## The Chosen One

2022-01-04

this memoir filled with overwhelming emotions and power the mary sue testifies to the disappointments and triumphs of a black first generation college student in this exploration of the first year experience there are many watchers and they are always white that s the first thing echo notices as she settles into dartmouth college despite graduating high school in cleveland as valedictorian echo immediately struggles to keep up in demanding classes dartmouth made many promises it couldn t keep the campus is not a rainbow colored utopia where education lifts every voice nor

is it a paradise of ideas an incubator of inclusivity or even an exciting dating scene but it might be a portal to different dimensions of time and space only accessible if echo accepts her calling as a chosen one and takes charge of her future by healing her past this remarkable challenge demands vulnerability humility and the conviction to ask for help without sacrificing self worth in mesmerizing personal narrative and magical realism echo brown confronts mental illness grief racism love friendship ambition self worth and belonging as they steer the fates of first generation college students at dartmouth the chosen one is an unforgettable coming of age story that bravely unpacks the double edged college transition as both catalyst for old wounds and a fresh start finalist for the ohioana book award a mary sue best ya novel of the year 2022 catalyst award nominee for best memoir a junior library guild selection powerful and vulnerable booklist starred review

there are 22 candidates there are 12 seats the last interstellar colony ship is down to its final batch of humans after the robots in charge unhelpfully deleted the rest but rebooting a species and training them for the arduous task of colonisation isn't easy especially when the planet below is filled with monsters the humans are more interested in asking questions than learning and the robots are all programmed to kill each other but the fate of humanity rests on creating a new civilization on the planet below and there are twelve seats on the lander will manipulation or loyalty save the day

## **Chosen**

2018-11

americans and israelis have often thought that their nations were chosen in perpetuity to do god's work this belief in divine election is a potent living force one that has guided and shaped both peoples and nations throughout their history and continues to do so to this day through great adversity and despite serious challenges americans and jews leaders and followers have repeatedly faced the world fortified by a sense that their nation has a providential destiny as todd gitlin and liel leibovitz argue in this original and provocative book what unites the two allies in a special friendship is less common strategic interests than this deep seated and lasting theological belief that they were chosen by god the united states and israel each has understood itself as a nation placed on earth to deliver a singular message of enlightenment to a benighted world each has stumbled through history wrestling with this strange concept of chosenness trying both to grasp the meaning of divine election and to bear the burden it placed them under it was this idea that provided an indispensable justification when the americans made a revolution against britain went to war with and expelled the indians expanded westward built an overseas empire and most recently waged war in iraq the equivalent idea gave rise to the jewish people in the first place sustained them in exodus and exile and later animated the zionist movement inspiring the israelis to vanquish their enemies and conquer the west bank and the gaza strip everywhere you look in american and israeli history the idea of chosenness is there the chosen peoples delivers a bold new take on both nations histories it shows how deeply the idea of chosenness has affected not only their enthusiasts but also their antagonists it digs deeply beneath the superficialities of headlines the details of negotiations the excuses and justifications that keep cropping up for both nations successes and failures it shows how deeply ingrained is the idea of a chosen people in both nations histories and yet how complicated that idea really is and it offers interpretations of chosenness that both nations dearly need in confronting their present day quandaries weaving together history theology and politics the chosen peoples vividly retells the dramatic story of two nations bound together by a wild and sacred idea takes unorthodox perspectives on some of our time's most searing conflicts and offers an unexpected conclusion only by taking the idea of chosenness seriously wrestling with its meaning and assuming its responsibilities can both nations thrive
