*Cultural Anthropology* 1990-12-01 this introduction to the field of cultural anthropology from a christian perspective exposes students to the excitement and significance of human history and culture

*Cultural Anthropology* 2019-01-29 now with sage publishing cultural anthropology integrates critical thinking explores rich ethnographies and prompts students to skillfully explore and study today s world readers will better understand social structures by examining themselves their own cultures and cultures from across the globe serena nanda and richard l warms show how historical studies and anthropological techniques can help students think about the nature structure and meaning of human societies with a practical emphasis on areas such as medicine forensics and advocacy this book takes an applied approach to anthropology the authors cover a broad range of historical and contemporary theories and apply them to real world global issues the twelfth edition includes a wealth of new examples along with updated statistical information and ethnographies that help students see the range of human possibilities this title is accompanied by a complete teaching and learning package

*An Anthropology of Learning* 2014-12-05 this book has one explicit purpose to present a new theory of cultural learning in organisations which combines practice based learning with cultural models a cognitive anthropological schema theory of taken for granted connections tied to the everyday meaningful use of artefacts the understanding of culture as emerging in a process of learning open up for new understandings which is useful for researchers practitioners and students interested in dynamic studies of culture and cultural studies of organisations the new approach goes beyond culture as a static essentialist entity and open for our possibility to learn in organisations across national cultures across ethnicity and across the apparently insurmountable local educational differences which makes it difficult for people to communicate working together in an increasingly globalized world the empirical examples are mainly drawn from organisations of education and science which are melting pots of cultural encounters

*The Art of Being Human* 2018-08-07 anthropology is the study of all humans in all times in all places but it is so much more than that anthropology requires strength valor and courage nancy scheper hughes noted pierre bourdieu called anthropology a combat sport an extreme sport as well as a tough and rigorous discipline it teaches students not to be afraid of getting one s hands dirty to get down in the dirt and to commit yourself body and mind susan sontag called anthropology a heroic profession what is the payoff for this heroic journey you will find ideas that can carry you across rivers of doubt and over mountains of fear to find the the light and life of places forgotten real anthropology cannot be contained in a book you have to go out and feel the world s jagged edges wipe its dust from your brow and at times leave your blood in its soil in this unique book dr michael wesch shares many of his own adventures of being an anthropologist and what the science of human beings can tell us about the art of being human this special first draft edition is a loose framework for more and more complete future chapters and writings it serves as a companion to anth101 com a free and open resource for instructors of cultural anthropology this 2018 text is a revision of the first draft edition from 2017 and includes 7 new chapters

**Cultural Anthropology** 2016-11-22 this volume on cultural anthropology presents a christian perspective for bible school students of conservative evangelical backgrounds the hope is that a sympathetic approach to the problems of cultural diversity throughout the world will help young people overcome typical north american cultural biases and bring understanding and appreciation for the diversities of behavior and thought that exist in a culturally heterogeneous world grunlan and mayers take the position of functional creationism and though they discuss some of the problems implied in traditional interpretations of the age of the world and especially of the creation of the human race they do not attempt to deal with either physical anthropology or the origins of man they do however attempt to deal meaningfully with the problems posed by biblical absolutism and cultural relativism and their practice concluding chapters with a series of thought provoking questions should prove to be of real help to both the professional and nonprofessional teacher of anthropology

*Through the Lens of Cultural Anthropology* 2019-06-03 addressing important and timely topics including global climate change and the metoo movement through the lens of cultural anthropology is a fresh and contemporary textbook designed to engage students in the world surrounding them the book offers a sustained focus on language food and sustainability in an inclusive format that is sensitive to issues of gender sexuality and race integrating personal stories from her own fieldwork the author brings her passion for transformative learning to students in a way that is both timely and thought provoking beautifully illustrated with over sixty full color images including comics and maps the text brings concepts to life in a way sure to resonate with undergraduate readers through the lens of cultural anthropology is supplemented by a full suite of instructor and student supports that can be accessed at [lensofculturalanthropology.com](http://lensofculturalanthropology.com)

Anthropology and Egalitarianism 2010-12-03 anthropology and egalitarianism is an artful and accessible introduction to key themes in cultural anthropology writing in a deeply personal style and using material from his fieldwork in three dramatically different locales indonesia west africa and monticello the historic home of thomas jefferson eric gable shows why the ethnographic encounter is the core of the discipline s method and the basis of its unique contribution to understanding the human condition gable weaves together vignettes from the field and discussion of major works as he explores the development of the idea of culture through the experience of cultural contrast anthropology s fraught relationship to

racism and colonialism and other enduring themes
