The Design of Secondary Schools 1981 monograph a case study on experience in singapore on the design of secondary schools most of which are multiple shift schools includes a review of the curriculum and explains how this has been translated into space requirements building layout and site layout illustrations show the layout of science laboratories home economics laboratories workshops craft rooms resource centres canteens and sports facilities the report concludes with a chapter on construction costs abstract

Secondary School Education in Ireland 2015-10-12 adopting a life story approach this book explores the memories of those who attended irish secondary schools prior to 1967 it serves to initiate and enhance the practice of remembering secondary school education amongst those who attended secondary schools not just in ireland but around the world

Europe at School 2018-05-08 originally published in 1977 this is a lively account of the day to day running of european schools based in five countries france west germany italy spain and

portugal it outlines the organisation of education in these countries and examines aspects of curriculum teaching methods examinations attitudes of teachers and pupils buildings equipment out of school activities pastoral care discipline and rules and depicts what it is like to be a pupil or teacher in a european school the schools discussed are mainly primary and lower secondary grades the basic compulsory education of each country details of working hours programmes and curricula which are notably often government controlled are given in appendices but the author stresses that his aim throughout has been to show how individual schools work and adopt these rules to their own situation he discusses the relative advantages and drawbacks of different educational systems and draws his own conclusions about the favourable impressions he gained from many schools and the awful warning he saw in a few this survey throws as much light on schools at home as on those in europe and suggests that we have a good deal to learn from our neighbours

Commercial Education in Public Secondary Schools 1916 research and writing on secondary education is often a specialised treatment of isolated themes this reader draws together the most significant work of recent years across a whole range of themes to give students and new teachers an overview of some of the most important issues and challenges that faced secondary teachers in the 1990s it looks at the central players the children and the teachers at the classrooms in which they work together at the curriculum both implicit and overt and at the wider community and political context of secondary education divided into sections to allow easy access to material of interest the book covers learners teachers classrooms curriculum schools throughout the reader addresses the crucial issues of effectiveness quality and achievement and how these will influence the work of the secondary teacher in the coming years

Secondary Schools in a Changing Society 1975 this edited book is a comprehensive resource

for understanding the history as well as the current status of educational practices in singapore it is a one stop reference guide to education and educational issues concerns here there are three sections part 1 provides a sectorial overview of how education has been organized in this country such as preschool special needs primary and secondary and adult education divisions in part 2 contributors critically delve into issues and policies that are pertinent to understanding education here such as underachievement leadership language education assessment and meritocracy to question what part 1 might have taken for granted part 3 contains the largest number of contributors because it offers a scholarly examination into specific subject histories this section stands out because of the comparative rarity of its subject matter history of physical education art music geography education etc in singapore Directory of Public Elementary and Secondary Schools in Selected Districts 1968 transfer from primary to secondary school is one of the most significant and difficult steps in a child s life

this educational transition coincides with physical and emotional changes as well as significant rewiring within the brain evidence suggests that this time is one of both profound anxiety and optimistic expectation such strong feelings and daunting changes inevitably affect children s emotional well being and sense of self successful transition is crucial to a child s secondary school career pupils who fail to settle are more likely to become alienated and disruptive and suffer the well known academic dip moving to secondary school helps teachers to understand and ease children s anxieties and to focus on the positive the book tackles worries about organizational aspects of secondary school life such as school size timetable and workload and personal concerns about making friends being bullied and getting on with teachers it also considers how teaching differs between primary and secondary and how special programmes can offer continuity in students learning while allowing for the discontinuity that signals children becoming more grown up working from careful background research and case studies

the book suggests short activities and longer term programmes including otaster day and fun day visits to secondary schoolsoteacher exchanges between primary and secondary schoolsospecial parents eveningsosummer holiday projects and induction activitiesoutilizing peer mentorsocreative writing role play discussion and gamesotransition passports and diariesolearning style and multiple intelligence profilesothinking skills activities for inductionoexercises to promote self confidence and improve social skills

Fifteen Thousand Hours 1979 on cover collection education on title page a secondary education for europe

Teaching and Learning in the Secondary School 1994 case study observations and analyses of learning styles in u s secondary schools comprise the crux of this monograph the text provides testimony to the accomplishments of schools actually integrating differentiated learning styles into their diverse educational programs and concomitant coursework with the

notion that learning style provides important insights into the ways individual students process information this research documents the implementation of learning styles successfully in 12 schools the schools are of many varieties public and private including parochial and nonsectarian rural suburban and urban schools both large and small an alternative program and a university affiliated laboratory school in addition to the 12 case studies learning styles are defined and effective leadership and management strategies facilitating learning styles applications are diagnosed a reference list of 8 pages and an annotated bibliography of 21 items are included jam

The Characteristics of Effective Secondary Schools in Jordan 1991 first published in 2000 the skills required to be an effective middle manager in a secondary school are many and varied but people management skills lie at the heart of getting the best out of both teachers and pupils motivating people and building a collaborative team ethos are at the core of effective

management this book is about how middle managers can contribute to raising the quality of education in their schools through proficient team leadership
