton walsh connects women more directly to world events and shows how those interventionists reformulated maternalist ideas to justify and explain their beliefs our war too is a story of american women trying to reconcile the irreconcilable to preserve both their principles and their peace it expands our understanding of women as political actors and thinkers about foreign policy as it sheds new light on american public opinion over the build up to the war
