**urbana champaign *May 17 2023***

charu c aggarwal cheng xiang zhai computer science statistics school of information sciences carl r woese institute for genomic biology research output book report conference proceeding book overview fingerprint abstract

**chapter 1 an introduction to text**  
**mining springer *Apr 16 2023***

the most important characteristic of text data is that it is sparse and high dimensional for example a given corpus may be drawn

from a lexicon of about 100 000 words but a given text document may contain only a few hundred words

## **mining text data semantic scholar *Mar 15 2023***

mining text data c aggarwal chengxiang zhai published in springer us 3 february 2012 computer science tldr mining text data introduces an important niche in the text analytics field and is an edited volume contributed by leading international researchers and practitioners focused on social networks data mining expand view on springer

## **traditional methods for text data by dipanjan dj sarkar *Feb 14 2023***

text data usually consists of documents which can represent words sentences or even paragraphs of free flowing text the inherent unstructured no neatly formatted data columns and noisy nature of textual data makes it harder for machine learning methods to directly work on raw text data

## **charu aggarwal *Jan 13 2023***

he has worked extensively in the field of data mining with particular interests in data streams privacy uncertain data and social network analysis he has authored 10 books over 400 papers in refereed venues and has applied for or been granted over 80 patents

## **characterdata apis mdn mdn docs *Dec 12 2022***

characterdata data a string representing the textual data contained in this object characterdata length read only returns a number representing the size of the string contained in the object characterdata nextelementsibling read only returns the first element that follows this node and is a sibling

## ***text analytics sentiment analysis api* *Nov 11 2022***

excel add in incorporate advanced nlp machine learning services into your daily work tool perform sentiment analysis of your documents identify what is positive or negative get a detailed reports on entities keywords and themes classify your text documents into generic or custom categories

## **personal income and outlays march 2024 u s bureau of *Oct 10 2022***

personal outlays the sum of pce personal interest payments and personal current transfer payments increased 172 1 billion in march table 2 personal saving was 671 0 billion in march and the personal saving rate personal saving as a percentage of disposable personal income was 3 2 percent table 1 prices
