BEGINNER'S GUIDE TO THE STOCK MARKET 2020-12-19 a former janitor and gas station attendant in vermont who died a few years ago surprised everyone by leaving an 8 million fortune to his local library and hospital what was his secret everyone wondered and the answer turned out to be pretty basic because besides being industrious and frugal which you may have guessed he had invested in the stock market throughout the years this is actually not as surprising as it may sound according to a recent world wealth report the wealthy invest the largest part of their money into stocks and businesses our wise janitor had simply done what the wealthy do so he got a similar result that is he grew his money into considerable wealth and you can do this too now we aren t saying you will make 8 million after all this is a beginners book and the janitor had an extraordinary result but stock market investing is one of the best tools you can use to build a more secure financial future for you and your family so are you someone who wants to make money in the stock market and does that story make you feel excited have you tried to understand the stock market only to be

discouraged by how complicated it all seems and aren't you just a little bit encouraged that an ordinary person like our janitor from vermont could invest in stocks and succeed if you answered yes to any of those questions then this book just might be the solution you've been looking for because it will show you just what you need to know and no more to start investing in the stock market and it will describe all of this for you in simple terms you already understand not complicated theory not a mind numbing blitz of technical buzzwords just what you need to know and no more and the few specific steps you can take to get started here's what you will learn the 5 big reasons to invest in stocks simple explanations of the basics of stock market investing great sources of recommendations to help you pick winners no complicated research required the one thing you must do to get started but you only have to do it once how to buy and sell stocks 3 key strategies to protect your stock investments from big losses and many more invaluable tips on building your stock portfolio so that by the end of this book you will be able to buy your first stock you will know the simple steps to grow your money in the stock market and start on your path to a more secure financial future

Buy Gold and Silver Safely 2010-09-02 william j bernstein promises to lay out an investment strategy that any seven year old could understand and will take just 15 minutes of work per year he also promises it will beat 90 of finance professionals in the long run but still make you a millionaire over time bernstein is addressing young americans just embarking on their working careers bernstein advocates saving 15 of one's salary starting no later than age 25 into tax sheltered savings plans ira or 401 k in the u s rrsp or registered pension plans in canada and divvying up the money into just three mutual funds a u s total stock market index fund an international stock market index fund and a u s total bond market index fund for millennials saving 15 of salary is the financial equivalent of dying which is why bernstein titles his document if you can

How To Buy a Car 2020-03-03 this is a step by step guide on how to buy any business for yourself or with your co workers any size of business can be acquired by following the step by step guide outlined in the book by the principals of sterling cooper inc a consulting firm sterlingcooper info who have participated in thousands of acquisitions valuations appraisals and financings the book concentrates on the principle of structuring a leveraged buyout lbo for the prospective acquisition and guides the reader to a means of accomplishing the purchase in easy to understand straight forward terminology with a daily suggested step by step program this is a great handbook for anyone looking to buy a business readers may also contact the author directly for initial advice at no cost the book is designed both for the first time buyer with the step by step guidance as to how to buy a business any business but it also works well for owner who is interested in making an add on acquisition and grow his business though acquisitions the principles are applicable to a small business to run personally or one with hundreds of employees the book involves some 40 years of acquisition experience and has great stories about real and completed lbo's leveraged buyouts of some well known companies all done on a shoestring budget using the assets of the acquired companies as the collateral for the loans to acquire the businesses the book is written to allow even a relatively inexperienced buyer business owner to find and to complete the transaction step by step the sterlingcooper firm is available as a total daily step by step coach in the entire process if necessary so that you are not out there all alone trying to just follow the book but you have a real coach to accomplish the first acquisition initial consultation is at no cost to the reader the entire process is broken down to easy to follow and organized steps what start with describing how the process of structuring an lbo works and then guides the reader through the individual steps needed to identify the business to be acquired or acquire the business you now work for by yourself or with other employees every step of the process is documented day by day to accomplish the first transaction in a period of 60 90 working days as the optimum result since the acquisition process is geared to minimize the funds needed from the buyer and concentrates on using the leverageable assets of the acquired company the buyer will minimize the use of his own funds that is the

whole basis of a properly structured lbo you heard the term other people s money a properly structured lbo is the best of use of borrowed funds the bank s banks are very interested in financing a properly structured acquisition since they want to lend money the book also contains a variety of helpful and ready to use forms and agreements that can be easily used to close the deal including a draft stock purchase agreement most valuable is the informational questionnaire which provides all the questions to ask relating to the business its operations and financial statements and will be the document you can share with your lenders for financing you will be able to evaluate the entire business its history of operations and intricacies like a pro without having to spend tens of thousands of dollars on hiring a battery of professionals to do that job for you the ability to buy a business literally any business is now in your hands depending on your available free capital there is no limit to the possibilities of what can be acquired you will enjoy reading about the completed opportunistic acquisition of a divestiture of a 12 000 employee firm by a motivated seller a large publicly traded conglomerate and even provided a line of credit to help with the acquisition do not be misguided by spiteful reviews by a former employee that we have not been able to remove0its hogwash call instea
