Clearing the Plains 2013 in arresting but harrowing prose james daschuk examines the roles that old world diseases climate and most disturbingly canadian politics the politics of ethnocide played in the deaths and subjugation of thousands of aboriginal people in the realization of sir john a macdonald s national dream it was a dream that came at great expense the present disparity in health and economic well being between first nations and non native populations and the lingering racism and misunderstanding that permeates the national consciousness to this day clearing the plains is a tour de force that dismantles and destroys the view that canada has a special claim to humanity in its treatment of indigenous peoples daschuk shows how infectious disease and state supported starvation combined to create a creeping relentless catastrophe that persists to the present day the prose is gripping the analysis is incisive and the narrative is so chilling that it leaves its reader stunned and disturbed for days after reading it i was unable to shake a profound sense of sorrow this is fearless evidence driven history at its finest elizabeth a fenn author of pox americana required reading for all canadians candace savage author of a geography of blood clearly written deeply researched and properly contextualized history essential reading for everyone interested in the history of indigenous north america j r mcneill author of mosquito empires

A Waif of the Plains 1890 homesteading the plains offers a bold new look at the history of homesteading overturning what for decades has been the orthodox scholarly view the authors begin by noting the striking disparity between the public's perception of homesteading as a cherished part of our national narrative and most scholars harshly negative and dismissive treatment homesteading the plains reexamines old data and draws from newly available digitized records to reassess the current interpretation's four principal tenets homesteading was a minor factor in farm formation with most western farmers purchasing their land most homesteaders failed to prove up their claims the homesteading process was rife with corruption and fraud and homesteading caused indian land dispossession using data instead of anecdotes and focusing mainly on the nineteenth century homesteading the plains demonstrates that the first three tenets are wrong and the fourth only partially true in short the public's perception of homesteading is perhaps more accurate than the one scholars have constructed homesteading the plains provides the basis for an understanding of homesteading that is startlingly different from current scholarly orthodoxy
