Practicing Cooperation 2021-11-02 a powerful new understanding of cooperation as an antidote to alienation and inequality from the crises of racial inequity and capitalism that inspired the black lives matter movement and the green new deal to the coronavirus pandemic stories of mutual aid have shown that though cooperation is variegated and ever changing it is also a form of economic solidarity that can help weather contemporary social and economic crises addressing this theme practicing cooperation delivers a trenchant and timely argument that the way to a more just and equitable society lies in the widespread adoption of cooperative practices but what renders cooperation ethical effective and sustainable providing a new conceptual framework for cooperation as a form of

social practice practicing cooperation describes and critiques three u s based cooperatives a pair of co op grocers in philadelphia each adjusting to recent growth and renewal a federation of two hundred low cost community acupuncture clinics throughout the united states banded together as a cooperative of practitioners and patients and a collectively managed philadelphia experimental dance company founded in the early 1990s and still going strong through these case studies andrew zitcer illuminates the range of activities that make contemporary cooperatives successful dedicated practitioners a commitment to inclusion and ongoing critical reflection in so doing he asserts that economic and social cooperation must be examined critiqued and implemented on multiple scales if it is to combat the pervasiveness of competitive individualism practicing cooperation is grounded in the voices of practitioners and the result is a clear eyed look at the lived experience of cooperators from different parts of the economy and a guidebook for people on the potential of this way of life for the pursuit of justice and fairness
