letters papers petitions and proclamations from the mid 18th century in the american colonies provide a different historical perspective on the declaration of independence

The Declaration of Independence 2017

in this long essay becker analyzed the structure drafting and philosophy of the declaration he recognizes that it was not intended as an objective historical statement of the causes of the revolution but merely furnished a moral and legal justification for rebellion step by step the colonists modified their theory to suit their needs whenever men become sufficiently dissatisfied with the existing regime of positive law and custom they will be found reaching out beyond it for the rational basis of what they conceive ought to be this is what the americans did in their controversy with great britain

includes pictures explains the changes made to the initial drafts of the declaration and the history of how it was voted on includes letters and accounts written by founding fathers like adams and jefferson profiles every signer includes a bibliography for further reading includes a table of contents resolved that these united colonies are and of right ought to be free and independent states that they are absolved from all allegiance to the british crown and that all political connection between them and the state of great britain is and ought to be totally dissolved although the declaration of independence is now considered one of the most important political documents in history the men that drafted it did not initially favor such a move at the start of the american revolution despite its assumption of governing duties the second continental congress never intended at least initially to become the governing body of a new nation instead it merely hoped to transform the relationship between britain and her colonies to allow for greater self government on their side of the atlantic separation between

the two was rarely favored and this initial sentiment coalesced into the olive branch petition which sought a reasonable motion of reconciliation between George III and the colonies. It was drafted by one of Virginia's delegates, Thomas Jefferson, by the summer of 1776. John Adams, Samuel Adams, and others arguing for a formal break with Britain convinced their fellow congressmen that the time had come to formalize their break from Britain. John along with Thomas Jefferson, Benjamin Franklin, Roger Sherman, and Robert Livingston were appointed to draft the announcement informing Britain of their intentions. Together they completed the rough draft of the preamble. On May 26, the committee then wanted John to complete the document, but he felt that Jefferson was a better writer. Ultimately, the two men worked together to create the Declaration of Independence. In late June, with Adams providing much of the legal insight and Jefferson the prose, as a document the declaration justified the call for independence by listing grievances against the king and anchoring them with natural and legal rights which formed the most memorable lines in the document. In addition to summarizing Jefferson's political philosophy, the declaration was an amalgamation of the words and thoughts of famous political philosophers of the previous century, including Montesquieu and John Locke. Regardless, Jefferson is now remembered as the author of one of the English language's most timeless passages: "We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable rights, that among these are life, liberty, and the pursuit of happiness." Throughout June of 1776, Jefferson worked in Philadelphia, within short walking distance of the Congress, writing the first rough draft of the Declaration of Independence. In substance, it mostly resembled the final document with an emphasis on natural rights and self-government. Throughout the editing process, it was reduced by nearly a quarter through the removal of sentences and redundancies. Congress approved the Declaration of Independence on July 2, 1776, but returned it to Adams and Jefferson for some fine-tuning before giving it their final approval two days later. Though Independence Day is celebrated on July 4, Adams wrote to Abigail on July 3, 1776, in the belief that it would be July 2 that would be remembered as the important day. The Declaration of Independence, the history and legacy of America's founding document, chronicles the history that brought about America's formal break from Great Britain. Along with pictures and a bibliography, you will learn about

Pauline Maier shows us the Declaration as both the defining statement of our national identity and the moral standard by which we live as a nation. It is truly American scripture, and Maier tells us how it came to be from the Declaration's birth in the hard and tortuous struggle by which Americans arrived at independence to the ways in which, in the nineteenth century, the document itself became sanctified. Maier describes the transformation of the second Continental Congress into a national government unlike anything that preceded or followed it and with more authority than the colonists would ever have conceded to the British Parliament. The great difficulty in making the decision for independence, the influence of Paine's common sense which shifted the terms of debate and the political maneuvers that allowed Congress to make the momentous decision in Maier's hands, the Declaration of Independence is brought close to us. She lets us hear the voice of the people as revealed in the other declarations of 1776, the local resolutions most of which have gone unnoticed over the past two centuries that explained, advocated, and justified independence and undergirded Congress's work. Detective-like, she discloses the origins of key ideas and phrases in the Declaration and unravels the complex story of its drafting and of the group editing job which angered Thomas Jefferson. Maier also reveals what happened to the Declaration after the signing and celebration, how it was largely forgotten and then revived to buttress political arguments of the nineteenth century, and most important, how Abraham Lincoln ensured its persistence as a living force in American society. Finally, she shows how, by the very act of venerating the Declaration as we do by holding it as sacrosanct, akin to holy writ, we may actually be betraying its purpose and its power.
