the di800 lets you wire such mics to the mixing console using long cables
without running the danger of inducing hum or interference noise to this end
the microphone has to be connected to the input of the di box and the di box s
output needs to be connected to the mic input on the mixing console in

behringer di800 vs di4000 avs forum Jan 24 2023

1 aug 5 2010 hi all short version anyone have any experience with the behringer
di800 and or di4000 rackmount di boxes in a home theater pro amps context both
can be had for about 100 bucks new the di800 is 8 channels and the di4000 is 4
channels makes me suspect the di4000 may use higher quality components but it s
hard to say
