the 7th day prophecy is rarely taught or spoken of today this prophecy study may be very timely this prophecy appears to speak of a generation which could very possibly be alive today this prophecy is a little unnerving when one considers the implications of these things written for us so very long ago yet this prophecy is the one thing both the early jewish and christian writers and teachers agreed on amazingly this prophecy is also the one thing both early jewish and early christian writers and teachers seemed to agree on they all wrote as though it was common knowledge and teaching at the time that at the very end of 6000 years of human history the year 6000 am a terrible cataclysmic global judgment will end mankind s and satan s rule over the earth in order to make way for the 7th day the 7th millennium when we are told messiah christ will fully restore the earth in peace and beauty and will reign over israel and all nations for 1000 years after this we are told the earth will be replaced the fulfillment of these prophecies now appear to be closer than you might think this book details these prophecies as well as the bible prophecies of the coming

apocalypse the battle of armageddon and messiah return this book also contains the book of revelation with notes as an addendum this book is for those men women boys and girls who think the bible is boring for many of those who don t take the bible seriously will soon end up sitting on the edge of their seats with white knuckles as they realize what prophetic events now lie ahead for planet earth
