Routledge Handbook of Banking and Finance in Asia 2018-10-26

developing countries in the east asia pacific region will see stable economic growth this year bolstered by a recovery in high income economies and the market s modest response so far to the federal reserve s tapering of its quantitative easing according to the east asia pacific economic update developing east asia will grow by 7.1 percent this year largely unchanged from 2013 the report says as a result east asia remains the fastest growing region in the world despite a slowdown from the average growth rate of 8.0 percent from 2009 to 2013 in china growth will ease slightly to 7.6 percent this year from 7.7 percent in 2013 excluding china the developing countries in the region will grow by 5.0 percent slightly down from 5.2 percent last year

Valuation Handbook - U.S. Guide to Cost of Capital 2017-06-05

over recent years complexity science has revealed to us new limits to our possible knowledge and control in social cultural and economic systems instead of supposing that past statistics and patterns will give us predictable outcomes for possible actions we now know the world is and will always be creative and surprising continuous structural evolution within such systems may change the mechanisms descriptors problems and opportunities often negating policy aims we therefore need to redevelop our thinking about interventions policies and policy making moving perhaps to a humbler more learning approach in this handbook leading thinkers in multiple domains set out these new ideas and allow us to understand how these new ideas are changing policymaking and policies in this new era peter m allen cranfield university uk

East Asia and Pacific Economic Update April 2014 2014-05-13

this book is the first attempt to establish economic crime as a new sub discipline within criminology fraud corruption bribery money laundering

price fixing cartels and intellectual property crimes pursued typically for financial and professional gain have devastating consequences for the prosperity of economic life while most police forces in the uk and the usa have an economic crime department and many european bodies such as europol use the term and develop strategies and structures to deal with it it is yet to gain traction as a widely used term in the academic community economic crime from conception to response aims to change that and covers definitions of the key premises of economic crime as the academic sub discipline within criminology an overview of the key research on each of the crimes associated with economic crime public private and global responses to economic crime across its different forms and sectors of the economy both within the uk and globally this book is an essential resource for students academics and practitioners engaged with aspects of economic crime as well as the related areas of financial crime white collar crime and crimes of the powerful

Handbook on Complexity and Public Policy

2015-05-29

this contributed volume considers the emergence of coworking as centered in labor issues more specifically its chapters consider it as a coping mechanism in the worldwide rise of independent modes of work i e self employment that leaves more and more workers exposed to precarity as they must organize and manage their own labor grounded in this perspective this volume aims to understand the transformative social and political potentials emerging through coworking as a social and spatial practice there is a distinct lack of discussion within coworking research on the emancipatory potentials of coworking and if it is discussed more cautionary views prevail highlighting the ambivalence of coworking spaces both as a space of alternative economic practices and as integrated into market economies the aims of this collection are twofold first it aims to make visible the plurality of existing practices around shared resources in coworking and the assemblages of human and non human actors as agents of change associated with coworking and the re organization of work and labor power and second it aims to develop a more emancipatory narrative for coworking and the role of coworking spaces for workers but also the different spatial contexts in which these spaces are situated a narrative that does not emphasize entrepreneurship or coworking as the epitome of the neoliberal entrepreneurial self as in the dominant interpretations in the current research but rather one that centers coworking in the creation of meaningful careful social relationships supporting empathy and an ethics that recognizes mutual interdependencies and builds a foundation for social change so it is about alternative narratives emancipation politics and the wider social role that coworking spaces might play in neighborhoods cities or beyond because they are crucial contexts for the formation and maintenance of social relations with this specific direction this collection aims to bring coworking research into a fruitful dialog with other research fields such as sociology of work feminist perspectives on care alternative and diverse economies post capitalist transformation critical geography positioning coworking within a range of progressive alternatives in the articulation of economic and social relationships
