**Get to Work!** 2014-07-14 get to work is the third book from uspsa grandmaster steve anderson author of refinement and repetition and principles of performance get to work is centered around what anderson calls the the three modes of practice and details how to use them to get better training for better shooting on match day the book also contains 30 new live fire and dry fire drills and an interview with max michel

**Practical Pistol** 2024-05-21 this is a straightforward

no nonsense instructional book on pistol shooting specifically competition practical pistol shooting its take no prisoners style holds nothing back and eliminates any guess work related to which techniques work and which ones are outdated the best way to shoot is using the isosceles stance fact or myth what about the press out technique according to professor roger h lincoln there are two rules for success in life never tell everything you know and never tell everything all at once in this book ben stoeger laughs in the face of this great entrepreneur top shooters share a common knowledge which they have collected over the years from a plethora of sources a knowledge that in its whole is far from common to the average shooter in that it is scattered in practical pistol the top shooters such as bob vogel dave sevigny and matt mink collaborate with ben stoeger to compile the so called grand master secrets into one location the knowledge spans from marksmanship fundamentals to shooting on the move and competition skills such as stage breakdown and managing match pressure finally this book contains many little tips drills and exercises to help you improve your shooting

**Shoot to Win** 2018-05-01 a surprising journey from tech support to professional marksman in front of the cameras chris cheng won the title of top shot a 100 000 cash prize and a professional marksman contract with the show sponsor bass pro shops how did a tech support guy who didn t shoot a lot of guns beat out seventeen other competitors including seasoned military veterans law enforcement officers and pro marksmen in history channel s top shot season 4 an excellent guide for beginning shooters cheng focuses on the basics and ammunition of pistols rifles and shotguns marksmanship fundamentals and buying a firearm other chapters include dry fire practice firearm accessories safely storing your firearm cleaning and maintaining your guns and much more additionally cheng covers his approach to

staying calm under pressure teamwork sportsmanship and leadership these traits contributed to his coming out on top and staying above the fray with a foreword written by top shot season 3 champion dustin ellermann and an afterword written by the original top shot champion iain harrison shoot to win is sure to please shooters of all stripes but especially fans of history channel s program top shot skyhorse publishing is proud to publish a broad range of books for hunters and firearms enthusiasts we publish books about shotguns rifles handguns target shooting gun collecting self defense archery ammunition knives gunsmithing gun repair and wilderness survival we publish books on deer hunting big game hunting small game hunting wing shooting turkey hunting deer stands duck blinds bowhunting wing shooting hunting dogs and more while not every title we publish becomes a new york times bestseller or a national bestseller we are committed to publishing books on subjects that are sometimes overlooked by other publishers and to authors whose work might not otherwise find a home

**Handguns for Self-defence** 1979 the army and marine corps both consider military operations in urban terrain mout to be a central part of future training and together have a joint mout advanced concept technology demonstration actd underway training facilities for military and law enforcement agencies include firing ranges mock towns or villages and shoot houses makeshift facilities for dry fire drills include engineer tape staked out on the ground and rooms in any building available training in close quarter combat cqc is offered in army and marine corps training courses training time was mostly allocated to live fire and live simulation team dry fire drills were often extensively practiced before team live fire but considered as a part of the safety training required as a part of live firing before team live fire training army units usually conduct individual marksmanship

training in many cases standards were set for individual qualification before soldiers could participate in team live fire live simulation was both with the multiple integrated laser engagement system miles and simunition law enforcement agencies including military police and marines were more likely to use simunition those using simunition who also had experience with miles preferred simunition for live simulation training ditc

Selected Training Practices for Military Operations in Urban Terrain (MOUT) 1997 the secret to your health fitness and overall wellbeing lies in the most basic and overlooked aspect of your workout how you breathe developing body strength while ignoring breathing strength is counterproductive in the oxygen advantage patrick mckeown combines his successful breathing exercises with techniques designed to simulate high altitude training in a highly successful programme that will significantly improve anyone s health but will also empower athletes to improve their sports performance these scientifically validated exercises have the potential to drastically improve your overall fitness whether you are a habitual couch potato or an ironman triathlon champion these easy to use techniques can help to reduce your breathlessness improve your sleep as well as reduce anxiety and stress drawing on his own experiences as an ex asthmatic and the work he has done to help athletes and asthma sufferers alike to achieve greater fitness patrick shows you the key to a healthier fitter you
