Bach's Works for Solo Violin 2003-11-27

j s bach s sonatas and partitas for solo violin have been central to the violin repertoire since the mid 18th century this engaging introduction to these works is the first comprehensive exploration of their place within bach s music focusing on their structural and stylistic features as they have been perceived since their creation combining an analytical study a historical guide and an insightful introduction to bach s style this book will help violinists scholars and other listeners develop a deeper personal involvement with many aspects of these wonderful pieces

Bach's Solo Violin Works 2007

provides a detailed but informal guide to the performance of bach s six sonatas and partitas for unaccompanied violin

Sei Solo: Symbolum? 2016-06-16

one of the jewels in the crown of johann sebastian bach s sacred music is its use of astonishingly subtle and complex allegorical and representational devices but when similar devices appear in the context of one of bach s untexted secular instrumental collections such as the six solos sonatas and partitas for violin the question arises whether he might be intending to embed discernible theological significances there as well thus infusing the secular with the sacred such designs would be reasonably plausible within bach s musical cultural and religious context shute carefully investigates the extent to which musical features of the six solos that seem to invite theological parallels might indeed have been intended to do so although the precise extent of bach s intentions cannot be ascertained with certainty the degree of correlation among strong potential signifiers would seem to suggest that they and many other features of the six solos are best explained as the product of extensive theological allegorical designs on bach s part like those evident in his texted vocal music

Music for Solo Violin Unaccompanied 1983

two solo violin pieces by a moldavian composer boris dubossarsky and his daughter an american composer olga dubossarskaya kaler

Music for Solo Violin Unaccompanied 2013-04-25

it is one of josef joachim s great merits not only to have introduced the following sonatas of johann sebastian bach into the concert hall but also to have made them loved by the great public they were almost unknown before joachim played them with his grand art of interpretation and brought out all the beauties of this magnificent music some parts of these sonatas had been played in public by certain violinists before joachim s time but as the spirit and the technique of these works were quite strange to the performers the interpretation made a ridiculous impression on the audience any success was made quite impossible on account of the want of knowledge in the performers then came joachim and his rendering was a revelation how he played and interpreted these sonatas is so well known that it is not necessary to mention it when i completed my studies at the berliner hochschule under joachim s direction the study of these sonatas formed one of the most important parts of his teaching joachim used the very excellent edition by ferdinand david based on bach s manuscript to be found in the royal library in berlin all the same joachim changed a great deal in this edition with regard to the manner of playing bowing fingering and marks of interpretation and i kept to all the alterations made by him i very often had the opportunity of hearing joachim play these works at concerts as well as during his classes and so i was able to observe the fineness of his interpretation down to the smallest detail as i am publishing the standard works of violin literature in connection with my own teaching it was a special pleasure to me to revise these sonatas which i consider one of the most important works written for the violin in such a manner that no doubt may be left as to the best and easiest way of mastering the great and unusual difficulties which they contain i hope to show by this to all young violin artists to whom the study of the following sonatas cannot be too strongly recommended a sure way to a really perfect and beautiful rendering of the same

Wedding Music for Solo Cello 2013-10-10

Dr Lawrence Golan's edition of Bach's masterpieces for solo violin combines the authenticity and accuracy of a scholarly urtext edition with the practicality and helpfulness of a performing edition. A facsimile of Bach's autograph manuscript was used in the preparation of this edition and the composer's intentions have been preserved to the last detail. Of particular note is the fact that all stems have been beamed together as they appear in the autograph manuscript. This is of great importance when making interpretive decisions regarding dotted rhythms, helpful fingering and bowing suggestions are provided by the editor but are clearly distinguished from Bach's original notation, allowing the performer the freedom to accept or reject any given suggestion. The volume comes complete with Dr Golan's essay performing Bach dotted rhythms and trills in the sonatas and partitas for solo violin, which also includes scholarly discussions of vibrato, fingerings, bowing styles and ritardandos in Baroque music. The inclusion of this comprehensive study of Baroque performance practices makes this edition a must for any violinist interested in performing the Bach sonatas and partitas in an historically informed manner.

Violin Master Works and Their Interpretation 2010-10-07

Long admired for his interpretation of Bach's six sonatas and partitas for unaccompanied violin, Jaap Schröder provides a detailed but informal guide to their performance.

6 Sonatas and Partitas 2007-06-01

This book contains the first three of J.S. Bach's solo violin sonatas and partitas arranged for mandolin. The goal of the material is to make learning these challenging pieces easier. Mandolin tablature is included throughout the book. Mandolinists who have little or no experience reading standard notation will find this to be an essential learning tool. For good reason, there has been widespread interest in learning these pieces in the mandolin community. The pieces were originally written for violin. As a result, Bach's use of string crossing patterns and open string pedals work brilliantly on the mandolin. Also as solo works, they are a useful addition to anyone's performing repertoire. Lastly, even if never performed, learning all or some of these is wonderful for building mandolin technique. Violinists often say that if you can play the Bach solo sonatas and partitas, you can play anything. The same is certainly true for mandolinists.

Bach: Three Sonatas and Three Partitas for Solo Violin 2014-01-30

Solos for Young Violinists is a graded series of works ranging from elementary to advanced levels, representing an exciting variety of styles and techniques for violinists. A valuable resource for teachers and students of all ages, many of the works in this collection have long been recognized as stepping stones to the major violin repertoire, while others are newly published pieces for further choices of study. This title is available in Music Prodigy.

Bach's Solo Violin Works 1997

Known around the world for his advocacy of early historical performance and as a skilled violin performer and pedagogue, Stanley Ritchie has developed a technical guide to the interpretation and performance of J.S. Bach's enigmatic sonatas and partitas for solo violin. Unlike typical Baroque compositions, Bach's six solos are uniquely free.

of accompaniment to add depth and texture to the pieces bach incorporated various techniques to bring out a multitude of voices from four strings and one bow including arpeggios across strings multiple stopping opposing tonal ranges and deft bowing published in 1802 over 80 years after its completion in 1720 bach s manuscript is without expression marks leaving the performer to freely interpret the dynamics fingering bowings and articulations marshaling a lifetime of experience stanley ritchie provides violinists with deep insights into the interpretation and technicalities at the heart of these challenging pieces

Bach's Sonatas and Partitas for Solo Violin Arranged for Mandolin 2016-09-26

this book examines the nature of musical performance in it dorottya fabian explores the contributions and limitations of some of these approaches to performance be they theoretical cultural historical perceptual or analytical through a detailed investigation of recent recordings of j s bach s six sonatas and partitas for solo violin she demonstrates that music performance functions as a complex dynamical system only by crossing disciplinary boundaries therefore can we put the aural experience into words a musicology of performance provides a model for such a method by adopting deleuzian concepts and various empirical and interdisciplinary procedures fabian provides a case study in the repertoire while presenting new insights into the state of baroque performance practice at the turn of the twenty first century through its wealth of embedded audio examples tables and graphs the book offers both a sensory and a scholarly account of musical performance these interactive elements map the connections between historically informed and mainstream performance styles considering them in relation to broader cultural trends violin schools and individual artistic trajectories a musicology of performance is a must read for academics and post graduate students and an essential reference point for the study of music performance the early music movement and bach s opus this work was published by saint philip street press pursuant to a creative commons license permitting commercial use all rights not granted by the work s license are retained by the author or authors

the collection includes exclusive one on one interviews conducted over the past six years with 27 of today s best known violinists plus one conductor composer hilary hahn joshua bell sarah chang david garrett anne akiko meyers ruggiero ricci maxim vengerov nadja salerno sonnenberg gil shaham and adele anthony rachel barton pine nicola benedetti anne sophie mutter zachary depue james ehnes simon fischer augustin hadelich janine jansen leila josefowicz and esa pekka salonen philippe quint tasmin little elmar oliveira stanley ritchie lara st john philip setzer clara jumi kang and judy kang it s a celebration of one of the world s most enduring instruments and the people who are helping carry forth the violin s legacy into a new generation the violinist com interviews volume 1 includes a foreword by grammy award winning violinist hilary hahn who writes laurie addresses topics that are comfortable but all consuming such as current projects and delves into the delicate nuances of creativity she captures specific moments in time i love that in this collection you can observe her at work but you will also travel along with her interview subjects

Brahms's Violin Sonatas 1978-01-01

bach s sei solo a violino senza basso accompagnato the set of three sonatas and three partitas for unaccompanied violin were completed by 1720 perhaps seeded as early as 1703 they were ultimately fruits of his years employed as kapellmeister at the court in köthen where his employer prince leopold of anhalt köthen a calvinist with little requirement for liturgical music and also a keen musician encouraged bach to write much instrumental music for public and private entertainment nothing written before approached the complexity expressive range and scale of this music from the volleys of chords and rhythmic intricacy of the b minor partita s opening allemanda i and the endlessly inventive elaboration of the same work s variant doubles to the vastness of the d minor partita s concluding ciaccona

possibly the longest stand alone movement written to that point which contains worlds of contrast in its 64 variants of the opening bars reportedly a fine violinist himself bach completely redefined virtuosic and expressive violinistic possibility in these works this classic edition by carl flesch from edition peters provides a fascinating insight into the great virtuoso tradition of the early twentieth century the score is presented as a parallel edition with flesch s edited score containing numerous fingerings bowings and performance directions appearing above bach s original
