economic change on a global scale known as the romantic era and renowned for its genius composers and virtuoso performers this period charged full steam ahead with western audiences marveling at musics from the far reaches of the world folksong collectors searching for the musical soul of the people nation states demanding national anthems philosophers contending with the issue of slavery and the phonograph rewriting musical memory besides its traditional aesthetic ethical and pedagogical functions western music became a force in an evolving landscape of work leisure and global economy beating the drums of industrialization the 6 volume set of the cultural history of western music presents the first comprehensive history from classical antiquity to today covering all forms and aspects of music and its ever changing social context the themes covered in each volume are society philosophies politics exchange education popular culture performance and technologies the cultural histories series a cultural history of western music is part of the cultural histories series titles are available as hardcover sets for libraries needing just one subject or preferring a tangible reference for their shelves or as part of a fully searchable digital library the digital product is available to institutions by annual subscription or on perpetual access via bloomsburyculturalhistory.com individual volumes for academics and researchers interested in specific historical periods are also available in print or digitally via bloomsburycollections.com

“A” History of Western Music 1993 the universally acclaimed and award winning oxford history of western music is the eminent musicologist richard taruskin s provocative erudite telling of the story of western music from its earliest days to the present each book in this superlative five volume set illuminates through a representative sampling of masterworks the themes styles and currents that give shape and direction to a significant period in the history of western music music in the late twentieth century is the final installment of the set covering the years from the end of world war ii to the present in these pages taruskin illuminates the great compositions of recent times offering insightful analyses of works by aaron copland john cage milton babbitt benjamin britten steve reich and philip glass among many others he also looks at the impact of electronic music and computers the rise of pop music and rock n roll the advent of postmodernism and the contemporary music of laurie anderson john zorn and john adams laced with brilliant observations memorable musical analysis and a panoramic sense of the interactions between history culture politics art literature religion and music this book will be essential reading for anyone who wishes to understand this rich and diverse period

Music in the Western World 1984 western music and its others will be taken as an important book signalling a new turn within the field it takes the best features of traditional rigorous scholarship and brings these to bear upon contemporary more speculative questions the level of theoretical sophistication is high the studies within it are polemical and timely and of lasting scholarly value will straw co editor of theory rules art as theory theory and art the great value of this collection lies in the wealth of questions that it raises questions that together crystallize the recent concerns of musicology with force and clarity but it also lies in the authors resistance to the easy postmodernist answers that threaten to turn new musicology prematurely grey the editors comprehensive intellectually adventurous introduction exemplifies the sort of eager yet properly skeptical receptivity to scholarly innovation that fosters lasting disciplinary reform it alone is worth the price of the book richard taruskin author of stravinsky and the russian traditions a biography of the works through mavra when cultural studies methods first appeared in musicology 15 years ago they triggered a storm of polemics that sometimes overshadowed the important issues being raised as the canon wars recede however scholars are finding it possible to focus on the concerns that led them to cultural criticism in the first place the study of music and its political meanings western music and its others brings together leading musicologists ethnomusicologists and specialists in film and popular music to explore the ways european and north american musicians have drawn on or identified themselves in tension with the musical practices of others in a series of essays ranging from

examination of the orientalist tropes of early 20th century modernists to the tangled claims for ownership in today's world music the authors in this collection greatly advance both our knowledge of specific case studies and our intellectual awareness of the complexity and urgency of these problems a timely intervention that should help push music studies to the next level susan mcclary author of conventional wisdom the content of musical form 2000 this collection provides a sophisticated model for using theory to interrogate music and music to interrogate theory the essays both take up and challenge the dominance of notions of representation in cultural theory as they explore the relevance of the concepts of hybridity and otherness for contemporary art music sophisticated theory erudite scholarship and a very real appreciation for the specificities of music make this a powerful and important addition to our understanding of both culture and music lawrence grossberg author of dancing in spite of myself

Music and Language 1982 music has been significant in social religious and political ritual and in education art and entertainment in all human cultures from antiquity to today the cultural history of western music presents the first study of music in all its forms ritual classical popular and commercial from antiquity to today the work is divided into 6 volumes with each volume covering the same topics so readers can either study a period volume or follow a topic across history the volumes are 1 a cultural history of western music in antiquity 2 a cultural history of western music in the middle ages 3 a cultural history of western music in the renaissance 4 a cultural history of western music in the age of enlightenment 5 a cultural history of western music in the industrial age 6 a cultural history of western music in the modern age the topics are identity communities and society changing philosophies and ideas about music politics and power musical exchange and knowledge transfer between the west and the non west musical education popular culture and musical entertainment the places practices and experiences of performance and the development of music technologies and media the page extent for the pack is approximately 1536 pp each volume opens with notes on contributors and an introduction and concludes with notes bibliography and an index

Concise History of Western Music 2014 traditional country western music presents historical photographs memorabilia and stories about an enduring music genre that took root in america from the late 1920s through the mid 1930s although many of our early folk songs originated from the british isles jimmie rodgers the father of country music and gene autry america's favorite singing cowboy became the foundation of modern country and western music many regional styles and variations of country and western music developed during the first half of the 20th century including hillbilly bluegrass honky tonk rockabilly southern gospel cajun and texas swing local artists live radio shows and regional barn dance programs provided entertainment throughout the great depression world war ii and into america's postwar years during the 1950s country and western music became homogenized with the nashville sound and the bakersfield sound by the end of the 1960s country music completed its move to nashville and western was dropped from the equation this book recalls the golden age of country and western music from the late 1920s through the 1960s each of the featured artists and programs in this book were once household names we celebrate these early legends live radio and television shows unsung heroes and local performers from maine to california
