is the most familiar of the gospels best known for its parables miracle narratives and the long sermon on the mount recognized by the early church as the most fitting introduction to the new testament its special concern is to announce jesus as the fulfillment of the old testament hence its emphasis on the law on ethics based on the traditional theology of the covenant and on the centrality of messianic hope this commentary sets the understanding of matthew in the context of its author s own religious and secular background believing that the text should be approached directly the writers of the commentary make constant use of the recently discovered historical and linguistic evidence now available to elucidate it this approach results in placing jesus firmly within the framework of ascertainable jewish tradition in first century palestine the writers hold that the claim of jesus to fulfill the law and not to abolish it must be taken seriously they have therefore taken a fresh look at the legal discussions in matthew in the light of their examination there emerges first a revaluation of the meaning attached to such key words as parables and hypocrite and then a new and vital significance for such words the result is a new respect for matthew a highly reliable early source for the ministry of jesus and an examination of that ministry uncluttered by the presuppositions of various forms of modern platonism

by isaiah 1 39 second isaiah was written in the sixth century b c e in the years just before the fall of the mighty babylonian empire by an anonymous prophet whom history has erroneously identified with the real isaiah born ca 765 b c e scholars know that second isaiah was written by someone other than isaiah because the contexts of these prophecies are so very different when second isaiah was written the prophet believed that israel s time of suffering was drawing to a close there was he insisted a new age upon them a time of hope peace and renewed national prosperity the main thrust of the prophet s argument was intended to rally the spirits of a people devastated by war and conquest one of the most famous examples of this optimistic tone is the well known and beloved song of the suffering servant which is found in chapters 52 53 and about which blenkinsopp has some challenging new ideas the final chapters of second isaiah however are in an entirely different key as it becomes clear that the new world the prophet foresaw earlier was not going to come to pass this despair finds its most poignant expression in the final section of the book of isaiah which blenkinsopp will address in his forthcoming third volume

as the early church took shape in the mid first century a d a theological struggle of great consequence was joined between the apostle paul and certain theologians who had intruded into the churches founded by the apostle in galatia writing his letter to the galatians in the midst of that struggle paul was concerned to find a way by which he could assert the radical newness of god s act in christ while still affirming the positive relation of that act to the solemn promise god had made centuries earlier to abraham with the skill of a seasoned scholar and teacher j louis martyn enables us to take imaginary seats in the galatian churches so that we may hear paul s words with the ears of the early christians themselves listening in this manner we begin to sense the dramatic intensity of the theological struggle thus coming to understand the crucial distinctions between the theology of paul and that of his opponents we can therefore see why galatians proved to be a momentous turning point in early christianity in this letter paul preached the decisive and liberating newness of christ while avoiding both the distortions of anti judaism and his opponents reduction of christ to a mere episode in the epic of israel s history like the galatians of paul s day we can begin to hear what the apostle himself called the truth of the gospel as its predecessors in the anchor bible series have done galatians successfully makes available all the significant historical and linguistic knowledge which bears on the interpretation of this important new testament book a personal letter written by paul in the mid first century to friends in the churches emerging in the region of galatia where it was circulated galatians is down to earth and pragmatic this biblical book requires the modern reader to take a seat in one of the galatian congregations to listen to paul s letter with galatian ears and discern the contours of paul s theology that is exactly what dr martyn makes possible in his marvelous commentary with its careful translation and creative interpretation of galatians though relatively brief paul s letter is filled with complex theological and historical issues that demand a
