The Global Politics of Power, Justice and Death

2005-07-15

there have been significant political eras which have shaped not only the structure of world politics but the way in which it has been studied the geopolitical and ideological contours of the cold war period for example had an impact on almost every aspect of world politics and the study of international relations for around 45 years this book argues that just as the collapse of the soviet union in the period following the fall of the berlin wall signalled the end of strategic polarization it also marked the apparent end of a particular form of polarized debate around political social and economic ideas the various new directions taken by scholars of international relations in the post cold war era constitute a large part of a new agenda for the discipline this collection reflects the variety of issues and approaches that have become part and parcel of this agenda over the past ten years issues tackled in this volume include the power of culture and ideology the concept of globalisation inequality human rights and security as well as reflections on new forms of

polarization in the post cold war world each contributor addresses the nature of changes and continuities in world politics considers how the discipline of international relations itself has changed and reflects on possible directions for the twenty first century this book will be of great interest to scholars of international relations global politics economics and related disciplines

International Issues in Family Law in Singapore

2015

this book explores the changing nature of international law and its ability to respond to the contemporary issues related to international environment trade and information technology the evolution of international law has reached a stage where we are witnessing diminishing power of the state and its capacity to deal with the economic matters challenging the existing notions of territory and sovereignty recent trends in international law and international relations show that states no longer have exclusive control over the decision making process at the global level keeping this in mind the

book brings together the perspectives of various international and national scholars the book considers diverse issues such as sustainable development climate change global warming rio 20 technology transfer agro biodiversity and genetic resource authority for protection of environment human right to water globalization human rights sui generis options in ip laws impact of liberalization on higher education regulation of international trade intellectual property rights collective administration of copyright broadcast reproduction rights implementation of copyright law communication rights under copyright law arbitration for ip disputes doctrine of exhaustion of rights trans border reputation of trademark information as an asset cyber obscenity and pornography e governance taxation of e commerce computer crime information technology domain names research excellence in legal education ideological perspective on legal education challenges for law teachers and clinical legal education the topics though diverse are closely interrelated with the common concern throughout being that the global environment international trade information technology and legal education need appropriate national normative and institutional responses as well as the global cooperation of members of the international community presenting

reflections of a number of asian african and european scholars on these varied facets the book is of great value to scholars practitioners teachers and students associated with contemporary international law
