detective s identity is being questioned deconstructed and reconstructed more than ever readers and audiences not to mention scholars and critics continue to analyze who sherlock holmes is or has become and why and how his identity has been formed in a specific way the films sherlock holmes sherlock holmes a game of shadows and mr holmes and television series sherlock and elementary have introduced wildly divergent yet fascinating portrayals that reveal as much about current social mores and popular culture as about the detective more than ever fans also are taking an active role in creating their own identities for holmes through fan fiction and art for example who is sherlock holmes is still a viable question the answers provided by illustrators scriptwriters directors costume designers set designers actors scholars and fans provide insights into both victorian and the modern day sherlock like the many disguises the great detective has donned throughout canon and adaptations his perceived identities may be surprising or shocking but they continue to make us look ever more closely to discover the real sherlock holmes apollo follows man s dream of walking among the stars and charts how space travel and space programs have grown since then in 2019 it will have been 50 years since neil armstrong became the first man to walk on the moon when his famous words came crackling across the atmosphere that s one small step for man one giant leap for mankind the first moon landing took place on july 20 1969 during the apollo 11 mission nine days earlier on july 11 1969 david bowie released his iconic space oddity song about major tom the astronaut the two events resonated with people back on earth like a match made in the heavens the crew of apollo 11 neil armstrong buzz aldrin and michael collins had been launched into space by the powerful saturn 5 a three stage rocket which was about as tall as a 36 story building it was the culmination of nasa s human spaceflight program which began 1961 this is the story of the apollo missions with all of its ups and downs in 1967 a cabin fire killed the entire crew of apollo 1 and after an oxygen tank exploded the apollo 13 crew limped back to earth using the lunar module as lifeboat but despite apollo s many setbacks twelve men walked on the moon and their place in american history was assured forever when hms dreadnought was commissioned into the royal navy in 1906 this revolutionary new class of big gun iron clad warship immediately changed the face of naval warfare rendering all other battleships worldwide obsolete known collectively as dreadnoughts these powerful warships from britain and germany fought at the battle of jutland in may 1916 in the greatest clash of naval firepower
