A Proper Woman

2017-01-16

this is the true story of a young cambodian woman who has challenged her country s social and cultural norms throughout her life and as a consequence has become an ambassador for female empowerment

growing up on an island in the bassac river removed from many of the conveniences of modern life and surrounded by traditional customs and thought thavry s story is one of inspiration to females around the world as cambodia slowly recovers from the great turmoil and destruction of civil war and the khmer rouge rural life largely returned to familiar century old ways for women this meant marrying young bearing children and working on the family farm with little say in anything but with support from her parents whose own childhood experiences had been greatly shaped by the four years of khmer rouge rule thavry was taught to value education as a means of breaking from the confines of the village and to forge her own independent future her inspiring story shows that encouraging young women to believe in their dreams and supporting them to do so can lead to a freedom to learn and grow unknown to earlier generations

Behind Bars

Mac OS X Tiger Killer Tips

2005-08-08

tips rule have you ever noticed that in just about every mac book the author will include a couple of tips in each chapter you ll usually find them in the sidebar or at the bottom of the page in a tinted box sometimes it s a shortcut a faster way to do something or a clever workaround that just makes your life easier people really love those tips but there s only one problem there s never enough of them that s why scott kelby bestselling author and editor in chief of mac design magazine came up with the idea to create a book that s nothing but sidebar tips that s right this entire book cover to cover is packed with nothing but those cool inside secrets slick workarounds undocumented shortcuts and sneaky little tricks that will make you faster better and have more fun using mac os 10 4 tiger nothing but the tips you re not going to find complicated descriptions on how to configure a network how to partition a hard drive or lines and lines of scary looking unix code instead this book is nothing but cool tips and it s all written in scott s casual plain english style so you can start using these tips today plus this book does the standard sidebar tip one better by including a clear screen capture with nearly every tip so you can see exactly how it s all done not just tips killer tips to be in this book every tip has got to be a killer tip the kind of tip that makes you nod and smile then call all your mac buddies to tune them up with your new found power

scott s a total hip hound in fact it was scott who created the entire smash bestselling killer tips book series and he doesn t hold anything back it s all here from the man who literally wrote the book on cool productivity tips if you like doing things the easy way if you like getting twice the work done in half the time and if you get a kick out of knowing all the inside secrets and undocumented shortcuts that will wow your friends and coworkers you re absolutely going to love this book

The Culprit

2020-05-06

warning unless you have superior bladder control are close to a lavatory or loo and can withstand a hailstorm of hilarity use caution when reading this book after 27 years of marriage all martin and diane thought they needed to complete their perfect empty nest lifestyle was a little creature bashing around the place hardly could they have expected that this wildly witty little bengal kitten would turn their world upside down factor in an eloquently written true story account of their crazy life experiences and you will find yourself loving the culprit from start to finish i have edited many books in my life more than i can ever count the culprit stands out as a classic to remember johanna petronella leigh editor chapter 3 kindred spirit but as i turned and headed for home the bloody wind blew up again blowing open the front of my robe so wide that it demanded and

required i immediately place kitten in front of my naughty bits so as to avoid having someone call the authorities chapter 4 of felines fellows oh crap i thought to myself and not wanting to spend a back breaking night on the sofa i immediately made for the closet quickly threw on my parka and boots and with all possible dispatch exited the back doorway to help with the rescue and recovery however in such a hurried hurry was i that halfway down the damn frozen staircase i lost my footing and went flying feet first bumping thumping slipping and dumping down to the very bottom on my backsi

Cannibal Error

2024-03-07

a social history of the video nasty in the early 1980s video technology forever changed the face of home entertainment the videocassette a handy sized cartridge of magnetic tape inside a plastic shell domesticated cinema as families across britain began to consume films in an entirely new way demand was high and the result was a video gold rush with video rental outlets appearing on every high street almost overnight without moderation their shelves filled with all manner of films depicting unbridled sex and violence a backlash was inevitable video was soon perceived as a threat to society a view neatly summed up in the term video nasties cannibal error chronicles the phenomenal rise of video

culture through a tumultuous decade its impact and its aftermath based on extensive research and interviews the authors provide a first hand account of Britain in the 1980s when video became a scapegoat for a variety of social ills it examines the confusion spawned by the Video Recordings Act 1984 the subsequent witch hunt that culminated in police raids and arrests and offers insightful commentary on many contentious and banned films that were cited by the media as influential factors in several murder cases it also investigates the cottage industry in illicit films that developed as a direct result of the video nasty clampdown *Cannibal Error* a revised and reworked edition of *See No Evil* 2000 is an exhaustive and startling overview of Britain's video nasty panic the ramifications of which are still felt today

Pack of Two

2010-08-10

at the age of 36 Caroline Knapp author of the acclaimed bestseller *Drinking a Love Story* found herself confronted with a monumental task redefining her world she had faced the loss of both her parents given up a twenty year relationship with alcohol and as she writes *I was wandering around in a haze of uncertainty blinking up at the biggest questions who am I without parents and without alcohol how to form attachments and where to find comfort in the face of such daunting vulnerability an answer*

materialized in the most unlikely form that of a dog eighteen months to the day after she quit drinking knapp stumbled upon an eight week old puppy at a local animal shelter took her home and named her lucille now two years old lucille has become a central force in knapp s life in her she writes i have found solace joy a bridge to the world caroline knapp has been celebrated as much for her fresh insight into emotional and psychological issues as she has been for her gifts as a writer in pack of two she brings the same perception and talent to bear on the rich complicated terrain of human animal relationships in addition to mining her own experience with lucille knapp speaks to a wide variety of dog people from animal behaviorists and psychologists to other owners whose dogs have deeply affected their lives about this emotionally complex sometimes daunting often profoundly healing alliance throughout she explores the shift in canine roles from working partners to intimate companions and looks too at how this new kinship this wordless bond becomes a template for what we most desire ourselves

Dracula, My Love

2010-07-20

author syrie james the lost memoirs of jane austen offers readers a breathtaking new perspective on bram stoker s classic tale of the king of the vampires with dracula my love in these secret journals of mina harker

the object of dracula's desire relates for the very first time the shocking story of her scandalous seduction and sexual rebirth this is not the chaste vampire romance of twilight dracula my love celebrates a passionate obsession in all its hot and sensuous glory

in the genome odyssey dr euan ashley stanford professor of medicine and genetics brings the breakthroughs of precision medicine to vivid life through the real diagnostic journeys of his patients and the tireless efforts of his fellow doctors and scientists as they hunt to prevent predict and beat disease since the human genome project was completed in 2003 the price of genome sequencing has dropped at a staggering rate it s as if the price of a ferrari went from 350 000 to a mere forty cents through breakthroughs made by dr ashley s team at stanford and other dedicated groups around the world analyzing the human genome has decreased from a heroic multibillion dollar effort to a single clinical test costing less than 1 000 for the first time we have within our grasp the ability to predict our genetic future to diagnose and prevent disease before it begins and to decode what it really means to be human in the genome odyssey dr ashley details the medicine behind genome sequencing with clarity and accessibility more than that with passion for his subject and compassion for his patients he introduces readers to the dynamic group of researchers and doctor detectives who hunt for answers and to the pioneering patients who open up their lives to the medical community during their search for diagnoses and cures he describes how he led the team that was the first to analyze and interpret a complete human genome how they broke genome speed records to diagnose and treat a newborn baby girl whose heart stopped five times on the first day of her life and how they found a boy with tumors growing inside his heart and traced the cause to a

missing piece of his genome these patients inspire dr ashley and his team as they work to expand the boundaries of our medical capabilities and to envision a future where genome sequencing is available for all where medicine can be tailored to treat specific diseases and to decode pathogens like viruses at the genomic level and where our medical system as we know it has been completely revolutionized
